HORACE HART, PRINTER TO THE UNIVERSITY

PREFACE

FOR the rather late appearance of this volume the nature of its contents will perhaps in some degree be accepted as an excuse. It includes two texts of more than usual importance and interest, the new fragments of Sophocles and the *Life of Euripides* by Satyrus. In the reconstruction and elucidation of these I have again been most fortunate in obtaining the invaluable aid of Professor U. von Wilamowitz-Möllendorff. I am also under considerable obligations, more particularly with regard to the Sophoclean fragments, to Professor Gilbert Murray. The proof-sheets of the non-literary documents were seen by Professor U. Wilcken, whom I have to thank for some very useful comments and suggestions. Occasional contributions kindly made by other scholars are acknowledged elsewhere.

A small edition of the fragments of the *Ichneutae* and *Eurypylus* is in preparation, and will be issued by the Clarendon Press in the course of a few weeks.

ARTHUR S. HUNT.

NOTE ON THE METHOD OF PUBLICATION AND LIST OF ABBREVIATIONS

THE general method followed in this volume is the same as that in Parts I–VIII. The new literary texts are printed in a dual form, a literal transcript being accompanied by a reconstruction in modern style. In the fragments of extant authors, the originals are reproduced except for division of words, capital initials in proper names, expansion of abbreviations, and supplements of lacunae. Additions or corrections by the same hand as the body of the text are in small thin type, those by a different hand in thick type. Non-literary documents are given in modern form with accentuation and punctuation. Abbreviations and symbols are resolved; additions and corrections are usually incorporated in the text, their occurrence being recorded in the critical apparatus, where also faults of orthography, &c., are corrected if they seemed likely to give rise to any difficulty. Iota adscript has been printed when so written, otherwise iota subscript is employed. Square brackets [] indicate a lacuna, round brackets () the resolution of a symbol or abbreviation, angular brackets < > a mistaken omission in the original, braces { } a superfluous letter or letters, double square brackets [] a deletion in the original. Dots placed within brackets represent the approximate number of letters lost or deleted; dots outside brackets indicate mutilated or otherwise illegible letters. Letters with dots underneath them are to be considered doubtful. Heavy Arabic numerals refer to the texts of the Oxyrhynchus papyri in this volume and in Parts I–VIII, ordinary numerals to lines, small Roman numerals to columns.

The abbreviations used in referring to papyrological publications are practically those adopted in the *Archiv für Papyrusforschung*, viz.:—

P. Amh. = The Amherst Papyri (Greek), Vols. I–II, by B. P. Grenfell and A. S. Hunt.

Archiv = *Archiv für Papyrusforschung*.

B. G. U. = Aeg. Urkunden aus den K. Museen zu Berlin, Griechische Urkunden.

P. Brit. Mus. = Greek Papyri in the British Museum, Vols. I–II, by F. G. Kenyon; Vol. III, by F. G. Kenyon and H. I. Bell; Vol. IV, by H. I. Bell.

C. P. Herm. = Corpus Papyrorum Hermopolitanorum, Vol. I, by C. Wessely.

- C. P. R. = Corpus Papyrorum Raineri, Vol. I, by C. Wessely.
- P. Cairo Cat. = Catalogue des Antiquités égyptiennes du Musée du Caire, Papyrus grecs d'époque byzantine (two parts), by J. Maspero.
- P. Class. Phil. = *Classical Philology*, I. 2, Papyri edited by E. J. Goodspeed.
- P. Fay. = Fayûm Towns and their Papyri, by B. P. Grenfell, A. S. Hunt, and D. G. Hogarth.
- P. Flor. = Papiri Fiorentini, Vol. I, by G. Vitelli ; Vol. II, by D. Comparetti.
- P. Gen. = Les Papyrus de Genève, Vol. I, by J. Nicole.
- P. Giessen = Griechische Papyri zu Giessen, Vol. I, by E. Kornemann, O. Eger, and P. M. Meyer.
- P. Grenf. = Greek Papyri, Series I, by B. P. Grenfell, and Series II, by B. P. Grenfell and A. S. Hunt.
- P. Hamburg = Griechische Urkunden der Hamburger Stadtbibliothek, Part 1, by P. M. Meyer.
- P. Hibeh = The Hibeh Papyri, Part I, by B. P. Grenfell and A. S. Hunt.
- P. Leipzig = Griech. Urkunden der Papyrussammlung zu Leipzig, Vol. I, by L. Mitteis.
- P. Oxy. = The Oxyrhynchus Papyri, Parts I-VI, by B. P. Grenfell and A. S. Hunt ; Parts VII-VIII, by A. S. Hunt.
- P. Par. = Les Papyrus grecs du Musée du Louvre, *Notices et Extraits*, t. xviii. 2, by W. Brunet de Presle and E. Egger.
- P. Petrie = The Flinders Petrie Papyri, Parts I-II, by J. P. Mahaffy ; Part III, by J. P. Mahaffy and J. G. Smyly.
- P. Reinach = Papyrus grecs et démotiques, by Théodore Reinach.
- P. Rylands = Catalogue of the Greek Papyri in the Rylands Library, Manchester, Vol. I, by A. S. Hunt.
- P. S. I. = Papiri della Società italiana, Vol. I, by G. Vitelli and others.
- P. Strassb. = Griech. Papyrus der K. Universitätsbibliothek zu Strassburg im Elsass, Vol. I, by F. Preisigke.
- P. Tebt. = The Tebtunis Papyri, Part I, by B. P. Grenfell, A. S. Hunt, and J. G. Smyly ; and Part II, by B. P. Grenfell, A. S. Hunt, and E. J. Goodspeed.
- P. Thead. = Papyrus de Théadelphie, by P. Jouguet.
- Wilcken, *Ost.* = Griechische Ostraka, by U. Wilcken.

I. THEOLOGICAL FRAGMENTS

1166. GENESIS xvi.

Fr. (c) 13.5 × 4.7 cm.

Third century. Plate I.

Remains of one column from a roll of Genesis in the LXX version. The large and upright calligraphic handwriting is apparently an early example of the so-called Biblical uncials, and may well fall within the third century; cf. e.g. 661, 867, 1179, P. Rylands 16. A papyrus of this date is textually valuable, especially for the book of Genesis, where the Vaticanus is defective. Several interesting readings occur,—an agreement in l. 20 with MSS. of Philo, two coincidences with a group of cursives against other older evidence (ll. 3, 24), and two peculiar variants (ll. 14, 16). A medial point, followed, sometimes at any rate, by a short blank space, is used for purposes of punctuation; and a rough breathing is once added. These signs are apparently due to the original writer.

11

12

3. η δε: so the cursives fir (Holmes 53, 56, 129); και DM, &c. The supposed stop preceding is very uncertain, and may be a vestige of another letter.

7-8. Line 8 is shorter than would be expected, even when allowance is made, on the analogy of ll. 12 and 18, for a blank space after the stop. But the γ at the end of l. 7, though broken, is highly probable.

14. There is no authority for ιδου, but some addition is necessary to fill the lacuna; perhaps ιδου came in here from l. 20.

16. εξα[ριθμηθησε]τα[ι]: αριθμηθησεται or αριθμησηται MSS.

20. συ seems to have been omitted after ιδου, as in mor (Holmes 72, 82, 129) Syr. Chrysostom. ιδου is omitted in some MSS. of Philo.

21. παιδιον: so some MSS. of Philo; υιον other authorities.

24-5. The addition of ο θ(εο)ς after κ[(υριο)ς, as in fir, is indicated by the spacing.

1167. GENESIS xxxi.

10 X 11.4 cm.

Fourth century.

This fragment of a leaf from a papyrus book is less ancient than 1166, but still sufficiently early to be of some value. It is written in medium-sized sloping uncials which may be roughly assigned to the fourth century. There is a loss of five lines between the end of the recto and the beginning of the verso, so that the number of lines on a page was about 22, and the leaf was nearly square in shape. A comma-like mark divides two mutes in l. 2; ν at the end of a line

is sometimes written as a horizontal stroke over the preceding vowel. The chief characteristic of the text is a tendency to agree with combinations of DEM against the Codex Alexandrinus ; an exception occurs in l. 20.

 25 ανα μεσον εμου και σου οτι αποστ[η]

σομεθα ετερος απ[ο] του ετερου ει τ[α]πει 50
 νωσει εις τας θυγατερας μο[υ] ει λημ
 [ψ]η γυν[αι]κας επι τα[ι]ς θυγα[τρα]σιν μου
 ορα ουθεις μεθ ημω[ν] ε[στιν] εαν τε 52
 30 γαρ γω μη διαβω προ[ς] σε μηδε συ δια
 [β]ης προς εμε τον βο[υνον] τουτον και
 την στηλην ταυτ[η]ν επι κακια ο 53
 θς Αβρααμ και ο [θς] Ναχωρ κρινει α
 να μεσον ημω[ν] και ωμοσεν Ιακωβ 54

4-5. The blurred and broken letters are here difficult to identify, but the indications favour the supposition that σου was omitted after αι θυγατερες, οι υιοι and τα κτηνη, as in EM, various cursives and versions, and Philo. E omits οι before υιοι and κτηνη before μου.

6. ν of παντα was apparently repeated by mistake; cf. l. 30, where there is an inadvertent omission, and note on ll. 26-7. After ορας E adds ολα, with τα in place of οσα; but these variants are less suitable to the space.

7. των θυγα[τε]ρ[ων]: so EM; ταις θυγατρασιν other MSS. (θυγατερες A), om. Philo.

9-10. διθηκην διαθησωμεθα E.

12. Ιακωβ which stands after αυτω in A was doubtless omitted in the papyrus, with *D*^{sil}EM, &c.

13. Unless εστιν was divided ε|στιν, ιδου (*DM*) seems rather better adapted to the space than ιδε (A); om. E.

15. εις στηλην (E) is also admissible.

18. α[υ]τον: το ονομα αυτου (E) does not suit.

20. αυτη is omitted in *D*^{sil}EM, &c.

23. ονομα: so *D*^{sil}M and a number of cursives; ονομα αυτου A, ονομα του τοπου εκεινου E. After βουνος E reads μαρτυριον instead of μαρτυρει.

24. η ορασις: om. η E.

ειδον: so *D* (ιδον), ειδεν E; ειπεν AM.

επιδο[ι]: so *D*^{sil}EM; εφιδοι A.

26-7. ταπεινωσεις was perhaps written by a dittography for ταπεινωσεις; cf. l. 6. M's marginal reading αδικησεις does not help. For λημψη *D* reads λαβοις, E λαβης.

30. l. εγω.

1168. JOSHUA iv-v.

7.3 × 6.5 cm.

Fourth century.

A fragment from the bottom of a vellum leaf inscribed with well-formed upright uncials of a medium size, and probably of the fourth century. ω is shallow and high in the line, as in 847. A high stop is twice added in a blacker ink than that used by the original writer. Eleven lines are lost at the top of the recto, and the height of the leaf may be estimated at about 15.5 cm.

The character of the text can hardly be gauged from so small a sample, but two agreements with B against A are noticeable, and the support against both of a variant found in a few cursives.

Verso.		Recto.

8. K(υριο)υ: so several cursives; του κυριου BAF.

13. διαβαιν[ειν]: so B; διαβηναι A.

14-15. ετακη[σαν . . . διανο[ιαι]: so B; κατετακησαν αι διανοιαι αυτων A.

1169. ST. MATTHEW'S GOSPEL vi.

8 × 14.1 cm.

Fifth or sixth century.

This is a fragment from the outer part of a vellum leaf, of which the upper portion seems to have been cut off, while the lower is worm-eaten and decayed. Two columns of about 27 lines each were contained on the page, and the original dimensions of the leaf may be estimated roughly at 25 × 20 cm. No clear traces of ruling are discernible. The hand is an upright uncial, rather large and carefully finished, with strongly marked contrasts of light and heavy strokes. It is of the same type as 848, and the fragment reproduced in Schubart's *Pap. Gr. Berol.* 44 a, and must belong to approximately the same period. The text is divided up into paragraphs or verses, a new line with an enlarged initial letter commencing each paragraph, much after the manner of, e.g., the Codex Alexandrinus.

7. The vestige suits γ and is inconsistent with a round letter; it is thus most probable that the MSS. did not agree with BN* in adding ο θ(εο)ς before ο π(ατ)ηρ.

13. προσευχεσθαι is for -σθε.

19. l. πειρασμον.

23. γαρ: om. D*L.

28-9. The decipherment of the end of l. 28 and l. 29 is very uncertain.

1170. ST. MATTHEW'S GOSPEL x-xi.

22.9 x 9 cm.

Fifth century.

The following leaf from a papyrus book is complete at the top and bottom, but broken at the sides; the surface is also very much damaged, and partly owing to this cause, partly also to the brown shade of the ink used, decipherment is in places extremely difficult and uncertain. Nothing of much importance seems to be involved, for the text is not distinguished by accuracy. It is, however, probably the oldest authority for the reading αὐτόν in x. 32; and an otherwise unrecorded variant may be noted in l. 7. The rather widely spaced lines are written in a good-sized upright uncial hand, which is less heavy and probably rather earlier than that of 1169. An unusual characteristic is the avoidance of the ordinary theological contractions.

2. αυτον: so DL; εν αυτω most MSS.

3. ουρανοις: so NDEFGH, &c.; τοις ουρανοις BCK. Cf. l. 6. αρνησητε is for -ται.

5. There is no room for *αρνησομαι* or *-με*, and the scribe evidently made some error; possibly he wrote *αρνησω. καγω αυτον* is the order of BND; *αυτον καγω* CEFGL.

6. *ουρα[νοis]*: so NCDEGKL; *τοis ουρανοis* B.

7. The insertion of *ουν* before *νομισητε* is apparently peculiar to the present text. *βαλειν* at the end of this line is placed after *ειρηνην* in N.

10. *ανθ[ρωπον]*: *υιον* D.

17. The conclusion of verse 37 *και ο φιλων . . . αξιος*, and verse 38 *και ος ου λαμβανει . . . αξιος*, are omitted. The former of these omissions, which the repetition of *ο φιλων* and the homoeoteleuton of *αξιος* made easy, occurs also in B*D, and the latter in M. Cf. note on ll. 25-7.

18. The vestiges at the end of the line are very faint, but seem to suit *κα[ι]* rather better than *ο δ[ε]* (D).

25-7. *και . . . λημψεται* is omitted in D.

28. *μικρων*: *ελαχιστων* D.

29. *ψυχρου μονον*: *υδατος ψυχρου* D.

38. *Χρι[σ]το[υ]*. *Ι(ησο)υ* D.

43. *τω Ιωαννη* N*.

45. D omits *και χωλοι περιπατουσι*.

1171. ST. JAMES'S EPISTLE ii-iii.

11.5 × 4.3 cm.

Late third century. Plate I (recto).

A strip from a leaf of a papyrus book, neatly written in an upright semi-cursive hand which is more likely to belong to the latter half of the third century than to the commencement of the fourth. The comma-shaped sign not infrequently used is placed after the final consonant of non-Greek names. *πνεῦμα*, *κύριος*, and *θεός* are contracted in the usual way, but *πατήρ* and *ἄνθρωπος* are written out. If, as is probable, the lacuna at the bottom of the recto was contained in six lines, the height of the leaf was about 16 cm.

The lines were of some length, and since the point of division is quite uncertain I have not made a conjectural restoration of the gaps but only completed imperfect words. The fracture along the right-hand side of the recto, except at ll. 1 and 20, is practically straight. So far as can be judged the text was a good one, being generally in agreement with that of the Vaticanus; but there is one coincidence with C (l. 34) and one with L (l. 9) against the other more important MSS., besides a probable divergence from B in l. 15.

Recto. Plate I.

 40 ὁμοίωσιν θ̅υ [

2. *φριξουσιν* is a misspelling of *φρισσουσιν*; the interchange of *σ* and *ξ* is not uncommon from an early period, e. g. P. Grenf. ii. 14 a 17 ἀξμένως, P. Tebt. 35. 4, 16 ζύρνα.

9. ἐπιστ|ευσε: SO L (-εν); ἐπιστευσεν δε BNA, &c.

11. Considerations of space make it unlikely that *τοινυν* was added after *οπαρ* as in KL.

15. Without $\gamma\alpha\rho$, which follows $\omega\sigma\pi\epsilon\rho$ in **SACKL**, the lacuna would be abnormally short; B omits $\gamma\alpha\rho$.

17. ἐργων: so BN; τῶν ἐργων ACKL.

21. αυτων μεταγομεν: μεταγομεν αυτων Α.

22. ανεμων σκληρων is also the order of BNC; σκληρων ανεμων AL.

24. οπ|ου : so B^N; οπου αν ACKL.

26. *μεγάλα αυχει*: so BAC* ; *μέγαλαυχει* NC²KL.

27. $\kappa\alpha\iota$ is omitted by \aleph^* .

31. γενεσεως ημων **κ.**

34. δεδαμα]σται και δαμαζεται: so C; δαμ. και δεδαμ. BNA, &c.

36. The initial α of ἀκαστατον is represented only by a small vestige which might equally well belong to a δ , but the spacing clearly shows that the papyrus followed the order of BC; **NAK** have δυναται δαμασαι ανθρωπων, **L** δυναται ανθ. δαμ.

38. κ(υριο)ν: θεον KL.

1172. THE SHEPHERD OF HERMAS.

19.2 X 12.9 cm.

Fourth century.

Several fragments of the *Hermæ Pastor*, both in Greek and Coptic, have recently been obtained from Egypt, and their comparative frequency clearly indicates the popularity of the book in the early Christian church. Those in Greek include 404, P. Amh. 190, P. Berl. 5513 and 6789 (*Berl. Klassikertexte*, vi. pp. 13-20), and a vellum fragment at Hamburg (*Sitzungsb. d. Berl. Akad., phil.-hist. Kl.*, 1909, pp. 1077 sqq.) ; cf. 5 recto, where *Manul.* xi. 9 is quoted. To this list has now to be added the present fragment, a nearly complete leaf from a papyrus book, the two pages, which are numbered 70 and 71 respectively, containing the greater part of *Sim.* ii. The script is a medium-sized sloping

semi-cursive which I should assign to the fourth century. *v* has a waved tail, and the angular loop of the *a* is often considerably exaggerated. A somewhat doubtful accent occurs in l. 2; there is no clear instance of punctuation. *θεός* and *κύριος* are abbreviated in the usual way, but not *ἄνθρωπος*. A few corrections have been made, and some at least of them are probably due to a different though practically contemporary hand, which is perhaps also responsible for the numeration of the pages.

The Greek text of this part of the *Hermæ Pastor* is dependent upon the fourteenth-century Codex Athous, since **N** contains only an earlier portion. From l. 23, however, of the papyrus onward, P. Berl. 5513 is also available for comparison. The latter comes from a roll which is most probably of the third century and no doubt somewhat older than 1172. There is, however, a striking uniformity in the testimony of the two papyri, and they are usually in agreement as against the Athous, such discrepancies as they show (ll. 29, 36, 39) being comparatively slight. This unanimity is most marked in the order of words, and it is likely that these early witnesses are here generally the more credible. Of the other variants the most noteworthy are those in ll. 4, 6, 9 (disposing of an old *crux*), 10-11, 17, 18, 25, 26, and 47.

The collation given below is based on the 1877 edition of Gebhardt and Harnack, whose symbols are reproduced: *ca* = Codex Athous, *L*¹ = the old Latin (Vulgate), *L*² = the Latin Palatine version, *A* = Aethiopic, *C* = Coptic.

1. διδοι . . . σαπρον: δίδωσιν ἔρριμμένη δὲ χαμαὶ σαπρὸν καὶ ὀλίγον ca. There is no room for χαμαι in the lacuna, which is already of full length. L has *in terra*, but supports the order of the papyrus by reading *exiguum et nugacem*.

4. χρη]ματα: so LL A; χρήματα πολλά ca.

5-6. περισπω[μενο]ς . . . και: so ca; LL A seem to have read *περισπώμενος γάρ*, omitting καί.

6. εαυτου: αὐτοῦ ca.

μακραν: μικράν ca LL A. Since μικράν is repeated immediately below, an avoidance of this tautology would be an advantage, and μακραν in the sense of remote is not inappropriate.

6-7. τ[η]ν̄ εντευξιν και την̄ εξομολογησιν: τὴν̄ ἔξομ. καὶ τὴν̄ ἔντ. ca. LL omit τὴν̄ ἔξομ.

8. βληχραν και μικραν: ca again inverts the order.

α . . ην: αὐτοῦ ca, emended by Tischendorf to ἄνω; cf. L² *apud dominum* (om. L¹ A). But neither ἀνω nor ἀνωι suits the papyrus, where the termination is apparently ην. The vestiges of the letter or letters intervening between α and η are very slight, but αρχην is not satisfactory since the long tail of a ρ should have left some trace, and this word would not at all account for the corruption of ca. ἀνῆν̄ i. e. ἀν(θρωπιν)ην̄, which is a just possible reading, would be better from the latter point of view, but the abbreviation is unlikely, especially with ἀνθρωποις in l. 31, nor does the adjective seem appropriate in itself.

9. επαναπαη: this is no doubt the original of ca's ἀναπλῆ, for which various conjectures have been made (ἀναβῆ Geb.-Harn. with Hollenberg, ἀναπνῆ Hilgenfeld, δαπανῆ Harnack). ἐπαναπάη is accurately translated by A (*inmixtus fuerit*); L² (om. L¹) has *reficietur* (*reficitur* Dressel) *pauper a diuile*, which is rather far from the Greek. ἐπάην and πάησομαι are attested, but not apparently the subjunctive.

9-10. επι τον̄ πενητα ο̄ πλουσιος: ὁ πλ. ἐπὶ τὸν π. ca.

10. χορηγη: χορηγήσῃ ca.

10-11. π[ι]σ[τ]ευει . . . εργασητ(αι): cf. L² *credet utique dives quoniam si operatur*; πιστεύωον̄ ὅτι ὁ ἐργάσεται ca, *confessus* A.

δυνηθησεται: δυνησεται ca.

13. αυτου και εν τη: και τῇ ca: LL om. καὶ τῇ ἔξομολογήσει.

14. παρα . . . α]υ[του]: ἡ ἔντευξις αὐτοῦ παρὰ τῷ θεῷ ca.

15. The remains before the lacuna are also consistent with α, but it is desirable to shorten the supplement, if possible. Perhaps the supposed tail of the υ of αυτου in the line above is an interlinear α.

16. ουν: δέ ca. The υ of υπο was corrected from ο.

17. τω θ(ε)ω . . . αυτω: ca has αὐτῷ τῷ θεῷ, which Geb.-Harn. retain (αὐτῷ, τῷ θεῷ), with

no evident sense. Tischendorf's reading *εὐχαριστῶν* is confirmed by the papyrus; <καὶ> *εὐχαριστέῃ* ed. pr.

υπερ: *περί* ca. For *υπερ* cf. A *orabit pauper pro divite ad dominum gratias agens*, L² *gratias agit Deo pro eo qui tribuit*.

18. *καὶ ἐτι*: om. ca.

20. *ἡ του πενήτος εὐτευξί[s]*: *ἡ ἔντ. τοῦ π.* ca.

21. *κ(υριο)ν*: *τὸν θεόν* ca.

22-3. [*τη εὐτευξί*]: cf. L² A *oratione*; *τὴν ἔντευξιν* ca. *τη* however is a shorter supplement than would be expected at the end of l. 22. A dot after]*ξι* might be taken for a high stop.

23. *παρα*: so P. Berl.; *ἀπό* ca.

25. *το πλουτος ο*: *τὸν πλοῦτον ὄν* ca. P. Berl. is defective, but reads *το πλουτος* at l. 38, and it is noticeable that in the present passage a reduction of two letters would give a line corresponding better in length to those adjacent. The rare neuter would be more likely to be converted to the masculine than vice versa.

26. *παρ[ε]χε(α)*: *παρέχει* ca. P. Berl. is again defective, but one or two more letters in the lacuna would be an advantage, and here too the principle of *difficilior lectio potior* may be applied.

27. The deletion presumably included the mutilated letter following *ο* of *εργον*; what was originally written is not apparent. The supposed *γ* of *μεγα* is more like a *τ*.

28. Tischendorf's reading *συνηκεν* is confirmed; *συνιει* ed. pr. The word is not preserved in P. Berl. *ηργασατο* is the form in P. Berl., *ειργάσατο* ca; but the *η* here is imperfect, and *ιργ.* might be read.

29. *επι*: *εἰς* ca, P. Berl.

30. *διακονιαν*: so P. Berl. L²; *διακ. τοῦ κυρίου* ca.

30-1. *τοι[s]* *ουν ανθρωποις*: so P. Berl.; *τοῖς ἀνθ. οὖν* ca.

32. *σαν*: so P. Berl. and cf. L² *cum*; *ἐάν* ca, *etiamsi* A.

33. *εχουσα υδωρ*: so P. Berl.; *ὑδ. ἔχ.* ca.

34. *το*: so P. Berl.; om. ca.

35. *αποδιδωσιν*: so P. Berl.; *δίδωσι* ca.

36. The papyrus apparently agreed with ca in reading *εαυτης* (cf. l. 6); *αυτης* P. Berl. *ουτως ουν*: *ουτως* P. Berl., *οὕτω* ca. L² A also omit *ουν*.

37. *υπε[ρ] . . . ε(ν)τυγχανου[τες]*. This is also the order in P. Berl.; ca has *έντυγχ. πρὸς τὸν κ. ὑπέρ τῶν π.*

38. *το πλουτος*: so P. Berl.; *τὸν πλοῦτον* ca. Cf. l. 25.

39. *επιχορηγουντες*: *χορηγουντες* P. Berl., ca.

43. *υπο*: so P. Berl.; *ἀπό* ca, rightly corrected by Hilgenfeld. *γεγρα[μμενος]* (P. Berl.) suits the papyrus better than *επιγ.* (ca), the fracture at the ends of ll. 42-4 being practically vertical.

44. *τας βιβλους*: so P. Berl. ca; A L² C have the singular.

46-7. *ο γαρ κτλ.*: so P. Berl., with *τι* only after *διακονησαι*; om. ca. Cf. L¹ *poterit aliquid ministrare. τα αγαθον* is presumably a slip for *το αγ.*, *τι* being a variant for *το*; cf. L² *aliquid boni operari*, A *bona opera agere*, C *διακονήσει τὸ ἀγαθόν*. It is not clear what is the original reading.

48. This line may be regarded as either an *explicit* or an *incipit*, though at the bottom of a column the former is more natural. In either case the papyrus differs from the ordinary arrangement, according to which the foregoing *Similitudo* is the second. It is to be noticed that the hypothesis that in P. Berl. the usual order was observed implies, as the editors have remarked, a very tall column, and the suggestion may now be made that *Sim. ii* was there directly followed by *Sim. iv*. The other number, if it be a number, which

stands in front of παραβολή may refer to some such larger division into sections as is apparently also indicated by P. Amh. 190 (k). There are traces of ink in front of the (quite doubtful) θ, but whether another figure preceded is not clear.

1173. PHILO.

Fol. 7. 17.5 × 15 cm.

Third century.

The papyrus codex of which remains here follow was a large volume, comprising numerous works of Philo. The surviving fragments are shown by the numeration of the pages to be curiously scattered, and as many as four extant books are represented, *Sacrarum Legum Alleg.* i, *Quod Deterius Potiori Insid.*, *De Ebrietate*, and *De Mercede Meretricis*. Moreover, some treatise or treatises no longer extant were also included, for there is one nearly entire leaf which is doubtless novel, besides some smaller pieces at present remaining unidentified. These are reserved for a future volume, and I now print only such fragments as I have been able to find of the four books mentioned above.

The leaves were nearly square in shape, each page containing 24-5 rather long lines. The gatherings were of six sheets at least, as is shown by one sheet of which the pages are respectively numbered 192, 193 (not published) and 214, 215 (Fol. 5). Down the middle of the inside sheet of the quire a narrow strip of vellum was gummed in order to protect the papyrus against the binding string; both vellum and string still adhere to the margin between Fols. 2 and 3. That more writers than one should be employed upon so long a MS. is not surprising. Apparently three hands are to be distinguished. The most formal of them is that of Fols. 2-3, a sloping somewhat negligently formed uncial of rather less than medium size. Fols. 1 and 5-7 are in a sloping semi-cursive hand, while Fol. 9 is written in a less flowing round and upright script. All these hands are of third-century type, and the codex may be regarded as of approximately the same antiquity as the Paris papyrus; the impossible date assigned to the latter by Scheil (*Mém. de la Mission Arch. Franç. au Caire*, ix. 2) has been rightly questioned by Wilcken (ap. Cohn-Wendland, i. p. xlii) and Kenyon (*Palaeography*, p. 145). In several respects these two early books show similarities: the size of the leaf; the informal character of the hands (only one of those in the Paris MS. can be described as 'une belle onciale'); and the occasional insertion of breathings and accents. In 1173 these proceed from the diorthotes who has throughout made occasional alterations, and to whom the signs of elision, pagination, and to a large extent, at least, the punctuation by means of a high dot should also be assigned. θεός is regularly contracted in the usual manner,

and υ(ιό)s is written in Fol. 5 recto 25; but none of the other compendia common in Christian literature occurs (ἄνθρωπος 5 recto 14, πατήρ, μήτηρ 5 recto 23, οὐρανός 7 verso 20).

Apart from obvious errors, several of which have escaped the corrector's vigilance (cf. e.g. 3 recto 9, 5 verso 8-9, 6 recto 3, 7 recto 10, 21, verso 6), the text of the papyrus is fairly correct, and where the MSS. differ, commonly supports the better reading; cf. e.g. 7 recto 3, 5, 24. In a few places small editorial emendations are confirmed (5 recto 2, 7 recto 20, 22; cf. verso 4). Other readings peculiar to the papyrus, some of which may be right, while others are doubtless wrong, occur at 1 recto 14, 5 verso 3, 19, recto 2, 10-11, 25, 7 recto 3, 4, 12, 24, verso 6, 7, 12, and apparently 9 verso 7, recto 4, 11, 12, 16. The qualification 'apparently' is necessary, because my collation of Fol. 9 has to depend upon the meagre information of Mangey, since the treatise *De Mercede Meretricis* is not yet included in Cohn-Wendland's critical edition, which is available for the preceding fragments. On the whole the papyrus leaves the satisfactory impression that the text of Philo as reconstituted by modern criticism is substantially sound.

Legum Alleg. i.

(Cohn-Wendland, i. 75, Mangey, i. 54.)

Fol. 1 verso.

MSS. = MAPUFL.

- 1 verso 1. τωι παρ[αδ]εισωι: τοῦ παραδείσου UFL.
 2. γνωστον: γνωστοῦ AP.
 3. φυτευει: φύει UL.
 5. κατ' αυτας: κατὰ ταύτας UFL.
 8. χ of χαρακτηρ[ι]ζει has been altered; perhaps the copyist began to write a κ.
 μεντοι ταυτα: μέντοι γε αὐτὰ ταῦτα MSS., but αὐτά is omitted in the Armenian.
 9. δηλων οτι: δηλονότι APU.
 11. θεωρητικαι: θεωρηματικαί UF here and in l. 13.
 12. The first ι of εισιν is written over a σ.
 14. χαλκευ[τικη]: om. U.
 15. και, which AP omit, clearly stood in the papyrus. UFL have θεωρηματική as before.
 17. και is omitted in L.
 19. The size of the lacuna points to the omission of αι before παρ[α]ξεις, as in the Armenian (so Turnebus and Cohn); αἱ πράξεις UFL, πράξιν MAP.
 21. κ of κα[ι]τοι is only moderately satisfactory, and the preceding supplement is somewhat short.

- 1 recto 1. ωραιον: ὥραϊον AP. ην is omitted by UFL.
 3. εστι: om. U.
 4. Mangey reads καὶ σημεῖον, and there might be room for και in the lacuna here.
 5. [η γενι]κωτατη: ἡγεμονικωτάτη N (excerpta Neapol.) Arm.
 7. ιδρύεται UFLN.
 9. εχον: ἔχων AP.
 14. καθ' α[υτην]: κατ' αὐτούς MSS.
 15. δοξαν εκτιθεμενοι: ἐκτ. δόξ. AP. ἐκτεθειμένοι UFL.
 17. γε[νικωτατην: ἡγεμονικωτάτην Arm.

Quod Det. Potiori Insid. Soleat.

(Cohn-Wendland, i. 270, Mangey, i. 201.)

MSS. = UFHL.

2 recto 1. ἀτεχνίαν UF.

4. I write αυτον and ουτω (so HL) to shorten the supplement. The ι supposed to have been inserted is represented only by a tiny vestige.

3 recto 5. εμε: Markland's conjecture ἄμα is not confirmed.

9. 1. αξιωσης with the MSS.

13. [ω]φελειν: ὠφελεί H.

13-14. σκυλευτική UF.

3 verso 3. ωστε: ογ ως with UF.

6. δ[ε]σποτικω[υ]: δεσποτικῆς HL.

12. ερευνησομεν: so UF; ἐρευνήσωμεν HL, Cohn.

14. The supplement is slightly shorter than would be expected, even when the spelling αποκρεινεται is assumed; but there is no variant except that HL give ὄν for ἦν.

De Ebrietate.

(Cohn-Wendland, ii. 171, 212, Mangey, i. 358, 390.)

MSS. = GUFH.

5 verso 3. ἐξ ἀ[α]γκη[ς]: om. MSS.

6. ψησάμενος for ψηφι. G.

8. μεταβλαστάν[ον]τα: 1. μήτε βλ. with MSS. (μήποτε H).

9. τουτω: ταύτῳ rightly MSS.

10. ἀφανενεται is for ἀφαναινεται.

13. There hardly seems to be room in the lacuna for φυσικωτατην τὴν or φυσικωτατα τὴν, as conjectured by Wendland, and probably the papyrus agreed with F in omitting τὴν.

14-15. Why ἐξῆλ[?]θε παλιν was originally written is not clear. The letters θεπαλιν have dots placed above them.

16. The supplement at the end of the line is slightly longer than would be expected.

17. περιπατεῖ F.

18. πας: om. L.

19. ἐπει δ αν: ἐπειδὴν δέ MSS.

5 recto 2. [τῇ]ν . . . ἀπαιδευσίαν: so Turnebus, Wendland; τῆς ἀπαιδευσίας UFH, τῆς ἀπαιδευσίαν G.

[τ]ου: so Wendland with Richter; om. MSS.

6. πη[γ]ης: γῆς G.

8. ουδενι: so D (Io. Damasc. *Sacra Paral.*); οὐδὲν οὐδενί MSS.

ἐκδιδουσαι: so FH; ἐκδιδούσα GD, Wendland, ἐκδιδούται U.

10-11. The reading of the papyrus was evidently longer than the ordinary text, which is γοῦν κατὰ ἀναγῶγων. If [κατὰ ἀνα]γῶγων is rightly restored, something additional preceded.

12-14. ὡς . . . συμμαχοι: om. H.

20. ουν: om. F.

23. συναγορεύον[τας] (Wendland) suits the space better than συναγορεύσον[τας] (GUH); συναγορεύοντα F.

24. πα[ρ]ἀπο[λ]ωνται: so GUH, Wendland; παραπόλλωνται FL. παραπολλωνται would be an irregular division.

25. ηι υ(ιο)ς: υἱός ἦ MSS.; but ἦ υἱός is the order in the LXX (Deut. xxi. 18). U omits ἀπειθής . . . φωνῆς.

6 recto 3. ημ[ων: 1. υμων with the MSS.

6 verso 3. The deletion of δε (om. MSS.) is probably due to the corrector.

7 recto 2. κατασκευασαι: σκευάσαι H.

3. ευτρεπεις: so Mangey and Wendland from a Trinity College MS.; ευπρεπεις others. The corrector's ευτερπεις is novel.

4. γαρ: om. MSS.

5. η: και G.

συνεχους: so H, Wendland; συνεχοῦσης GUF.

6. των: so GF: τόν U, τῆς H.

10. τίθενται HL. 1. γαστρος.

11. ἦν οἰνοχόος F. At the end of the line υπερφνωσ was originally misspelled, but what was written is doubtful.

12. εστι: om. MSS.

20. The papyrus confirms Wendland's insertion of δέ, which the MSS. omit, after ἐπειδάν.

21. και ανθωσ[ι]: 1. χλιανθ. with the MSS.

22. οινηρσει[s: the papyrus gives the correct spelling (Turnebus); οἰνηρεύσεις MSS.

αμυσται: τοὺς ἀμυστέις MSS., τὰς ἀμύστεις Turnebus, Wendland. H omits τὰς οἶν. . .

προσενεγκάμενοι.

24. ακρατους σπο[σι]:ν: ἀκράτου σπῶσιν U, Wendland, ἀκράτους πίνωσιν GFH, ἀκράτους πίνουσιν vulg. ν in the papyrus has been altered apparently from ι.

αθρων: ἀθρόως MSS. The spelling μέχρι is also found in G; μέχρις others.

7 verso 1. After δαμασθῶσιν H repeats οὐκέτι κρατεῖν ἑαυτῶν δυνάμενοι.

3. εν: om. U.

4. ο of ορεξίς has the appearance of having been crossed through.

μαιμαι: μαρμάζει MSS., μαιμάζει Benzelius, Wendland; μαιμά was conjectured by Mangey. The stroke above ι apparently here does duty for a circumflex accent; a somewhat similar stroke is employed in the Coptos papyrus of Philo, according to Scheil, p. iv.

5. αμπελου: τοῦ ἀμπέλου GUF, τὸ ἀμπ. H, τῆς ἀμπ. Turnebus, Wendland.

6. ην: ἦ MSS. κληματεισα is a slip for κληματις.

7. χολης: σταφυλή χολῆς MSS., as in the LXX.

8. ὁ βότρυν H.

11. ἄμπελος H.

12. οἰνοφλυ[γ]ias: οἶνοφ. καὶ λαιμαργίας MSS. (om. καὶ G).

14-15. ἀφροσύνης F, εὐφροσύνη μὲν ἀληθῇ οὐδέ H.

15-16. τῆς . . . ψυχῆς H. φιλαύτου for φαύλου L.

17. A dot at the end of the line is probably accidental.

19. If ασεβων was written, the letters εβ were strangely cramped; perhaps ε was omitted.

20-21. For the alteration of the word-division cf. Fol. 9 recto 17.

21. ενειφε: ἐνιφεν F, ἐνιφεν UH, ἐνέφην G.

ακροτ[η]τος: so GUFL², ἀκρότητα HL¹; ἀκράτορος Wendland with Mangey.

22. τα . . . πεπηρωμενης: om. U.

De Mercede Meretricis.

9 verso. The page-numbers of this leaf are not preserved, the upper margin being imperfect.

1-2. τῶι . . . προσαγωγῇ τας: so Mangey with M Vat; τῶν . . . προσαγωγάς others. At the beginning of l. 2 there has been some correction of ἀκροάσεως, but its nature and reason are doubtful. Besides adding α above the line, the second hand seems to have retouched the ε.

3. ἐμνησεν was apparently written by the first hand.

6. ο]ν: so Mangey with M; om. others.

7. ἐξεις: ἔση Mangey with no v. l.

9. ἀκραχολο[ς]: ἀκρόχολος Mangey.

20. For another substitution of γ for an original ν cf. recto 14.

9 recto 1. The vestige of a letter before the lacuna is indecisive between δυσεφικτος (M) and δυσφευκτος.

3. γ of μακρηγορος has been altered, perhaps from λ. The corrector's spelling αἰδολεσχος is found in MSS.

4. After νωθης the ordinary text has βαρυπενθής, δυσάλγητος, ψοφοδεής, υπερθετικός, which words occur below in ll. 14-15 with the variant δυσ]οργητος for δυσάλγητος.

8. εὐενδ[οτος]: so vulgo; ἀνεύενδοτος Mangey with M. In ἀγομενος the remains of the letter following α suggest χ rather than γ.

10. The first ρ of ραδιουργος has been corrected; apparently δ or λ was originally written.

At the end of the line αει, which is absent in M, is required to fill the space.

11. επομενος, as originally written, is the ordinary reading; ἐπτοημένος M. The corrector's σπώμενος is not mentioned as a variant by Mangey.

12. επιβουλος: om. vulgo. The word has already occurred in l. 9.

επιχειρητος is found as a v. l. in Dion. Hal. *Ant. Rom.* iv. 29; εὐεπιχείρητος vulg.

14-15. Cf. note on l. 4. The letters οπ in υποπτος have undergone some correction.

16. απιστος: om. vulgo, the word having occurred above (Mangey, p. 268. 42); cf. note on l. 12.

17. εριδακρυσ, v. l. αριδακρυσ, which is the usual form.

II. NEW CLASSICAL TEXTS.

1174. SOPHOCLES, *Ichneutae*.

Height 18.3 cm.

Late second century.
Plate II (Cols. iv-v).

That Satyric Drama should be represented by but a single play, and that too by the youngest of the three great tragedians, has often been deplored. A specimen by Aeschylus, commonly reckoned the greatest exponent of the art (Diog. Laert. ii. 133, Pausan. ii. 13. 5), or of Pratinas, might have been a more welcome gift, but in presenting us with the considerable remains here published of the *Ichneutae* of Sophocles, fortune does something to remove a reproach and to fill one of the many gaps in the history of Greek dramatic art.

The greater part of this papyrus was obtained in 1907, but some minor fragments made their appearance close by in the previous winter, when the main portion of 1175 was found. That text is apparently a sister-MS. to the present, and the work of the same scribe; and it is quite likely that some of the smaller pieces placed there belong to 1174, while, on the other hand, among the miscellaneous fragments assigned to the *Ichneutae* there may be a few stragglers from 1175. The difficulty of distinguishing is further increased by the fact that the finds to which 1174 and 1175 belong include a number of prose fragments written in a closely similar if not identical handwriting.

This hand is seen at its best in 1174. It is a fine specimen of the common oval type, slightly inclined, and executed with much firmness and precision. It may, I think, be assigned with probability to the closing decades of the second century, a date suggested as well by the character of the uncial script as by the occasional cursive marginalia. The columns, which contain from 26-7 lines, tend to lean over a little towards the right, so that the last line of a column generally projects to the left of the first by the space of two or three letters. Choral odes are distinguished from iambics by indentation, as in the *Hypsipyle* papyrus (852), where too, as here, the parts of an iambic verse which is divided between two or more speakers are written below one another in separate lines (viii. 15 sqq.; cf. 1177). Paragraphi and diaereses were inserted by the original scribe, and to him are also due the stichometrical figures, which mark off the lines by hundreds (cf. e.g. 841, 852). Stops, which are usually in the form of a high dot, though points in the medial and low position occur, accents, breathings, marks of elision and long or short quantity, all of which are fairly frequent, and other occasional symbols, including a low-placed comma to separate words

(viii. 19; cf. e.g. 1082), the coronis marking the beginning and end of the first chorus (iii. 4, 19), and the χ surmounted by an iota sometimes inserted as a *nota bene* in the left margin, are largely, at any rate, subsequent additions, often easily distinguishable by the darker colour of the ink; and they may be attributed to the revisor who has not only corrected the text but inserted a number of various readings. Some of these he kindly refers to their source, the authority most frequently named being Theon, a grammarian who flourished in the Augustan period and was probably cited in 841. ii. 37. A few references are made to Apv and Ap , of which the former probably, and perhaps the latter also, means Aristophanes (cf. 841), and to a name appearing as N with a vertical stroke through the middle, possibly Nicanor (cf. note on iv. 23). Explanatory notes are rare; there is one of some length apparently in Frs. 23 (a), (b), while a bare gloss occurs at iii. 6. The *dramatis personae* are specified here and there; a single stage direction is put in the body of the text at v. 2. The accentual system, which is similar to that of other papyri of the period (e.g. 841, 852, 1082), calls for no detailed notice.

The numerous fragments in which this papyrus was recovered have fortunately fitted together in a very satisfactory way, producing large remains of seventeen columns from the beginning of the play. Of these the first fifteen are certainly successive, as is shown by the stichometry; the remaining two, which are very scantily represented, perhaps follow immediately, and at any rate are not separated by more than a slight interval; cf. the note on Col. xvi. Up to a point the course of the action is thus clear; and the story of the *Ichneutae* turns out to be something very different from what it was conjectured to be by Welcker, to whom the title suggested the wanderings of Europa (*Nachtrag*, pp. 311-12). Yet one of the three extant fragments, had its reference been perceived, would have given the clue: the fragment which describes the abnormal growth of the youthful Hermes and occurs in the papyrus at xi. 12-13, establishing beyond question the identity, already sufficiently evident, of the drama. It is the myth of the infant god's exploits, his theft of Apollo's cattle and his invention of the lyre, that provides the plot. The scene is laid on Mt. Cyllene in Arcadia (ii. 4), and the characters are Apollo, Silenus and the Satyric chorus, the nymph Cyllene, and doubtless Hermes himself, though the papyrus breaks off before he appears. In the *πρόλογος* Apollo announces the loss of the cattle, for which he has vainly sought in the northern districts of Hellas, and offers rewards for their discovery (i-ii. 11). Silenus then comes forward, with the Satyrs in attendance, proffering his services, and Apollo promises them their freedom, as well as gold, for success (ii. 12-iii. 4). The Chorus sing a short ode (iii. 5-19) and then, urged by Silenus, start out on the quest; they are the

* It doesn't appear to whom they are enslaved - in the Cyclops they are enslaved to Polyphemus -
a reg. master in Satyric drama?

'Trackers' from whom the play was named. Confused traces of the cattle are soon found (iv. 15-v. 19), leading towards the entrance to a cave-dwelling (ῥήγμα γῆς, Philostrate. *Imag.* i. 26). But at this point the seekers are alarmed by strange sounds, the notes of the newly-invented lyre upon which Hermes was playing within (v. 20-vi. 6). Silenus upbraids them roundly for their cowardice, and promises them the encouragement of his presence (vi. 7-viii. 11); they take heart and sing a lively little stasimon, which is unfortunately much damaged. Then again the terrifying sound is heard, and they are with difficulty restrained from decamping by Silenus, who at last himself beats loudly at the cave's mouth (ix. 2-4). The nymph Cyllene emerges, and after remonstrating against their unseemly behaviour (ix. 6-27), and warning them of the necessity for secrecy, explains that she is the nurse of the child lately born to Zeus and Maia, and tells them of his astonishing growth (xi. 8-13) and of the lyre which he had made from the shell of a tortoise and some cowhide (xi. 14-xiii. 4). This provides the 'Trackers' with another clue; and they express their suspicion that the hide was obtained from the cows of Apollo (xiii. 5-13). Cyllene indignantly repels this accusation, and is still stoutly maintaining the innocence of Hermes at the end of Col. xv. Here there is a lacuna; of the next column, if it was the next, all that remains is a marginal variant containing the words 'cows' dung', and in Col. xvii, represented by the beginnings of the last sixteen lines, Apollo, summoned by Silenus and the Satyrs, reappears upon the scene, and apparently accepts their evidence as entitling them to the promised reward (xvii. 18-19). In the gap between xv. 22 and xvii. 5, therefore, the proofs were reinforced and Cyllene's discomfiture completed. What happened next is a matter of conjecture; presumably the sequel was in the main that of the Homeric *Hymn*: Hermes was confronted with Apollo, and appeased him with the gift of the lyre. This *dénouement* may not have occupied more than another two or three hundred lines; if the *Cyclops* is an average specimen, the length of Satyr-plays was considerably less than that of tragedies.

It is perhaps somewhat surprising that the name of Sophocles has not previously figured in the list of authors known to have treated this ancient myth. Antoninus Liberalis, who (c. 23; cf. Ovid, *Met.* ii. 676 sqq.) relates the incident of the informer Battus, quotes as sources the 'Ἑτεροιομένων α' of Nicander, the Μεγάλοι Ἅοιαι of Hesiod, the Μεταμορφώσεις of Didymarchus, the Ἀλλοιώσεις of Antigonius, and the Ἐπιγράμματα of Apollonius Rhodius. Alcaeus is also known to have dealt with the story in a hymn to Hermes (Fr. 5; cf. Pausan. vii. 20. 4). Of the later authorities the chief is Apollodorus (iii. 10. 2), whose version is analogous to that of the Homeric *Hymn*, though differing in certain details. In particular, he inverts the order of the *Hymn* in making the theft of the cows

precede the invention of the lyre. Whether Apollodorus used any source other than the *Hymn* is a question on which opinion has been divided. Some scholars have maintained that his discrepancies came out of his own head (cf. Gemoll, *Die Homerischen Hymnen*, pp. 191-2). So much, at any rate, is now clear, that in regard to the sequence of the two events he was anticipated by Sophocles, who likewise represented Hermes as utilizing the cattle for the production of the lyre. It does not necessarily follow that Sophocles originated this conception, or that he was responsible for the introduction of the nymph Cyllene, although the earliest authority for her in this connexion has hitherto been Philostephanus (Schol. Pindar, *Ol.* vi. 144 Φ. ἐν τῷ περὶ Κυλλήνης φησὶ Κ. καὶ Ἑλίκην θρέψαι, sc. τὸν Ἑρμῆν; cf. Festus ap. Paul. Diaconus, *De Verb. Signif.*, s. v. Cyllenius . . . *alii quod a Cyllene sit nympha educatus*). To the poet himself, however, may reasonably be attributed two innovations at least in the story, which are bound up with his dramatic treatment of it, the discovery of the thief by means of the Satyrs, and the transference of the hiding-place of the cattle from the neighbourhood of the Triphylian Pylos to Mt. Cyllene, a course dictated by the unity of place. With reference to the invention of the lyre, it is of interest to note that this subject had a peculiar attraction for Sophocles as an expert on the instrument. We are told in the anonymous *Bíos Σοφοκλέους* that he turned his accomplishment to account by appearing in the *Thamyras* (κιθάραν ἀναλαβὼν ἐν μόνῳ τῷ Θαμύριδι ποτε ἐκίθαρσεν ὅθεν καὶ ἐν τῇ ποικίλῃ στοᾷ μετὰ κιθάρας αὐτὸν γεγράφθαι φασί); and in the present play too it is highly probable that, as Wilamowitz suggests, the dramatist took an active though unseen part by producing behind the scenes the strains which terrified the Satyrs. (If so, the play was prob. early) *Wm.*

Apart, however, from the musical interests of the poet, for the purposes of Satyric drama the theme was well chosen. There was a strong element of comedy in the thievish and lying propensities of the infant god, which, according to the Homeric *Hymn*, provoked Zeus himself to great laughter; and we may surmise that it was in the later scenes, when the mischievous child was confronted with the indignant Apollo, that the humour of the piece was chiefly developed. So far as the papyrus extends there is nothing so amusing as the scene in the *Cyclops* where Silenus acts as cup-bearer to Polyphemus. The imitation by the Satyrs of dogs upon the scent no doubt lent itself to fun of a rather boisterous kind, though there is throughout much less coarseness than in the drama of Euripides—not that Sophocles' Satyric plays were always above reproach in this respect. Small comic touches are also noticeable here and there, such as the comparison of the Chorus starting on the search to colonists setting out for new lands (iv. 17), or the invitation which seems to be addressed by Silenus to the spectators to give information (iv. 5).

But there is a general air of light-heartedness and good humour which in the complete piece must have been very attractive. A certain amount of popularity is argued by the existence of the present copy; and as Wilamowitz points out, there is some reason to suppose that Euripides was moved to emulation. In the *Antiope* of Pacuvius an enigmatical description of the tortoise, similar to that in Col. xii, was given by the lyre-player Amphion (Cic. *de Divin.* ii. 133; cf. note on xii. 2). It is most probable that this feature was derived from Euripides, whom Pacuvius in the *Antiope* seems to have followed closely (Cic. *De Inv.* i. 94; *De Fin.* i. 4). If that were so, a *terminus ante quem* for the appearance of the Ἰχνευτάι is provided, since the production of Euripides' *Antiope* did not long precede that of the *Frogs* of Aristophanes in B.C. 405 (Schol. *Frogs* 53). But in any case our play may reasonably be placed considerably earlier than this, if only on account of its metrical strictness (see below).

Upon the much discussed question of the garb of the Chorus in Satyric drama (cf. Wernicke, *Hermes*, xxxii. pp. 290 sqq.; Reisch, *Festschrift Gomperz*, pp. 451 sqq.) the fragments throw no new light of importance, but confirm the indications of the *Cyclops*. As there (ll. 13, 42, 100, 369) the Satyrs, who are addressed as θῆρες and θηρία (vi. 9, 15, ix. 6; cf. *Cycl.* 624), are the sons of Silenus (vi. 15, vii. 5, viii. 13, ix. 13), from which it is reasonable to infer identity of nature. The upholders of the goat-type can hardly claim as a proof of their view the simile of the goat in xiv. 16, for that has a quasi-proverbial cast, and does not imply that the person to whom it was applied was habited as a goat, though it might gain point if he were. Certainly, if the goat-form was employed at all on the Attic stage, it would be expected in a play the scene of which is laid in the mountain-haunts of Pan.

In the matter of language the *Ichneutae* falls fairly into line with conclusions previously formulated concerning the Satyric drama, which occupied an intermediate position between tragedy and comedy. The diction is predominantly tragic, but there is some slight admission of the words and phrases of common parlance: v. 7 ναὶ μὰ Δία (cf. *Cycl.* 555, 558, 586), v. 9 τουτί, vi. 13 φαλῆτες are instances, the speaker in each case being Silenus or the Satyrs. Exclamations and interjections are frequent, as in comedy, e.g. iii. 7 ἀπαπαπαῖ (cf. *Cycl.* 110, 572 παπαῖ, 503 παπαπαῖ), iii. 8 ὦ ὦ, iv. 2, viii. 25, xvii. 9 ἰὼ, iv. 7 ἄγ' εἶα, 22 ἰδὸν ἰδού, v. 20 ὦ ὦ ὦ ὦ, vii. 12 ὦ ὦ ὦ, ψ ψ, ἀ ἀ (cf. *Cycl.* 49 ψύττα, 157 ἀ ἀ ἀ), xvii. 5 ἰὸν ἰού (cf. *Cycl.* 464). A leaning towards popular speech is also to be discerned in certain homely figures and comparisons, v. 16-17 ἐχίνος ὥς τις ἐν λόχμῃ . . ἢ τις πίθηκος κύβδα, vi. 8-10 μάλθης . . σώματ' ἐκμεμαγμένα . . ἐν πάσῃ σκιᾷ φόβον βλέποντες, 23 φοβεῖσθε παῖδες ὥς πρὶν εἰσιδεῖν, xiv. 16 ὥς τράγος κνήκῳ χλιδᾷς. The diminutive forms which are rather frequent in the *Cyclops* are not here in evidence. On the whole

the Silenus and Satyrs of Sophocles show more restraint in language as well as in sentiment than those of Euripides.

This observation can be extended also to the metre, and the common doctrine concerning the Satyric trimeter must be applied to Sophocles with some reserve. Resolution is indeed commoner than in the tragedies. Statistics collected by A. Mancini, *Il dramma satirico*, pp. 82 sqq., show for the fragments of Sophoclean Satyric dramas a proportion of about 1 resolution in 6 lines. In the *Ichneutae* the proportion is somewhat lower, about 1 in 8; but this is more than twice as frequent as in the tragedies, where the ratio is about 1 : 17. Of the tribrachs all the instances are in the third (i. 12, v. 14, ix. 6, xiii. 14, 20 (?)) or the fourth (iv. 18, v. 7, vii. 9, ix. 25) foot, and the dactyls all in the third (v. 9, 15, 18, 21, 22, vi. 22, ix. 26, x. 19, xiv. 17). The position of the tribrachs must, however, be to some extent accidental, since in the Fragments they are found elsewhere. An anapaest in the first foot occurs not improbably in i. 15; in v. 17 the papyrus gives an anapaest in the fourth foot, but the passage is suspect on other grounds, and the metrical severity which marks the rest of the play is strongly in favour of emendation. There is no instance of double resolution within a verse, nor can a case be cited from the Fragments. In Fr. 305, to which Mancini refers, the *a* of *δέαρος* was probably long. The iambics of the *Cyclops* show very much greater freedom. It has been pointed out (e.g. by Hermann, *Elementa doct. metr.* p. 125) that this freedom is chiefly apparent in the lines spoken by Silenus or the Satyrs. In the *Ichneutae* the distinction is less clear; the tribrachs are fairly evenly divided, but Silenus or the Satyrs are responsible for all but two of the dactyls. Besides the trimeters there is the curious novelty of a dialogue of about 30 lines in iambic tetrameters (xii. 2-xiii. 4).

The lyrical parts are, like those of the *Cyclops*, somewhat slight, and probably this reduction in scale was a usual feature of Satyric drama. In two places a short strophe is separated from the antistrophe by passages in dialogue; x. 1-8 = xi. 20-7, xiii. 5-11 = xiv. 20-6; cf. xvii. 5-7 = 10-12. The other strophes are free. A large use is made of cretics (x. 1-8, xiii. 5-11, xvii. 5-7). In the parodos (iii. 5-19) a considerable dochmiac element is remarkable; the longest stasimon, vii. 12-viii. 12 consists largely of anapaests and proceleusmatics, with some admixture of cretics.

In the reconstruction of this and the two following papyri I am under deep obligation to Professor U. von Wilamowitz-Möllendorff, who saw copies at an early stage, and both then and since has rendered generous assistance. I am also not a little indebted to Professor Gilbert Murray, and have received some useful suggestions on the Sophoclean texts from Mr. A. C. Pearson.

. . .

Of the three previously known fragments of the *Ichneutae*, two have occurred above (xi. 12-13, xii. 6; cf. notes *ad loc.*); the third is:—

293. Pollux x. 34

ἐνῆλατα ξύλα

τρίγομφα διατορεῦσαι σε δεῖται

A corrupt passage, on which cf. Lobeck, *Plurynichus*, p. 178.

To this play may now be referred with W(ilamowitz)—M(öllendorff)

932. Athen. ix, p. 409 c

βοῦκλεψ

The word is given as an epithet of Hermes παρὰ Σοφοκλέϊ. βοοικλεψ A, βοόκλεψ C Eustath., βοίκλεψ Musurus, βοῦκλεψ Dindorf.

i. 1-3. For the supplement of l. 1 cf. ll. 10 and 14; *βροτοῖς* involves an accompanying *θεοῖς*, which will naturally precede. This line is probably the first of the play. Line 14 of Col. iv, which is marked as the 100th verse, is indeed not more than the 94th from this point, and possibly a foregoing column, of which the upper part was occupied e.g. by a hypothesis or a list of characters, has been lost; but the numeration of lines in papyri is not always exact, and if iv. 20, 22, &c., are counted as whole lines, the figure 200 at viii. 13 is but one in excess, with i. 1 as the starting-point. Apollo's name ought then to occur in l. 3.

4-5. Something like [δεῖν]δν [γάρ ἐστ' ἐμῇ δὲ δύσ]λοφον may have stood in l. 4, but the restoration depends upon that of the next verse. Murray suggests [εἰ φεύξε]τα[ι κλέψας γε, but the initial supplement is too long.

6. νόμενμ]α (W-M) is somewhat long for the space, and perhaps a more recondite periphrasis was employed, e.g. νεανίενμ]α, which W-M has also proposed. Three classes of the cattle are apparently distinguished, (1) the full-grown cows, (2) their calves, (3) the immature heifers; Murray's γένη νεογνά is thus less suitable.

7-16. 'They have all disappeared, and in vain I track them, wandering in secret far from the cattle's manger, hidden by some artifice. For I would not have thought that any one either of the gods or of the mortal creatures of a day would have dared so far as to do this deed. On learning it distraught with fear I set forth and search, with full proclamation to gods and men, so that none may be ignorant. For I follow frantic in pursuit. And I have visited in haste the peoples of the whole host of Thrace, but no one . . .'

7-8. The restoration of l. 7 and τῆλε βοῦ]στάθμον in l. 8 are due to W-M; Murray suggests that ταφρ may refer to a ditch surrounding Apollo's byre (e.g. τάφρ[ων ὑπερθε νῦ]ν. In l. 8, where there was some difference of reading, neither the circumflex accent nor the diaeresis on ι is quite certain; but [λαθ] is clearly indicated by the marginal λα[. διασ[above is possibly διασ[κοπῶ as a variant for ἰχνοσκοπῶ.

13. [στείχ]ω: or e.g. [ζητ]ῶ, as both W-M and Murray suggest. ν of μαρευων was deleted by means of dots placed above and beneath it.

14. Either τάδε or τόδε may be right; a similar choice between singular and plural is given at iii. 25 and v. 9.

15. [ἀκολο]υθία W-M, supposing this to be the passage referred to in Bekker, *Anecd.* 367. 32 ἀκολουθία· ἡ ἀκολούθησις. Σοφοκλῆς (Nauck, Fr. 899). Murray suggests [δυσπε]υθία.

16-17. [Θρακ]ῶν and ἀλλ' οὐ]τις W-M. Another method of treating the passage is to take]ων as the genitive of a more general term or as a participle, e.g. [σπεύδ]ων, and to put

Θρη]κιο[in l. 19. Something like [ζητῶν] τις [αὐτὰς εἶλε (Murray) or [εἶ πῶς] τις [. . . would then follow in l. 17.]του in the margin may well be στρα]τοῦ again, with something other than τοῦ παντός preceding as a variant.

18-23. That these two small fragments belong to Col. i is clearly indicated both by their appearance and contents, but their relation to each other and to the rest of the column is not definitely fixed. The worm-eaten edges of both show the same pattern, according to which τ]ὰ Θεσσαλῶν should be in the same line as εἰ]πειτα [δέ. But the worming is not an infallible guide, since the papyrus may not have been folded quite straight; and if εἰ]πειτα δ' is right in l. 23, it is desirable to lengthen the interval between this and the foregoing εἰ]πειτα [δέ. This being granted, a further comparison of the worm-marks in Col. iii suggests that there is no loss between ll. 17 and 18; the adscript of which a few letters remain in the left margin of Col. ii will then be opposite l. 22, and the loss below l. 23 will extend to four verses, in which no doubt Attica was mentioned. At ii. 1 the Peloponnese is reached (Δωρικο[). In ll. 21-2 supplements suggested by W-M are printed *exempli gratia*.

ii. 3-5. ἦκω and δύ[σβατον W-M, who points out that the words ἦκω . . . Κυλ]λήνης . . . χῶρον give a complete sense, which only requires some ornamental amplification (ll. 4-5, e. g. δύ[σβατον or δύ[σκριμνον πέτρας δυσήμερόν] τε). In l. 5 he would emend ἐς to εἰ (e. g. εἰ δ' ἐλ]ληβάτης ἐνταῦθα ποι]μήν κτλ.), but this is hardly justifiable in a passage so mutilated, especially when ἐς suits the context, and the corruption of εἰ would be inexplicable. To substitute θ' for δ' would be less objectionable; the [θ[in the margin (which suggests Θ[έ(ωνος) again) shows that there was some variant here.

6-17. 'Therefore if any shepherd or husbandman or charcoal-burner is by, or one of the nymph-born race of hill-roving satyrs, I announce to them one and all, whosoever captures the thief of Apollo's kine, his forthwith is the reward lying ready.

Silenus. O Phoebus, I heard thy voice raised in loud proclamation, and apprised of the matter with the haste that an old man can command, wishing to become thy favoured benefactor, Phoebus Apollo, I set out on this quest, if haply I may hunt down this thing for thee.'

6-10. The supplements are largely due to W-M, whose restoration of [μαριλοκαν]τῶν in l. 7 from Soph. Fr. 964 is especially attractive (μαριλοκαντῶν' ἀνθρακεντῶν Hesych., καὶ [μαριλοκαύτας] τοὺς ἀνθρακεντάς. Σοφοκλῆς Phot. Lex. 247. 17). ἀγρωστήρ is an unattested form, and the σ is perhaps better omitted, though there is some evidence for ἀγρώστης = ἀγρώτης; ἀγρωτήρ occurs in Steph. Byz. s.v. ἀγρός. In l. 10, if [τὰ δ]ῶρα is supplied, the verse may be continued without alteration τοῦ Παιῶνος ὅστις ἄ]ρνυται, but the lacuna is more satisfactorily filled by [τὸν φ]ῶρα, and the alteration of the following του to τῶν is no violent remedy.

12. δ Φοῖβε is a rather longer supplement than is expected; perhaps an epithet of φωνήμαθ' stood here.

16. The alteration of τῷδ' to τῇδ', which is proposed by W-M, is unnecessary in view of iii. 21.

17. That the aorist of κυνηγεῖν should be formed with a short vowel is remarkable; cf. iii. 22 ἐκκυνηγέσαι.

18-21. This is a puzzling passage. If l. 18 is rightly reconstructed, Silenus means that he wishes his success to be proclaimed, like that of a victor in the games. This, however, is not convincing, nor can I regard Murray's τ[ά] τ' ἄγγε', [οἶ]s μοι . . . μά[λι]στ', ἐπ' [αὐ]λεί[αι]σ[ι] π[ρ]όσθε σο[ῦ] φερον as more satisfactory. It is not certain at the end of l. 18 that φε was not followed by some other letter; and the first of the two gammas is not quite clear and may possibly be ρ or σ, but τ[δ] γὰρ γέ[ρα]s will hardly improve matters. In l. 19 επ[may be εγ[; the difficulty of obtaining a conjunction makes π[ρ]όσθε σ. [preferable to π[ρ]όσθες. [

In l. 20 ὄσσοισι not ὄσοισι is probably to be read; the loss of a σ is intelligible but not its erroneous insertion; some adjectival expression, meaning 'sharp-sighted', seems indicated, but the remains of the end of the verse are not readily adaptable. υ before ε can hardly be avoided, and above the line, between this and the supposed α, there is a slight vestige of ink which might represent a circumflex accent. The letter after β may as well be λ as α. In l. 21 the elision mark is uncertain, but it appears to stand rather too high in the line for the top of a ρ, and an optative here is not unsuitable: 'I would get my sharp-eyed sons to help, if you will perform your promises.'

22. The vestige in front of [.]ω is hardly sufficient to give a clue to the verb; something like χρυσόν or μισθόν παρέξω is wanted, but παρέξω is improbable. μῶνος in iambs is a Sophoclean use.

23. The letters τα[are on a small fragment which no doubt belongs to one of the first three columns, and must on account of the paragraphi come from the bottom of Col. ii; its location in this line is, however, quite conjectural. If it is rightly placed, Fr. 1 will follow below, though whether in 24-5 or 25-6 cannot be determined.

26. The papyrus is broken close beneath this line, but it was most probably the last of the column, since it ranges with iii. 27, and the dialogue works out right on the supposition of the loss of a line at the top of Col. iii.

iii. 3. Murray suggests ποιήσειν μ' ἐλεύθερον, but πο[is perhaps more likely to be ποῖος in some form. Silenus could not easily anticipate what the additional boon was to be.

4. Restored by W-M; cf. vi. 26-vii. 1. From whom Silenus and the Satyrs were to be 'freed' is obscure.

5 sqq. The metre of this short choral ode was partially, and perhaps to a large extent, dochmiac; l. 19 is a dochmiac dimeter, and dochmii occur also in ll. 15-16, while the remains of many of the preceding verses are compatible with the same measure. This dochmiac element, which is rarely employed in songs of the entire chorus—Soph. *El.* 1384-97 is another example—may be regarded as expressing the eagerness and excitement of the Satyrs.

5. It is not clear whether a dot after αγε is the vestige of a letter or a low stop. The cross-bar of the ε has been lengthened by the second hand.

6. βύ[σιν], as W-M remarks, is indicated by the marginal note.

8. Cf. Aristoph. *Av.* 274 οὗτος ὁ σέ τοι.

12. Cf. note on x. 1.

13. That νύχια or a kindred word stood in the text may be inferred from the adscript.

14. ποσσί is a remarkable form, which is, however, credited to Cratinus (Fr. 100, Kock).

15. Murray suggests that εἶπας is for εἶψ', ὥς (cf. ii. 12), but alterations are undesirable with so doubtful a context. The purpose of the paragraphus below this line is obscure.

16-19. The slight remains of the letter before μετ[suggest the base of ε or σ, and are preceded by a diagonal stroke consistent with α, κ, λ, ν, or χ; β[, though imperfect, is almost certain. β[ί]ον ἐμέ τ[ε] or β[.]ας μέτ[α] would suit. It is, however, difficult to obtain a suitable connexion with what follows, which I leave as it stands in the papyrus, though l. 17 is open to some suspicion. συναμα θες was apparently originally written, the final σ being corrected to ο by the second hand, which completed the verse. If συνάμα is right, this is the earliest instance of the word. Taken by themselves ll. 17-19 may be construed: 'Therewith let the friendly god end our toils, who has displayed clear samples of his gold,' i.e. their life would be eased by the attainment of the reward. It appears from this that the gold was actually exhibited on the stage. ἀνέτω can come from either ἀνέναι or ἄγειν; the latter, giving another dochmius, is perhaps preferable.

20-6. *Sil.* 'O ye gods, Fortune and the deity who guidest steps straight, grant me success in the quest whereon I am now to speed forth to track down the plunder, booty, spoil of Phoebus from whom the stolen kine have been ravished. If any man has seen or heard tidings of them, he would both earn my gratitude by telling it, and join in benefitting king Phoebus.'

20. Ἀρ(ιστοφά)ν(ης): there is some variation in the abbreviations taken to represent this name. Here the letters, if rightly read, are *ap* with *ν* above. In vi. 8 and ix. 6 the *ν* is on a level with *ap*, and has an *ι* drawn through its middle; this might well stand for Ἀρ(ιστό)μι(κος), if he were known as a Sophoclean commentator. At vi. 5 *ap* only is written, the *ρ* passing through the *α*, by which e.g. Ἀρίσταρχος could be meant, as we supposed in the Pindar papyrus (cf. 841. ii. 61 note). But the annotator may have allowed himself a certain amount of inconsistency, just as he writes *θεω* and *θε* for *Θέωνος*; and I have therefore avoided a multiplication of the names.

25. *εμοιγ*, not *εμοι τ*, was apparently written, but the latter is probably to be read with W-M, as well as *φράσας* for *δρασας*.

26. I substitute *συντελής* for *προστέλης*, which does not occur elsewhere and may be due to a reminiscence of l. 15 aided by the recurrence of *προσφιλής* immediately above. For the dative cf. Eurip. *H. F.* 1252 *εὐεργέτης βροτοῖσι*.

27. 'Moreover the informer shall be substantially rewarded' seems to have been the sense of this verse and the next; the very slight traces before *αμα* are sufficiently consistent with *λδ[γο]ν θ'* which both W-M and Murray suggest.

iv. 2-6. The Chorus apparently make an appeal for informers to come forward, and this is taken up by Silenus: 'Does any one profess knowledge or are all ignorant? Then we must act for ourselves'; e.g. *φησὶν τις ἢ [οὐδείς φησιν εἰδέναι τὰδε];* *ῥοικεν ἦδη κ[αὶ πρὸς ἔργ' ὀρμᾶν με δεῖν*. Cf. Eurip. *I. T.* 1072.

7. *εἶα*: cf. vii. 10, 1175. 91. 4. The aspiration is stated to be Attic by the Venetus Scholiast on Homer I 262; cf. Herodian, ed. Lentz i. p. 495.

9. The acute accent on *εαν* is doubled, probably because the first accent fell too close to the *ε*.

10. W-M's *δίπους* for *διπλους* is plausible, but as usual I hesitate to accept emendations in a very defective passage.

13. In the present state of the text the merits of the variant *χρησθαι* can hardly be estimated. The paragraph below this line seems to be due to the second hand.

14-v. 12. *Half-Chor.* 'A god, a god, a god, a god. Let be, let be! We seem to have them; hold; do not . . .

Half-Chor. These are the tracks of the kine.

Half-Chor. Hush! A god is leading our colony.

Half-Chor. What are we to do, friend? Were we performing our task aright? What? How say those on this side?

Half-Chor. They say yes, for these marks of themselves give clear proof.

Half-Chor. See, see, here again is the very print of the hoofs!

Half-Chor. Look well! This is the exact measurement.

Half-Chor. Come quickly and . . . if any one's ear catches the noise of the kine.

A noise.

Half-Chor. I do not yet hear their voice clearly, yet here are the very footmarks and the track of those kine plain to view.

Half-Chor. Let be! By Zeus, the footprints are reversed! They look in the opposite direction again; see here! What is this? What is the manner of their arrangement?

The front has been changed to the rear, or again they are entangled in opposite directions. A strange confusion possessed the driver.'

14 sqq. As the paragraphi indicate, the Chorus is here divided into two or more sections, but the distribution of the lines in the papyrus seems to be sometimes at fault. In one place (l. 18) a paragraphus has been cancelled, but probably wrongly, by the second hand. I have adopted the arrangement suggested by W-M, with the slight difference that he would recognize a third section of the Chorus at l. 26. A still further multiplication of parts is quite possible, but smaller divisions than ἡμιχόρια are not absolutely necessary.

14. [εἰα W-M.

15. The vestiges of the letter before ρ, which seems to have been partially rewritten, rather suggest φ, but a τ is not impossible. The imperative of a verb in -τεω or -γεω is apparently required; it would not be satisfactory to suppose that ετεῖ was written for ἐτι.

17. The first three letters of the line were supplied by the corrector, and the sign in the margin no doubt has some reference to the original defect (cf. 1175, Fr. 3. 7); the dash following the γ was presumably inserted to fill up a blank space. ἀποῖ[κία]ν, which appears unavoidable, may be explained as a comic touch.

18. Here again the initial letters proceed from the second hand, but in this case something was previously washed out. The authority apparently quoted in the margin for the v. l. ἐτι was not Ἀρίσταρχος. [ἐξ]ήνομεν, which was suggested by W-M, seems probable, though compounds of ἦνον have not previously occurred; the compound can be avoided, as Murray remarks, by writing [ἀρ'] ἦνομεν.

19. With punctuation after τί, as suggested by Murray, a sufficiently good sense can be extracted from this line. τοιοσ[.] is hardly to be avoided; το is followed by part of a vertical stroke like that of ι or ν, and σ has apparently been written by the second hand through the base of the next letter.

23. αὐτό seems preferable to αὐτό; cf. l. 25. In the marginal note ἐπίσιμον, if that be meant, may be taken to signify 'devious course'; cf. ἐπισιμοῦν, ἀποσιμοῦν: ἐπίτιμον would give no sense. The abbreviated name consists of a Ν with a long Ι through the cross-stroke, and so may begin with either Νι or Ιν. Of these the former is the more likely combination, e.g. Nicander or Nicanor, though neither of these grammarians is known to have commented upon Sophocles.

25. [ἐ]κμε[τρού]μ[ε]νον: or perhaps [ἐ]κμε[μαγ]μ[ε]νον, as Pearson suggests.

26. What was originally written in place of δρομωι, which looks right, is doubtful; there does not seem to have been a ditography of χωρεῖ. The absence of a reference after οὐ(τως) ἦν may imply that δρομωι was in the archetype. After the lacuna]ων is possible; some traces of ink above and beyond εχου are perhaps accidental.

27. This should be the last line of the column, but since the margin is broken off there is no certainty.

v. 1. The correction in the text is repeated as an adscript perhaps for the sake of greater clearness. ροιβδοι was originally written, and the ε may be due to the second hand.

2. ροιβδος is a stage-direction; the context indicates that notes on the lyre are meant.

3. πω is very doubtful: the π may also be γ or τ; τοι, e.g. is not impossible. [τορῶ]ς is due to W-M. φθ[έ]ματος was doubtless written with two gammas, as in viii. 26 Schol., x. 18, &c.; cf. the note on viii. 25-7.

4. The letters αν of αυτα were converted apparently from οι or η. I take ἔχ[υ]ν . . . στίβος as the subject of πάρα and μαθεῖν as epexegetic; W-M would place a stop after στίβος and make τάδε the direct object of μαθεῖν.

7 sqq. Cf. H. Herm. 77-8 ἀντία ποιήσας ὀπλὰς, τὰς πρόσθεν ὅπισθεν, τὰς δ' ὅπισθεν πρόσθεν, κατὰ δ' ἔμπαιον αὐτὸς ἔβαινε.

8. αῖ: so the papyrus, apparently implying punctuation after βήματα. If the accent were ignored and αὐτὰ δ' adopted, a stop should be placed after δέδορκεν instead of at the end of l. 7.

An indistinct mark above the first ε of εἰσίδε might be taken for a grave accent, which would, however, be incorrectly placed.

9. τούτι: the deictic form, so frequent in comedy, has hitherto been regarded as alien from the tragic writers; cf. introd. p. 34.

11. For συμπελεγμένα cf. Xenophon, *Cyn.* 5. 6.

13-15. The construction is somewhat doubtful. Possibly πρόσπαιον is an adverb and κεκλιμένος κυνηγετεῖν expegetic to τέχνην [ἐξ]εῦρες; there would then be only a comma after αἶ, the mark of interrogation being transferred to γῆ.

13-vi. 6. *Sil.* 'What then is this art that you have found, what, I say? It is strange to hunt thus prone on the ground. What is your method? I do not understand. You lie fallen like a hedgehog in a copse, or stooping like an ape you vent your spleen. What is this? Where in the world, in what sort of place, did you learn it? Tell me, for I am ignorant of these ways.

Chor. Hu! Hu! Hu! Hu!

Sil. Why do you make this cry? Whom do you fear? Whom do you see? What terror do you behold? Why do you keep raving? There was a harsh sound hard by: do you desire to learn what it was? Why are ye silent, ye who were erst so loud?

Chor. Nay, be silent!

Sil. What is it there that you keep turning from?

Chor. Listen now!

Sil. How can I listen when I hear no man's voice?

Chor. Be persuaded by me.

Sil. You will never help my pursuit.

Chor. Listen again awhile to this thing, a noise such as no mortal ever heard, whereby we are here dumb-struck and confounded.'

17. ἀποθυμαίνεις, which stands in the papyrus, might perhaps, as W-M suggests, here have the sense of ἀποθυμῆς, *flatum emittis*; cf. ὀρμαίνειν and ὀρμᾶν. But there is no other trace of such a use, and the anapaest is very objectionable. κύβδα appears to be sound, though the δ was originally omitted; there is no authority for κύβα. It is easy to restore metrical regularity by the omission of the preposition; but the sense is unsatisfactory, since the meaning of ἀποθυμῆς is hardly to be attributed to the simple verb, and the reading of the papyrus remains unexplained. I have been tempted to suppose that the original text had ἀπιθμαίνεις, which might easily produce ἀποθυμαίνεις; cf. Hesych. ἰθμαίνων ἀσθμαίνων and ἰσθαίνει ἀναψύχει, ἀποψύχει, ὄζει. But the evidence for this verb is too doubtful to justify its insertion. I therefore print θυμαίνεις, but only *faute de mieux*. Pearson, to whom κύβδα suggests some erotic term, proposes ποθομανής.

18. W-M is no doubt right in substituting τόπω for τρόπω, which may easily have been brought in from the next line.

20. Cf. vii. 12 and Aristoph. *Plut.* 895 where ὃ ὃ, repeated six times, is used to imitate the sound made by a person smelling a feast.

21-5. The restorations are made *exempli gratia*. Those in ll. 21 and 25 were proposed by Murray (who compares with l. 21 Soph. *El.* 1475 τίνα φοβεῖ; τίς ἀγνοεῖς;), those in ll. 23-4 by W-M. That κέρχρος is here to be interpreted as a harsh, grating sound is indicated by the context; cf. Galen, *Gloss. Hippocr.* (Kühn xix, p. 111), who says that the word may signify either ἡ τραχύτης τῆς φάρυγγος or ὁ ἐν τῷ πνεύμονι ψόφος. W-M would emend ἱμείρει[s], to ἱμείρω, but a fair sense is obtainable without alteration, as above, or by writing

ἀ[γχοῦ τίς ἤχε]ι κέρχνος ἰμείρεις μαθεῖν; τ[ὶ δῆτα κτλ. The first ε of *ἰμείρεις* was probably deleted by the second hand; it has a dot over it besides being crossed through. The marginal *oi* for *δ* is no improvement in l. 24.

26. ἀπονοσ[φίξ]εις was suggested by W-M; cf. *Soph. O. T.* 480. The restoration of the first half of the line is facilitated by the crasis adopted in the text; the supplement adopted is of course only one of several possibilities.

vi. 3. Murray here proposed ἐμ[ῆν] δῖω[ξιν], but ῆν can certainly not be got into the lacuna, which is indeed strained to the utmost by the modification printed; *oi, ou* or a single letter would be more satisfactory. The accented letter after *δ* is probably either *ι* or *α*, and the vestige succeeding is not inconsistent with *ω*; *γ* or *π* would also be suitable. ἐμ' [δ]δ' ἀπ[ιστοί γ'] would be consistent with the palaeographical conditions, but is not otherwise convincing. διχ[α] cannot be read. A small vestige before *ω*s suits e.g. *μ* or *λ*, hardly *π*.

4. For *χρήματος* cf. xiv. 23.

5. ἐξωργίσμεθα, if that was the verb of the text, is less appropriate than the marginal ἐξενίσμεθα, although this use of *ξενίζειν* seems otherwise to be post-classical. The compound ἐκπλαγέστες, as read by Aristophanes, is also preferable to the simple verb.

γ-vii. 11. *Sil.* 'Why, pray, are you afraid and fearful of a noise, unclean bodies fashioned of wax, vilest of beasts, who see a terror in each shade and are alarmed at everything, who render slack, heedless, illiberal service, mere bodies, all talk and lust, professing faithfulness, but if ever it is called for, flying from performance. Yet your father, ye vilest of beasts, is one by whose youthful prowess many trophies have been set up at the homes of his brides, who was not wont to turn in flight nor be subdued nor to cower at the noises of hill-fed herds, but did deeds of strength. And their lustre is now disfigured by you at some new cheating noise of shepherds, which you fear like children before seeing its source, abandoning the hope of golden wealth which Phoebus told of and secured, and the freedom which he promised both to you and me; this you neglect, and sleep. If you do not pursue and track down the kine and their driver to their hiding-place, you shall make a noise in lamentation for your very cowardice.

Chor. Father, be present with me and yourself be my guide, that you may know well if there be any cowardice; for you yourself shall learn, if you are present, that your words are nought.

Sil. I will myself be present and urge you on by my voice, sounding the whistle that speeds on the hounds. Come, take your stand at the cross-ways, and I will stay on the scene of action and direct you.'

7. The punctuation apparently indicated by the papyrus is quite defensible (cf. e.g. *Aristoph. Acharn.* 345 μή μοι πρόφασιν) but less natural than that adopted. It can hardly be doubted that a stop was intended, though the dot is not quite in the proper position, being too far from the *ν* and close to the vertical stroke of *φ*.

8. Aristophanes' reading is again preferable to that of the text.

9. *ν* was written by the second hand over an original *μ*. The masculine *ὄντ[ες]* is somewhat awkward with *κάκιστα*, but *ὄντ[α καλ]ν*, which Pearson would prefer, is not adapted to the lacuna, which barely accommodates three narrow letters.

16 sqq. Cf. *Eurip. Cycl.* 2-9.

17. οἴκοις νυμφικοῖς: i. e. the caves of the nymphs; cf. *Homer, H. Aphrod.* 262 (Pearson).

18. δουλ[ο]υμένων is probably sound; *δειλοῦν* is rare and, so far as known, post-classical.

20. ἀ[κ]μαῖσιν: or perhaps ἀ[ιχ]μαῖσιν, and this is preferred by Pearson. For *ἐξεργασμένον* in the active sense, which gives a better antithesis than *ἐξεργασμένα*, cf. e.g. *Soph. Ant.* 262, 384.

21. ἰμῶν is clearly right. Neither ὑπορρυπαίνειν nor ἀπορρυπαίνειν occurs elsewhere.

22. κόλακ[ι] is an unexpected epithet, the meaning of which perhaps here approximates to that of γόης; cf. Moeris, p. 113 γόης Ἀττικοί, κόλαξ Ἑλληνες.

23. [δν] W-M.

24. χ[ρ]υσόφαντος is apparently found only here.

vii. 2. ἀνανοστήσαντες is another novel form, which here seems to mean 'pursue'; cf. Soph. *Phil.* 43 ἐπὶ φορβῆς νόστον. It could hardly signify 'returning from the error of your ways'.

5. συμποδηγεῖν is used by Plato, *Pol.* 269 c, 270 a, but συμποδηγετεῖν is not elsewhere attested.

7. The variant on λέγων, which is doubtless right, appears unintelligent.

10. W-M suggests the easy emendation τρίζυγ' εἰς, but cf. Soph. *Trach.* 339 τοῦ με (?) τήνδ' ἐφίστασαι βάσιν; which confirms the testimony of the papyrus, while this in turn may be cited in support of the view that ἐφίστασαι in *Trach.* 339 is intransitive. For the rough breathing on οἶμον W-M refers to Arcadius 199 (Herodian i. 546, Lentz) τὸ οἶμος, οἶμῳ δασύνεται.

12 sqq. The rhythm of this song, which is unfortunately defective nearly throughout, is largely anapaestic, the anapaests being often resolved into proceleusmatics; cf. Aristoph. *Av.* 327 sqq. and the Hyporcheme of Pratinas (Fr. 1, Bergk). Cretics are also used, while l. 15 is apparently Glyconic.

12. ψ here is apparently used like ψίττα or ψύττα, 'Pst!'

13. ὑπέκλαγες is a novel compound, but ὑποκρίζειν is used by Aelian, *N. A.* 6. 19; for the form cf. the variant κρίγε for κρίκε in Hom. *Π* 470, and the commentators thereon.

15. The second ω of πρωτω has been rewritten.

16. ἔχει is the second person of the passive: 'I have you'; cf. l. 17. η of ἐληλυθεν has been altered by the second hand from ε in both instances.

18. The marginal reading is the more attractive; δευτερωι was probably due to the influence of πρώτω τίς δδε in l. 15.

19. δράκίς is an unknown form, which, however, in consideration of the adjacent γράπις it is rather hazardous to emend to δρακεῖς (Pind. *Nem.* vii. 3, Fr. 123. 2); W-M compares Δόρκις. An acute accent may have disappeared above the α. γράπις is described by Hesychius as εἶδος ὀρνέου.

22. The narrowness of the lacuna indicates that the letter lost before the final ν was probably ο, but the word was apparently not νομον; νο]μι[ο]ν is not impossible.

26. δρ[ι]: or δι[ι].

viii. 2. δε is cancelled by a stroke above the line; cf. x. 6 and 843. 142-3, &c.

8. The confusion between η and ε is common; the former here seems likely to be correct.

9. Not ολβ[ι]: the letter after λ was probably ο or ω.

11. εἰσιθ': W-M would prefer ἐπιθ'.

13-24. *Chor.* 'Father, why are you silent? Did we speak the truth? Do you not hear the sound, or are you deaf?

Sil. Be silent; what is it?

Chor. I shall not stay.

Sil. Stay, if you can.

Chor. I cannot; but do you search and track them down as you please, and enrich yourself by getting the kine and the gold . . .

Sil. But I will by no means allow you to leave me or to withdraw from this task, before we know clearly what is within this dwelling here.'

13-14. *ἔπομεν* and *ψόφον* were restored by W-M. If *ἔπομεν* is right, *μῶν*, for which *οὐκ* would rather be expected, may have an ironical sense, 'You don't mean that we spoke the truth?' But *μῶν* sometimes practically loses its negative force; cf. Stallbaum's note on Plato, *Lys.* 208 c. With the form of l. 14 cf. e.g. Eurip. *Rhes.* 565-6 *Διόμηδες, οὐκ ἤκουσας, ἦ κενὸς ψόφος στάζει δι' ὧτων, τευχέων τινὰ κτύπον*;

15. Since ll. 13-14 and apparently 18-21 must be assigned to the Chorus, the verse contained in ll. 15-17 should be distributed into three parts instead of four as in the papyrus. *τί ἔστιν* is therefore to be combined either with *σί[γα]* or *οὐ μὲνῶ*, and the former alternative is the more natural. W-M prefers *σι[γῶ]*.

A quite different and in some respects not unattractive view of this passage is taken by Pearson. He would keep the arrangement given by the papyrus in ll. 15-19, assigning 16 *τί ἔστιν*, 18 *μὲν, εἰ θέλεις* and 23 sqq. to the Chorus, 17 *οὐ μὲνῶ* and 19-22 to Silenus; the latter then becomes the person anxious to leave the scene, and would do so at l. 22, where the restoration *ὥς ἐμοὶ δοκ[εῖ] μὴ πλείστ[ον] ἔτι μ[ε]ν[οντα] διατρίβειν* χρόνον is suggested *exempli gratia*. So sudden a *volte face* on the part of both Silenus and Satyrs might be comic, but it is hardly natural; moreover this theory also involves a departure from the original, where changes of speaker appear to be indicated by the paragraphi below ll. 24 (25) and ix. 1. Those paragraphi are not easily interpreted as marking the distinction between iambics and lyrics; cf. l. 12, where there is no paragraphus.

17-18. It is clear from the marginal note that l. 18 ended *ὅπη δύνῃ*. For this the annotator wished to substitute *ὅπη θέλεις*, and there would be something to be said for his preference were it not for the awkwardness—which he apparently did not feel—of the repetition of *θέλεις*. W-M points out that this may be removed to the advantage of the sense by simply transposing the two verbs. *δύνῃ* in l. 17 is well suited to the reply of the Chorus *οὐκ ἔστιν*. If *θέλεις* and *δύνῃ* are retained as they stood in the papyrus, *μὲν, εἰ θέλεις* is perhaps best regarded as an unfinished sentence: 'Stay, if you wish (to share in the reward)'; 'Stay, if you please' would be too polite,—unless, indeed, the tone was ironical.

19. *λαβών* W-M.

20 sqq. Since the ends of these lines are on a different fragment, their length cannot be determined very accurately. Some standard of measurement is, however, provided by l. 18, where the supplement is certain, though it is of course not certain at what distance the marginal note was begun from the conclusion of the line. Assuming an interval of average extent, I estimate that there would be about thirteen letters in l. 20 between *χρυσον* and *ἵε*, and the loss in the lines below has been calculated on that basis.

21. *πλείστ[ι]* is hardly to be avoided; *πλείον* can certainly not be read. The letter after the lacuna is probably *ε* or *σ*; that after *τι* may be *μ* or *ν*.

22-4. The restorations of course only aim at giving the apparent sense. *ἐξυπέρχεσθαι* is unknown, but would be a not unnatural poetical variation of *ὑπεξέρχεσθαι*. In l. 24 Murray proposed *ὄ[τιν'] ἡ[δ'] ἔσω κρύπτει στέγη*, which I have adapted to the requirements of the papyrus, the *η* of *ἡ[δ']* being inadmissible. The letter in question, if not *ε*, should be *ρ* or possibly *β*.

25-7. The Chorus make an ineffective summons to the occupant of the cave. *μισ[θό]ν* was restored by W-M, who in the marginal note above proposes *ἄ φνο[ῖ]ς*; but the narrow space and the flourished form of the *ι* are both against *α* and in favour of *-εις*. Possibly *ἀφύζεις* stood in the text. I write *φθέγμα* according to the ordinary orthography, although as W-M remarks, the doubled *γ* which is found here and at x. 18, xi. 15, xii. 3, xiii. 4 was preferred by Herodian; cf. Crönert, *Mem. Gr. Hercul.* p. 69.

ix. 2-18. *Sil.* 'He will not appear to them; but I by making a noise upon the ground with many leaps and kicks will quickly compel him to hear though he be very deaf.

Cyllene. Beasts, why came ye rushing with many shouts to this green wooded hill, abode of animals? What is this device, what this change from the tasks wherewith you erst pleased your lord, who clad in fawn-skin and bearing the light thyrsus was ever wont to raise before you the cry evoe in the god's train along with the nymphs his offspring and the throng of his sons? But now I understand not the matter, whither the gusts of new frenzy whirl you. For it is a riddle! I heard a cry befitting hunters who have come near to the brood of an animal in their lair, and at the same time . . .'

2. τοῖσιν after φαν[εῖτ]αι could hardly be taken as instrumental. For the demonstrative use cf. e.g. Soph. *O. C.* 742 ἐκ δὲ τῶν μάλιστα ἐγώ.

3. πέδορτος, like κυνορτικός in vii. 9, is a ἀπαξ εἰρημένον.

5. ᾗ: the third person is evidently required, and the correction is easy; cf. Soph. *Ani.* 710 κεί τις ᾗ σοφός, and vi. 13 above.

For the redundant ὥστε cf. e.g. Soph. *O. C.* 1350 δικαῶν ὥστ' ἐμοῦ κλύειν λόγους.

6. The marginal variant would have the effect of balancing the epithets, χῶρον ὑλώδη = πάγον ἐνθηρον, but does not seem very probable; possibly even χῶρον is a mistake for χλωρον.

9. εἶπες is strange, and W-M's correction εἶχες is an evident simplification.

10-11. Cf. Eurip. Fr. 752 θύρσοισι καὶ νεβρῶν δοραῖς καθαπτός, *Bacch.* 176 θύρσους ἀνάπτειν καὶ νεβρῶν δορὰς ἔχειν, Strabo c. 719 καθημμένοι νεβρίδας. υμειν, not υμων, was apparently the reading of the papyrus; it may be explained as a *dativus commodi*. νέβρινος is novel. εὐπαλῆς and εὐπαλέως are used by Ap. Rhod. ii. 618, iv. 193.

12. For the middle form εὐιάξερ' cf. Eurip. *Bacch.* 67 Βάκχιον εὐαζομένα. The corrector's εὐιάξες, which is unintelligible, looks as if he had taken εὐιάξερ' for a second person plural active. It was presumably to this word that the marginal note ζῇ(ται) referred. The alteration of the termination involved the transference of the accent, and that on α was cancelled by means of the dots on either side of it, as in 841. vi. 88, ix. 17, 1082. i. iii. 7 (5).

13. The emendation of ποδῶν to παίδων is due to W-M.

14. ν[ε]ω[ν]: the space seems almost too narrow for ω, and would better suit ν[ε]ο[ν], which however is less apposite.

15. Theon's variant, with which of course there would be no stop after γάρ, is less attractive.

16. The first ο of ομον has been converted from ε, and in l. 18 also εμου was probably first written, though there the alteration is less obvious and may be due to the original scribe.

18-23. Though the wording of this passage is elusive, its purport is evident. After mentioning the sounds of hunters on the trail (ll. 15-17) the nymph says that she has also heard accusations of some theft (ll. 18-19), proclamations (ll. 20-1), and finally knocks and kicks on the door (ll. 22-3). In ll. 18-19 αὐ . . . ἐτείνε[τ], if correct, is iterative. αὐ αὐτή[ν] might be read, but the ι is more suitable, and there seems to be nothing for αὐτή[ν] to refer to except τρο[φ]ῆς, which is unsatisfactory, while to emend to αὐλή[ν], as Murray suggests, is too precarious. The letter before αι (or as?) may well be κ, i. e. καί;]ται is not possible. ἐτείνε[τ] is more probably third person singular passive than second person plural active, or ἔτεινε[ν] could be restored, with the division αὐ τ[ε]ς, ἔτεινε[ν] τ[ε]ς being of course excluded on metrical grounds; there is not room for ἔτεινε[ν] ε[ς]. It remains to find some word like βέλη to be the subject of ἐτείνε[τ] or the object of ἔτεινε[ν] and to go with γλώσσης. τόξ[α] καί, however, is too long, while ἰ[ὸ]ν καί is hardly long enough, even if Sophocles were likely to have used the

neuter form, which occurs only once in Homer. A vestige of ink above the lacuna might indeed be the remains of a diaeresis on ι, but it suggests rather a circumflex accent or an inserted letter.] . *εἶναι* at the end of the line is doubtless a perfect infinitive,] *κέναι* or] *χέναι*.

20. *αὔρις*: this form is now admitted as Attic beside *αὔθις*; cf. W-M's note in *Sitzungsber. Preuss. Akad.* 1907, p. 872.

22. I adopt Murray's *σύν*, which is perhaps not inconsistent with the remains, though not at all convincing. *λακ[τίσματος]* depending on *[κ]ληδών* is an alternative.

24-7. The sense seems to be 'But for some other evidence I should have supposed (or, "In other circumstances I should suppose") from such a conflict of sounds that you were mad'. Given the probable φ in l. 26, *ἐ]φη[ν]*, as Murray suggests, is attractive; but I cannot reconcile the remains with *ἐφην ἄν*, and *φα[ί]η[ν]* is another possibility, e. g. *αἰν[αῖσι]* *φα[ί]η[ν]* ἄν *φρενῶν ἡμᾶς νοσεῖν νό[σοις]*,—though *ἄν* and *φρενῶν* could hardly both be read. *θεῶν* is inadmissible before *ἡμᾶς*, but *δαιμόνων* might serve. In l. 24 *αλλως*, if that is right (the *s* is extremely doubtful), may be followed by *η* or *ει*, and the letter after *κ* can be *α*.

27. I should like to read *τί νόμφη]ν ἐπτοεῖτ'*, but though the supposed π of *ποεῖτ* may well be τ (or γ), π for τ is not possible. A fair sense, however, is obtainable with *ἔτι ποεῖτ'*, 'What will you do next to an innocent nymph?'

x. 1-xi. 19. *Chor.* 'Deep-girded nymph, stay this wrath, for indeed no strife of hostile conflict approaches thee, nor methinks would any unfriendly or vain words from us touch thee. Do not thou be forward in reviling me, but graciously disclose this thing, who is it who here below the ground uttered in such wondrous wise an awesome sound.'

Cyll. This is now a gentler mood than before, and seeking thus will you more easily learn than by deeds of strength and attempts upon a hapless nymph. For it pleases me not thus to stir up shrill strife of words. Come, reveal and tell to me calmly what is the thing that ye chiefly need.

Chor. Queen of this region, mighty Cyllene, I will tell thee afterwards for what I came. But tell us of this voice which resounds and what mortal expresses himself therewith.

Cyll. You must know this clearly, that, if you reveal these words of mine, a penalty is in store for yourselves. For in the seats of the gods the deed is concealed in order that no tidings of the story may reach Hera. For Zeus came to the hidden dwelling of the daughter of Atlas . . . and in a lonely cave he begat a son, whom I nurse in my arms; for his mother's strength is shaken by illness. And I staying by the cradle prepare an infant's nurture, food and drink and rest, night and day. But he grows daily to a more than natural stature, so that I am seized by wonder and fear. For though he has been born not yet six days his limbs press on to the maturity of boyhood, and this shoot springs upward and tarries not. Such is the boy who is stored within; and he is still concealed by the command of his father. And the voice of which you ask, ringing out by an unseen instrument, and at which you were much amazed, he himself devised in a single day out of an upturned box; such is the vessel brimful of delight which he fashioned out a dead beast and makes resound below.'

x. 1-8. This short ode is no doubt in strophic correspondence with xi. 20-xii. 1, where the number of lines is the same and so far as preserved they are metrically equivalent, xii. 1, the one complete verse, coinciding with x. 8. The measure is predominantly cretic, with an iambic monometer (ll. 1, 2, 4, 6) or dimeter (l. 3) at the beginning of some of the lines; the last line ends with a brachycatalectic trochaic tetrapody (ithyphallic); cf. xiii. 5-13, xiv. 20-6. The supplements at the ends of ll. 1-4 were suggested by Murray; the restoration of l. 6 and partially of l. 7 is due to W-M.

1. *νύμφη*: cf. xi. 20 *βοῆς*, iii. 12 and xii. 1 *γῆρυν*, xiii. 5 *ὀμφή*, forms which stand in contrast with iii. 12 *πατρικάν*, x. 3 *μάχας*, 8 *ἐγάρυσε* . . . *αὐδά[ν]*, xiv. 26 *τᾶ[σδ]*. I leave these inconsistencies unaltered.

2. *ὦ* of *τοῦδ'* was a later insertion, i. e. the original text combined *τὸδ'* with *νείκος*, which is quite intelligible.

6. *δε* of *μηδε* has been cancelled in the same way as in viii. 2 by a horizontal stroke over the letters.

8. This line, which was originally omitted, has been inserted by the corrector in the upper margin. Probably the note *ἄνω* ('see above') was added at the end of l. 7.

9-13. The restorations printed of the ends of these lines are substantially Murray's. In l. 10 he proposed *ἐκπύ[θοισθε] ῥᾶν ἄν*, suggesting that *θηρῶν* was a mistake for *θῆρες*. But this is unnecessary if *θηρῶν* be regarded as the participle and the singular substituted for the plural; while I prefer *μᾶλλον* to *ῥᾶν* as softening the construction of the following genitives, which are equivalent to *ῆ* with the dative (as e.g. Eurip. *Cycl.* 273-4 *τῷδε τοῦ 'Ραδαμάνθυος μᾶλλον πέποιθα*). *ἀλκασμάτ[ω]ν* in l. 11 and *ὀρθοψάλακτον* in l. 13 are new words. For the former, to which the sign in the left margin is probably intended to draw attention, W-M suggests *λακασμάτ[ω]ν*, and this would be an easy correction; but since *ἀλκάζειν* is attested both by the Etym. Magnum and Hesychius, it is hardly necessary, and *λάκασμα* itself would be *ἅπαξ εἰρημ.*, though *λακάζειν* is used by Aeschylus. The recurrence in this play of *ψαλάσσειν* or its derivatives is rather curious; cf., besides l. 5 above, xiii. 5. If *ὀρθοψάλακτος* is rightly restored in the latter passage, *ὀρθο-* would seem to have the sense of *ὀρθιο-*. [*οὔ*]κ in l. 12 is very uncertain, but perhaps preferable to, e.g., *οὐ* [*π*]ρέπει.

14. *μ[ή]νυέ[μοι]* W-M and Murray.

16. It is questionable whether the speaker here and in the following dialogue is Silenus or the Chorus. W-M would prefer the former, chiefly on account of xiv. 15-17, where see the note; but xii. 2-3 and xiii. 14-16 distinctly point the other way. To give those lines to Silenus is practically to make him here Coryphaeus. It may also be noticed that in ix. 9-13 Silenus (if he is meant by *δεσπότης*) is apparently spoken of as if he were not present; and a comic effect would be produced if, after his valiant protestations, when Cyllene actually emerged he beat a temporary retreat and left the Satyrs to cope with the situation. Pearson would get rid of Silenus rather sooner; cf. the note on viii. 15.

18. The text is probably sound; Theon's v. l. looks like an attempted improvement.

19. *δι[α]χαράσσεται* here appears to have the metaphorical sense acquired by *χαρακτήρ*, &c., but I have found no other instance of such a use of the verb.

25-7. The general sense is evident, but its precise expression is beyond recovery. In l. 25 the initial *ζ* is quite doubtful and may be *τ*; and *γ* of *στε[γ]ην*, which was suggested by W-M, may also be *τ*. At the end of l. 26 Murray proposes *ἀβουλλ[εύ]σατο*, and the verse might then be completed e.g. [*τῇνδ'* ἦλθε, *κάξέπραξεν*].

xi. 2-3. Restored by W-M. Cf. Homer, *H. Herm.* 6-9.

5. [*κάδευτ*]α (W-M) is the natural correlation of *ποτήτα* and need not occasion surprise in the case of such a prodigy. [*κάσθητ*]α would be preferable for a more ordinary infant of six days.

6. *λικνίτις* is a *ἄπαξ εἰρημένον*. On the use of the *λίκνον* as a cradle cf. Miss Harrison's article in *J. H. S.* xxiii. pp. 294 sqq.

7. Compounds of *εὐθερίζειν* seem not to occur; [*ἐξευθ*]ερίζω is well-adapted to the space and, as W-M remarks, has the analogy of *ἐξευτρεπίζειν*, which is used by Euripides in *El.* 75.

8. *ὁ δ'*, which is the obvious supplement, is admissible on the supposition that the *ε* was unelided; otherwise the space would not be filled.

9. A stop may have disappeared at the end of the line.

10-11. οὐπω and [γνίαι]s were restored by W-M. The latter, however, does not produce a very satisfactory line, since παιδός, which has to be constructed with what follows, is awkward, and some supplement on which παιδός would depend, like ἰσχός or δέμας, would have decided advantages. But it seems difficult to obtain this without altering ἐκπεφασμέν[ο]s, for I cannot regard Murray's suggestion [πρίστη]s for πριστήρ ὁδοός as probable; neither is Pearson's [μέτροι]s (cf. Eur. *Ion* 354) convincing. By the marginal note a variant ἔκτεν ἡμέραν πεφασμένος is presumably implied; but there is no reason for preferring this to what stands in the text.

12-13. [κάξορ]μενίζει . . . [βλάστη] = Soph. Fr. 294, preserved in Athen. ii. p. 62 f. and without the name of the play in Eustath. *Il.* p. 899. 17, in both places with the reading ἐπισχολάζεται, for which Meineke proposed κοῦκ ἐτι σχολ., a conjecture now confirmed by the papyrus. Of the variants στέγει and τρέφει the former seems preferable.

14. [δυσεύρε]τος, which Murray suggests, gives a good sense, though the supposed s is a little too far apart from the o. It is necessary to write [r', not [δ', in order to account for the accent, which is clear. [ἐγκλησ]τέος (Pearson) does not suit the remains.

15-19. The restoration of this first account of the lyre is very problematical. W-M's supplement in l. 18 and δ[ονεῖ] at the end of l. 19 look probable; and a relational construction in l. 15, as desired by Murray, seems well suited to the run of the sentence. For the rest I only aim at an indication of the sense. At the beginning of l. 15 the supposed tail of the φ might be taken for an acute accent on the α below, but this is less likely, and αφ[or αψ[is practically certain. In l. 16 και is followed by an upright stroke suiting γ, κ, ν, π, or τ. The word beginning with κ[in l. 17 is rather puzzling; neither κ[ίστης, κ[άλπης (Murray), nor κ[όγχης is convincing,—any more than ἀ[γγος in l. 19.

A word must be added concerning the arrangement of the latter part of this column. The beginnings of ll. 15-26 are on a detached fragment, and since the papyrus is broken immediately below the ε of ἐ[κθανόν]τος (?), there is the bare possibility that there was another line below this [ε], in which case the beginnings of ll. 15-26 would have to be moved a line lower down, ἀφ[corresponding with]s ἡμέρα μῦ, and so on. An additional verse in the much compressed account of the lyre might be thought no disadvantage, and the close conjunction of παῖs and παιδο[in ll. 20-1 would also be obviated. On the other hand the top of the column would not be level with Col. x but would protrude above it, and I am satisfied that the arrangement adopted is correct.

22. The supposed high stop may be the top of an inserted ι.

24.]ον is perhaps the end of the line.

26. εἰ[κ θανόν]τος, W-M; cf. l. 18.

xxii. 2-16. *Cyll.* 'Be not now faithless; faithful are the words of a goddess which greet your ear.'

Chor. How can I believe that the voice of what is dead sounds so loudly?

Cyll. Believe, for the beast received a voice by death, but in life was speechless.

Chor. What was his shape? Long, or curved, or short?

Cyll. Short like a pipkin, curved, with a dappled skin.

Chor. Is he to be compared to a cat or to a panther?

Cyll. Something between, for he is round and short-legged.

Chor. Does he not resemble a lizard or a crab?

Cyll. No, he is not like that either; find some other guise.

Chor. Well, is his shape that of a horned beetle of Etna?

Cyll. Now you have nearly guessed what the animal most resembles.

Chor. Tell us what is the part that sounds, the inside or the outside.

Cyll. It is . . . of . . . skin, akin to a shell.

Chor. By what name do you call it? Supply it if thou hast ought further to tell.

Cyll. The boy calls the beast a tortoise, and the part that sounds, a lyre.

2 sqq. This use of iambic tetrameters in dialogue is unique in Attic drama. The neglect of diaeresis between the two halves of the verse is a noticeable feature. Murray observes that the same metre is possibly to be recognized in *Soph. Fr. 672*. With the enigmatical description of the tortoise cf. the *griphus* of Pacuvius, ap. Cic. *De Divin.* ii. 133:

Quadrupes tardigrada, agrestis, humilis, aspera,

Capite brevi, cervice anguina, aspectu truci,

Eviscerata, inanima, cum animali sono.

See introd. p. 34.

4. Cf. Nicand. *Alex.* 561 αἰδέσσαν ἔθηκεν ἀναύδητόν περ ἑούσαν. τῶν is obviously an error for ζῶν, which is rightly supplied by the marginal note. How this continued is uncertain; νη[ύδος, which is suggested by Mr. Allen, is plausible, but the form is unknown; νε[may also be read.

6. There is not much to choose between χυτρώδης and the v. l. τροχώδης; the former occurs only here. ρικνοῦσθαι is cited from the *Ichneutae* by Photius and Suidas (*Soph. Fr.* 295), the reference perhaps being to the present passage, although their interpretations of the word are inapposite here.

7. αἰέλουρος was known to be a Sophoclean form from the Berlin MS. of Photius lately edited by Reitzenstein, *Anfang Lex. Phot.*

The use of τως for ὤς, which here does not admit of the same easy remedy as in ii. 12, is very remarkable. τῶς = ὤς is common in Epic poetry and also occurs in the lyrics of Aeschylus and in *Soph. Aj.* 841, a passage generally regarded as spurious. Of τως = ὤς, ut, the only examples adduced are Aristoph. *Ach.* 762 (Doric) and Aesch. *S. c. Th.* 637.

9. W-M's substitution of the nom. for the datives after ὤς is plainly necessary. προσφέρεις ὤς does not apparently actually occur, but cf. e.g. the use of ὁμοίος with ὥσπερ, ὥστε, &c.

11. Αἰτναῖος: cf. *Soph. Fr.* 165 ἀλλ' οὐδὲ μὲν δὴ κάνθαρος τῶν Αἰτναίων πάντως, and Aristoph. *Pax* 73 Αἰτναῖον μέγιστον κάνθαρον with the scholia thereon, whence the Sophoclean fragment is derived.

14. ὁρίνη seems to be a compound of ῥινός formed in the same way as κοσκινόρινος, which is cited by Hesychius, although a compound of this kind would not be expected to have three terminations. ορεινή was written by the copyist, but over the ε there is a clear dot which was presumably intended to cancel it; ὀρεινή would be a suitable epithet of the tortoise itself (cf. e.g. *H. Herm.* 33 χέλυσ ὀρεσι ζῶουσα, 42 ὀρεσκόφιο χελώνης) but hardly of its shell in this context, and a reference to the shell is expected from the question in l. 13. At the end of the verse neither the text nor the marginal variant is intelligible; the former, as W-M remarks, looks like a mixture of τῶν ὀστράκων and ὀστρέων, and, with ὁρίνη, it appears probable that τῶν ὀστράκων was the original reading; cf. *H. Herm.* 32-3 πόθεν τόδε καλὸν ἄθρυμα αἰόλον ὀστρακὸν ἔσσο; If on the other hand the verse be supposed to refer to the whole animal and not only the shell, ὀρεινή and ὀστρέων will make the better antithesis.

15. πλ[έ]ον: or possibly πα[ρ]ῶν.

16. [τὸν . . . χέλυ. Murray.

18. sqq. Cf. the description of the lyre in *H. Herm.* 47 sqq., Lucian, *Deor. Dialog.* 7. 4. δέρμα probably refers to the cow's hide; cf. xiii. 21-4 and xiv. 24. For the next word κ[ῶ]στρακον, which W-M suggests, is possible.

Where the stichomythia stops is uncertain; it may extend a few lines beyond this point.

19. κλαγγά[νειν] is used by *Soph. Fr.* 874. 4 of birds.

24.]αμματο[might well be ἀμμάτω[ν, for which the corrector wished to substitute δμμάτω[ν. Too little of the α is preserved to show whether there was a deletion.

xiii. 1-16. *Cyll.* '... And this is an assuagement of pain and refreshment to him alone, and he delights in the mad joy and in singing an accompaniment of song; for he is exalted by the cunning device of the lyre. Thus did the boy design a voice for a dead beast.

Chor. A loud voice goes forth over the land, and through its tones culls clear images of the scene (?). But the point to which step by step I bring the matter is, know that the deity, whoever he is, who invented this, he and none other is the thief, lady, for sure. But be not enraged nor wrathful at this.

Cyll. What delusion possesses you? Whom do you revile for theft?

Chor. By Zeus, lady, I would not vex thee.

Chor. Do you call the son of Zeus a robber?'

1. ἄκεστρον as a synonym of φάρμακον is attributed by Hesychius to the *Palamedes* of Sophocles (Fr. 439); παραψυκτήριον is not otherwise attested.

2-3. The nymph does not seem to have taken much pleasure in Hermes' musical efforts. Homer makes the audience more appreciative: *H. Herm.* 60 ἀμφιπόλους τε γέραιε καὶ ἀγλαὰ δώματα νύμφης, though there too (54, 420) the lyre σμερδαλέον κονάβησε. For καὶ . . . ξύμφωνον cf. *ibid.* 54-5 θεὸς δ' ὑπὸ καλὸν ἄειδεν ἐξ αὐτοσχεδῆς περὶ μένος. At the end of the line W-M's μέλος is better than ἔπος, of which I had thought.

3. αἰδολισμα: cf. *Soph.* Fr. 826 μηδ' αἰδολίξε ταῦτα (Schol. Theocr. i. 56), and *Bekk. Anecd.* 361. 2 αἰολίξιν τὸ ποικίλλειν οὕτω Σοφοκλῆς. The substantive is found only here.

4. Cf. *H. Herm.* 38 ἦν δὲ θάνης, τότε κεν μάλα καλὸν αἰέδοις.

5-7. Lines 5-11 evidently correspond to xiv. 20-6, as x. 1-8 did to xi. 20-xii. 1, and the metrical scheme is of the same character as before. In l. 5 οψαλακτος is a *vox nihili*, and a comparison of xiv. 20 indicates that a syllable is missing. W-M suggests ἀπροψάλακτος, Murray ὀρθοψάλακτος, of which I adopt the latter partly because there is already evidence for that compound (x. 13), partly because it would perhaps lend itself rather more readily to the corruption. A further defect is disclosed at the beginning of l. 6, where the papyrus gives a spondee instead of a cretic. The mark of length on πρεπτά, which was accordingly constructed with ὁμφή, is thus suspect, and becomes further discredited through W-M's apt reference to Hesych. πρεπτά· φαντάσματα, εἰκόνες, which appears to relate to this very passage. I have therefore inserted δ' αὖ, which removes the asyndeton and might rather easily have dropped out before διὰ.

But though metrical regularity may be restored without difficulty, ll. 6-7 remain not a little obscure. ἐπανθεμίξιν does not occur, but ἀνθεμίξισθαι is used by Aeschylus, *Suppl.* 73 γοῶν δ' ἀνθεμίξομαι, which the scholiast explains τῶν γόνων τὸ ἄνθος ἀποδρέπομαι. 'The song plucks local images' might be interpreted as meaning that the scenery was depicted by the song; if Hermes was singing as well as playing, this mode of description is perhaps not incredible. It is hardly to the point to cite P. Hibeh 13. 31-2 οὐδὲ αἰσχυν[όμενον]· ἐξεπ[εῖν] τῶ[ν] μελῶν τὰ μὲν δάφνης ἔξιν [ἰδιόν] τι, τὰ δὲ κίττου, for the Satyrs who are hearing music for the first time could not be credited with perceptions of this kind. Or possibly ἐπανθεμίξει is intransitive and repeats the idea of κατοικνέι, 'fantasies flit over the scene' like a bird or bee from flower to flower. In any case the active form, and not Theon's variant ἐπανθεμίζεται, is shown by xiv. 23 to be correct.

Line 6 originally protruded slightly beyond ll. 7 sqq. and the irregularity has been removed by the corrector, who washed out π and converted the ρ to π, interlineating another ρ. Why the scribe wrote the line thus is not clear. The simplest explanation perhaps is that

he inadvertently ranged it with *χο(ρός)* instead of with *οψαλακτος*, and then observing the mistake put the rest of the ode in its right position. The objection to this is that the first hand is not elsewhere responsible for the *dramatis personae*. Owing to a hole in the papyrus at this point both the hand and the reading are uncertain.

8. *υ* of *ουπερ* has been enclosed, by the second hand no doubt, between two dots, but a long syllable is demanded by the metre. It is perhaps unnecessary to emend to *οιπερ*; cf. Kühner-Gerth, i. p. 545.

9-10. The construction is changed, the sentence having begun as if *ὄντα τὸν κλοπέα* was to follow.

12-13. Line 13 is unsatisfactory both metrically and because *μηδέ* is expected. One easy method of correction is to insert *μη* between *ἐμοί* and *δέ*, which produces an iambic dimeter + a cretic (cf. x. 3) followed by an ithyphallicum. W-M however prefers to emend *ἐμοί δέ* to *μηδέ*, regarding ll. 12-13 not as forming part of the strophe but as a catalectic iambic tetrameter closing the foregoing tetrametric series. The question is not decided by the antistrophe in Col. xiv, since the papyrus is defective after the line corresponding to l. 11. *δυσφορηθῆς* (not *-σης*) is noticeable; cf. the v. l. *δυσφορούμενος* in Xen. *Cyr.* ii. 2. 5.

15. Restored by W-M; the slight remains of the letter before *ερα* are quite consistent with a *β*. For *χειμάζειν* cf. Ammon. p. 146 *χειμάζειν οὐ μόνον τὸ παραχειμάζειν ἀλλὰ καὶ τὸ ἐνοχλεῖν, ὡς Μένανδρος Ἡνιόχῳ*. W-M points out that *εὐδῖαν ἔχων* in xiv. 4 reverts to the same image.

16. Cf. xiv. 7. W-M suggests as an alternative [*τὸν ἐκ Δίος δὲ φύ*] *ντα*, which, however, is hardly long enough to fill the space. In the spelling *φιλήτην* the papyrus repeats a common error; cf. 1084. 3, note.

17. *κλο[πῇ]* here perhaps has a concrete sense similar to that given to the plural by Eurip. *Hel.* 1675 *ἐπεὶ κλοπὰς σὰς ἐκ δόμων ἐδέξατο* (om. *σὰς* LG, add. l., *κλοπαῖαν σ'* Herwerden). If so, something like [*ὄν γ' ἐντυχὼν λάβοιμ'*] *ἄν* might be restored.

20-4. The first 20 lines of Col. xiv are occupied by a speech of Cyllene, but at what point this commenced is uncertain. There is no clear evidence that the stichomythia extends beyond l. 19. *κεκλο[φέναι] (?) σάφ[ι] οἶδ' ἐγώ (?)* in l. 20 may be attributed to either the Chorus or Cyllene, according as the sentence is supposed to have been positive or negative. Lines 21-4 apparently relate to the cowhide as evidence of the theft, and if the hide had been referred to in Col. xii (cf. note on xii. 18), all these lines might perhaps belong to the Chorus; but in any case Cyllene's long speech is not likely to have begun more than a line or two before xiv. 1.

In l. 24 the supposed *φ* is very doubtful; what has been taken to represent the top of it may be e.g. part of an acute accent.

xiv. 1-3. W-M supposes the meaning of these lines to have been 'I now see that I was wrong in supposing that I was being made the object of just a harmless jest'. This however is uncertain, for an admission of error is not necessarily implied by the context, and the sense may be more simply 'I see that you are merely amusing yourselves at my expense; that is all very well, but don't include the boy'.

4-26. 'For the future with tranquillity so far as regards me, if it gives you pleasure or you think to gain, laugh and make your heart glad as you will. But mock not at the boy, who is of a surety the son of Zeus, bringing a novel tale against a new-born child. For he inherits not from his father a thievish nature, nor does theft prevail in his mother's stock. If then there is a theft, seek the thief in a man who is needy and poor; but in the boy's house is no hunger. Look at his birth, fasten the crime wherever it is due, but on him it is not meet to fasten it. Nay, you are ever a child; for though you are a young man with beard

full-grown you revel as a goat in the thistles. Cease courting pleasure with your bald pate. Will not the utterer of foolish jests anon be caused by the gods to weep? So I think.

Chor. Turn and twist with thy tales, find what polished legend thou wilt; for of this thou wilt not persuade me, that he who wrought this hide-fastened thing stole the skin from other kine than those of Loxias. Draw me not away from this path.'

4-10. A restoration *exempli gratia* of ll. 5-10 has been made by W-M, and I have added a provisional completion of l. 4. The supplements in ll. 7 and 9 were also proposed independently by Murray. In l. 4 εὐδῖαν ἔχων is the opposite of χειμαζόμενος: the jest may run a free course if it is confined to Cyllene. In l. 8 I have substituted ποιῶν for W-M's πλάσσων, which is too long with σκῶπτε.

12. πανῖ is unintelligible, and W-M plausibly emends this to πευνῖ, i.e. πευνῆ, according to the Attic spelling. With the corrector's δ' for τ a good sense is thus obtained; his rough breathing instead of a smooth was perhaps a mere slip. Pearson suggests as an alternative τοῦδε δ', οὐ π(λ)ανῖ δόμο(ν)ς, [δκν]ει, which is rather less forcible.—Cf. Philostr. *Imag.* i. 26 οὐτι που ταῦτα πενία δρῶν ὁ θεός.

13-14. Restored by W-M. For πρὸς . . . ἥκει cf. Aristoph. *Plut.* 919 εἰς ἔμ' ἥκει τῆς πόλεως τὰ πράγματα: δ before ουχ is written over an almost effaced τ.

15. εἰ σὺ is an easy correction of εἰσι: the σ shows signs of alteration. For νέος W-M would substitute πάλαι, which is certainly more consistent with the tenor of the sentence as well as with l. 17. νέος could have come in as a gloss on παῖς; that some difficulty was felt about it might possibly be inferred from the erratic punctuation. But a young Satyr may very well be πάγωνι θάλλων, and baldness, though no doubt a characteristic of the Papposilenus (cf. Eurip. *Cycl.* 227), is in Satyrs not necessarily a sign of age; it will suffice to refer to the well-known Brygos vase (Brit. Mus. E 65). Miss Harrison, to whom I am indebted for some information on this point, writes 'Practically the young Satyrs are as often bald as haired'. Cf. also Eurip. *Cycl.* 434. I have therefore considered it safer to leave the text as it stands, more particularly since this is consistent with what appears to be the more natural attribution of xii. 3 sqq. and xiii. 15 sqq.; cf. the note on x. 16.

Whether the short horizontal stroke at the end of this line has any significance is doubtful.

16. Cf. Soph. Fr. 764 σφαδᾶζεις πῶλος ὥς εὐφορβία. The inferior spelling κῦκος is found in MSS. of Theophrastus and elsewhere.

18-19. This is a difficult couplet. The last seven letters of l. 18 were inserted by the corrector, who probably washed out some previous writing, though no legible trace of it remains. The latter part of l. 19 as originally written makes no sense, nor does the inter-linear τ improve matters; a suitable construction is, however, supplied by the marginal adscript. But the passage is still hardly satisfactory, though not impossible, since the result of an action is sometimes expressed as a purpose and ὥς ἐγὼ γελῶ might thus be interpreted as practically meaning 'and then I shall laugh'. The metathesis adopted of γ and λ is, however, a very gentle remedy; additional clearness might perhaps be obtained by the insertion of σ' after κλαίειν. W-M would emend ἐκ θεῶν to εἰς θεούς, suggesting ὥς ἐγὼ (σ' ὀρῶ) at the end of l. 19.

21. θελοῖς was the reading of the first hand; the corrector has written εἰ over the ο and turned the ι into σ, deleting the original σ both by a dot above and crossing the letter through. ἀπόψηκτος, 'well-groomed,' i.e. elaborate, is a new adjective, as is also ῥινοκόλλητος below.

23. The correct reading is again given in the margin. An additional syllable required at the beginning of line to restore correspondence with xiii. 8 is easily obtained by writing ὅπως (so W-M and Murray).

25. ἦ] πό W-M.

xv. 1-6. This small detached fragment is apparently stichomythic and is suitably placed in the upper part of Col. xv. Perhaps ll. 6 and 7 should be combined. In l. 2 the vestige from the bottom of a letter before *a* suits a *π*, but is very indecisive. The restorations in ll. 3-6 attempt to indicate the purport of the passage.

15. The scanty remains suggest *πο[v]* rather than *πω[s]*. *βοες* might well be read, but *νέμονται* would then be expected rather than *νέμονσι*, and the top, which is all that remains, of the doubtful letter is perhaps not inconsistent with an *a*; but the form *βόας* is also questionable. In front of this line there are some inkmarks which may be read as e. g. a *σ* with a dot above, but their meaning is quite dubious.

18. The alteration of *ο δ'* to *ὄς*, which is proposed by both W-M and Murray, is an improvement. *δ δ'* is a correction by the second hand from *τοδ*.

19. There is no reason for preferring the v. l. *παύου* to *παύσαι*. W-M's emendation of *τοῦ* to *τόν* produces a normal attributive genitive. Parallels to *τοῦ* here are however not altogether wanting, e. g. Hdt. i. 2 *τοῦ βασιλέως τὴν θυγατέρα*, Thuc. ii. 85 *τὴν γῆν τῶν Κυδωνιατῶν*.

20. *ἐξέλαν θέλοι* (W-M) is one of several possible supplements, e. g. *ἐξάγοι ποτέ*.

21. After completing this line, for the form of which cf. Soph. *Antig.* 573 *ἄγαν γε λυπεῖς καὶ σὺ καὶ τὸ σὸν λέχος*, I was glad to find that the same supplement had occurred to both W-M and Murray.

22. Perhaps *[ἀπο]λεί σε*, as Murray suggests. The letter following is either *γ* or *π*, and the next possibly *η*. Between *υῖ* and *ἐξέλαν* there would only be room for a narrow letter, e. g. *σ*.

xvi. The position of the fragment containing the remains of Cols. xvi and xvii is unfortunately a matter of doubt. After some hesitation I have rejected the hypothesis, to which I was at one time inclined, that Cols. xv and xvi should be combined. What chiefly suggested that view was the coincidence that *ῥος* in the third line of the scholium is on a level with xv. 18, where *τοδ* has been altered to *ο δ'*; and hence a marginal variant *ἐγκεκλημένος* on an original *ἐγκεκλημένον* would be very natural. The further possibility then presented itself that the mutilated first word in xv. 16 might be *πελέθους*, to which l. 1 of the scholium would refer. To this, however, there are grave palaeographical objections, for even if the exiguous traces were consistent with *ηθ*, as I think they are not, the space between these letters and *π* is too narrow for *ελ* as ordinarily written. That *π[ελέθους βοῶν]* would stand slightly below l. 16 is a minor matter. When to these external considerations are added (1) the wide difference which would have to be supposed between the variant and the text, if *π[ελέθους βοῶν]* referred to l. 16, and (2) the difficulty urged by W-M, that more than the 10-11 lines which would intervene between xv. 22 and xvii. 5 seem to be needed to bring about the discomfiture of the nymph, who is still stoutly maintaining her position at the end of Col. xv and might be expected to make a speech of some length before her disappearance,—the case for the combination of Cols. xv and xvi cannot seriously be defended. Whether more than a single column of text intervened between Col. xv and Col. xvii is indeterminable; but it is well to make the gap as slight as possible, and quite legitimate to suppose that Cols. xv and xvi were consecutive.

xvii. 1-4. Enough of the margin above l. 5 is preserved to show that the four preceding lines were indented like ll. 8-9.

5-7. So far as they go these lines correspond metrically with 10-12. Their rhythm is like that of x. 1 sqq. and xiii. 5 sqq.

In l. 5 some vestiges of ink above the letters deleted after the second *ιου* are regarded as representing a paragraphus, but they might be remains of letters inserted above the line. The mark following the interlinear *τ* in l. 6 might be taken for *ι*, but a dot is expected on

both sides of the τ , and τi here would be difficult. A short oblique stroke between $\phi\eta$ and the next letter (which may be γ) is possibly meant for a high stop.

13. [τi] $\nu\bar{\nu}$ [is improbable.

19-20. Some inkmarks in the margin here are very likely accidental.

Frs. 1-10. These small pieces accompanied the earlier columns of the papyrus and are shown to come from the lower portions by their worm-eaten appearance; they are likely to belong for the most part to Cols. i-ii.

Fr. 1 being part of a dialogue must be from the bottom of Col. ii, and is to be referred to ll. 24-5 or 25-6, if the small fragment containing the letters $\tau\alpha$ [is rightly placed in l. 23.

Fr. 2. This fragment cannot, I think, be placed so that the δ in l. 2 forms part of the first σ of $\delta\sigma\sigma\sigma\iota\sigma\iota$ in ii. 20.

Frs. 11-18. Col. ix rather than Col. x is probably the source of these small decayed fragments.

Fr. 21. If $\gamma\nu$ [is the vocative $\gamma\nu\alpha$, as its position near the end of the line suggests, this fragment may well belong to Col. xv, more especially if it is the top of a column. The stop after ϵ in l. 2 is doubtful, and might be part of a ν which need not be the end of the line.

Fr. 22. Col. xvii is rather suggested by the appearance of the fragment.

Frs. 23 (a) and (b). These two fragments are brought into connexion by the scholium in the upper margin, but there is no direct junction.

Frs. 26-7. I am unable to find a likely place for either of these pieces, both of which are from the top of a column, in Col. iii.

Frs. 34-5. These fragments do not appear to belong to any of the choral parts in Cols. i-xv. In Fr. 35. 3 $\tau\bar{\nu}$ $\theta\alpha\nu\delta$ [$\nu\tau\sigma$ is possible, but it is improbable that the fragment came from the bottom of Col. xi.

1175. SOPHOCLES, *Eurypylus*.

Fr. 5 14.2 x 32.5 cm. Late second century. Plates
III-IV (Frs. 3, 5, 6, 79,
80, 91, 94).

These fragments of a tragedy, as explained in the introduction to 1174, come from a MS. which was apparently designed to be uniform with that papyrus. The height of the columns is the same, the hand though varying sometimes in size is identical, accents, &c., have been inserted in the same manner, and the same corrector has added variants similar in character to those in 1174. That the two dramas were included in a single roll is however unlikely, since this would involve a roll of abnormal length, if the tragedy was of ordinary compass. The columns of Fr. 5 contain one or two lines more than is usual in 1174, but this is due to a reduction in the size of the script. The ink also in those columns

is blacker than generally in the *Ichneutae* papyrus, but in other fragments, e.g. Frs. 4, 6, 9-40, it is of the same reddish-brown colour as there.

There is thus a *prima facie* probability that the tragedian is Sophocles; and internal evidence raises the probability to a practical certainty. The style is hardly to be mistaken, and to clinch the argument a coincidence occurs at Fr. 5. i. 9 with an extant Sophoclean fragment. But that fragment is not referred to any particular play, and to determine this is not quite so easy. Its subject however is evident: it was concerned with the Trojan War and related the death of Eurypylus at the hands of Neoptolemus. This event is reported by a messenger in Fr. 5, and his account is addressed to a woman (ii. 11 *φυράν*, cf. 6), who laments her loss and blames herself for the occurrence. She must therefore be Eurypylus' mother Astyoche, sister of Priam and wife of Telephus, who had been induced by the gift of the golden vine to allow her son to go from Mysia to the assistance of the Trojans (Schol. Homer λ 520, Quintus Smyrn. vi. 135 sqq.; cf. v. Wilamowitz, *Hom. Untersuch.* p. 152). Of the known titles of plays by Sophocles, though there are several, e.g. the *Phrygians*, which vaguely imply a Trojan theme, only one is at all suggestive of this particular story, the *Mysians*. So far as the papyrus goes, a Mysian Chorus is quite possible. But one of the extant fragments of the *Μυσοί* (377) indicates that the scene of that play was laid in Mysia, whereas in the papyrus the scene, as would rather be expected, appears to be Troy (see below). To suppose that the queen accompanied her son thither would fall in with the tradition which represents her as taken into captivity with the other daughters of Laomedon at the end of the war (Tzetzes, *Lyc.* 921. 1075). If, however, a new title has to be found, the most obvious is the name of the hero whose death was such a prominent incident. Moreover, there is already some slight independent evidence for the attribution of an *Eurypylus* to Sophocles. A play so called is mentioned by Aristotle, *Poetics*, p. 1459 b, among others based upon the *Little Iliad* (cf. Schol. Eurip. *Tro.* 822); and a guarded suggestion that the author was Sophocles was put forward by T. Tyrwhitt, *Arist. Poet.* p. 191, on the strength of Plutarch, *De cohib. ira*, c. 10 (Soph. Fr. 768), which proved that a play of his dealt with the combat of Eurypylus and Neoptolemus; cf. the note below on Fr. 5. i. 9-10. But this shrewd guess (the reference to which I owe to Wilamowitz) rested on rather slender foundations, and has received scant attention; Nauck passes it unnoticed. Nevertheless it seems to have hit the truth; at any rate the *Eurypylus* is a most suitable title for the fragments before us, and this accordingly is provisionally adopted.

The papyrus is in a deplorable condition, which is the more unfortunate because the remains indicate a play of much originality and interest. Of one peculiar feature there is no doubt, the division of the messenger's report into

two parts, divided by a short interlude in which Astyoche expresses her grief, and is answered in brief lyric passages by the Chorus (Fr. 5. ii. 2-20). Fr. 6 with little doubt followed on the conclusion of the messenger's speech, and seems to be part of a longer and more elaborate *commos* between the Chorus and the bereaved queen. In Frs. 7 and 8 references may be recognized to arrangements for the burial of Eurypylus (Fr. 7. 3-7, Fr. 8. ii. 8), and those pieces with Fr. 9, which may well belong to the same context (ll. 5, 7), are suitably assigned to a succeeding scene. A few fragments on the other hand may be supposed to precede Fr. 5, though their position is more hypothetical. In Frs. 1 and 3 there is a rapid dialogue, and Wilamowitz suggests that the speakers are Eurypylus and Neoptolemus (cf. Fr. 1. 8 Σκύρον), engaging in the altercation which was the usual antecedent of the heroic duel (cf. Quintus Smyrn. viii. 138 sqq.). This, if correct, would seem to involve another singularity of structure, for Eurypylus and Neoptolemus could hardly meet except on the battlefield, whereas Astyoche would naturally be kept in the city. It is, however, quite uncertain that Neoptolemus was introduced here. The reference to Scyros can easily have been made by some other person, and Fr. 3 is capable of a quite different interpretation; cf. the note on ll. 4-6. Fr. 2 is doubtfully grouped with Frs. 1 and 3. Fr. 4 is perhaps concerned with the preliminaries of the contest (ll. 10-11). Further back the papyrus fails to carry us. In the *Tabula Iliaca* the representation of the death of Eurypylus is preceded by a scene in which two men stand before an altar. Wilamowitz has conjectured (*Isyllos*, p. 48³) that the hero is there promising deliverance to the Trojans, and something of the sort may be supposed to have occurred in the earlier part of Sophocles' drama; but this is only guesswork.

In the arrangement of the remaining fragments, whose contents provide no real clue to their order, the main principle has been their appearance. Frs. 9-40, with Frs. 4, 6, and 7, are distinguished by a comparative smallness in the size of the letters and the light colour of the ink; Frs. 76-7, which were found separately, are akin to that group. In Frs. 41-75 and 78, as in Frs. 1-3 and 8, the hand tends to be larger and the ink blacker. A further increase in size, accompanied for the most part by a brown ink, is seen in Frs. 79-107, Frs. 91 sqq. being marked off by the uprightness of the writing; Fr. 64 should perhaps be put in the latter class. That all these belong to the *Eurypylus* is by no means certain or even probable. Some of them, as stated in the introduction to 1174, may come from the *Ichneutae*, others from another source. The only substantial piece, apart from those already considered, is Fr. 91. In l. 4 some one is told to start with speed on some errand; subsequently a lady of rank (Astyoche?) is addressed by the Chorus, and an allusion made to the departure of a stranger.

Further on Agamemnon is mentioned, apparently as waiting in the distance (ll. 22-3); and Wilamowitz suggests that he was expecting the stranger, now recognized to have been a spy. The situation might thus have been something like that of the *Rhesus*, and there is no difficulty in attributing such a scene to the present play, for which the story of the death of Eurypylus by itself perhaps hardly provided sufficient material. On the other hand, since the connexion of the scene with that story is not clear, and the evidence of the script is indecisive, the attribution of Fr. 91 and the associated smaller pieces to the *Eurypylus* must be made with a certain reserve. Fr. 95, which contains some colourless reflections on the instability of fortune, gives no assistance.

In addition to the lection-signs noted in connexion with 1174, a curved ligature connecting parts of words is twice used (Fr. 5. ii. 3, iii. 11; cf. e.g. 841, 852, 1082). This is the complement of the *diastole*, employed to separate words, which occurs in several places (Fr. 3. 4, Fr. 5. iii. 10, 11, Fr. 6. 12). An oxytone word is sometimes given an acute accent on the final syllable instead of a grave on the penultimate (Fr. 5. ii. 24, iii. 11; cf. 1082. Fr. 3. ii. 2).

. . .		

Fr. 1. On the arrangement and supposed contents of this and the three following small fragments cf. introd. p. 88.

6. ειτ: or ει[ρ]γ. The following letters are cancelled by a horizontal stroke drawn above them; cf. 1174. viii. 2, x. 6. A very slight vestige of the letter after ων suggests α or δ.

11. The remains in the margin belong to a note referring to the previous column.

14. The letters].γα and the succeeding lines are on a detached fragment, which is most probably part of this column, though whether it is rightly placed as above is uncertain. A paragraphus may be lost below the beginning of the line.

18. There are some small traces of ink in the margin opposite this line.

Fr. 2. I have had some inclination to assign this fragment to 1174 on account partly of its appearance and partly of the variant *τουτί* in l. 4, for which cf. 1174. v. 9. Line 2 is not decisive, since *Τηλέφου* would be doubtful even if *φου* were certain, which it is not; *φεν* is possible. Above the ν (or μ) in l. 4 is a dot which may represent another interlinear letter, but this cannot be brought into connexion with the overwritten ι, from which it is separated by the high stop.

Fr. 3. 4-6. *κόραξ . . . θυηλη*: W-M suggests that the reference is to the rapacity which did not respect sacrificial offerings; cf. Aesch. *Suppl.* 751-2 *κόρακες ὥστε, βωμῶν ἀλέγοντες οὐδέν*, Babrius 78. Murray, understanding the fragment differently, suggests as a restoration of ll. 3-6 (Eὐρ.) *ἐδεξάμην τ[ὸ] ρήθην ὥς ἄριστος ὦν* *κόραξ ἐπ[ὶ]δ[ὲ]ι μάντις . . . (Ἀστ.?) ἄριστος, ὃ δύσ[τ]τηνε; δύσφημον μὲν οὖν* *κράζει θυηλη*[ν] *Ἄρεος ὥς ὀλωλόντων*. The remains are really too slight to give any clear clue to the situation.

7. The sign in the margin is like that at 1174. iv. 17, a line in which an insertion was made by the corrector.

8. *τι* may of course be indefinite.

10. *[φί]λων*: or *[ἄλ]λων*.

Fr. 5. i. 8. *δ[ια]βεβλημ[έν] . .*, if right, may be constructed with *μεταχ[μι] . .*; but perhaps *]ια βεβλημ[έν] . .* should be read.

9-10. The coincidence with Soph. Fr. 768 was perceived by W-M. The fragment is preserved in Plutarch, *De cohīb. ira*, 10, p. 458 e *καὶ τὸν Νεοπτόλεμον ὁ Σοφοκλῆς καὶ τὸν Εὐρύπυλον ὀπλίσας ἐκόμπασ' ἀλοιδόρητα, φησὶν, ἐρρηξάτην ἐς κύκλα χαλκίων ὀπλων. ἐκόμπασ' ἀλοιδόρητα* was emended by Badham to *ἄκομπ' ἀλοιδόρητά τε*. Other conjectures were proposed by W. Headlam, *Class. Rev.* xvii, p. 288, who maintained that with Badham's restoration the meaning must be not, as usually taken, 'They burst without vaunt or reviling into the ring of armed men' but 'they dealt unvaunting, unreviling blows upon their enemies' round brazen

 . . .

shields'. W-M however would understand ἐρρηξάτην . . . ὅπλων in the ordinary way. It is now clear that Plutarch manipulated the quotation to some extent, since ἀκομπ' ἀλοιδόρητα does not immediately precede ἐρρηξάτην; the simplest course is to transfer the words to the next verse, although its conclusion is difficult. σ, though the base is lost, is practically certain and can hardly be ε; for the next letter π is most suitable, but ε. or σ. is possible, hardly γ. At the end θ[ατέρου seems the only likely word, though the α may be λ. There is an undeniable high dot after the υ.

15. στενάζειν in the middle voice appears to be novel. The passive occurs in Lycophr.

412 οἴμους ἐστεναγμένους γάμος.

20. μό(νον) ἐν ε could also be read, but cf. Fr. 13. i. 7. In a fragment of another text ἐν β' μό(νῳ) occurs; cf. Fr. 5. ii. 11, note.

24 sqq. The reference is to the spear of Achilles, which had healed Telephus and now in the hands of Neoptolemus slew Telephus' son; cf. Fr. 6. 10-12.

28. Perhaps κείνους.

ii. 1. The remains of this line are puzzling. The accent and mark of elision, as well as the interlineated letters, were inserted by the corrector. Since the ε is enclosed between two dots this should be a variant and not merely explanatory of the elision; hence ο might well be the article, i. e. a choice would lie between καθεῖλ' ὁ σωτ . . . and καθεῖλε σωτ . . . But then σωτήρ becomes inevitable, and though this would not be out of place in the context (cf. Fr. 6. 12 ὦ λόγχα σώτ[ερα]) the slight vestige after τ does not suggest η. The substitution of ε for η before νρ would be natural in the aorist of εἰρίσκειν, which however is hardly to be worked in. W-M proposes καθεῖλ' ἔσω τὰ [πλ]ευρά, and this has been provisionally adopted, though the genesis of the corruption remains obscure. The vestige following ρ is not inconsistent with α but is more suitable to a υ, and I have been tempted to suppose that the name Εὐρύπυλος stood here, but that hypothesis has led to no satisfactory result.

3 sqq. The paragraphus below this line is not clear, but the base of the δ is thickened and this may be supposed to be due to the partial coincidence of the paragraphus. If this is correct, a paragraphus is missing below l. 6, since ll. 7-8 obviously belong to the Chorus. Moreover, since γάρ οὖν can hardly be separated from the following words, it becomes necessary to suppose a change of speaker within the line, against the usual practice of this scribe (cf. 1174. viii. 15-17). Presumably double dots were used, but an accompanying paragraphus would be expected. W-M would make a similar division in l. 3, but this is not essential.

4. πατρό[ς : i. e. Telephus. The word at the end of the line was perhaps συμφο]ράν or μοῖ]ραν.

5. Πρία]μος ἴδε τέκνων is a dochmius; cf. l. 8.

6. Cf. the note on l. 3. *τρίτην* of course refers to *διπλοῦς* in l. 3. The apparent *γ* of the papyrus is possibly due to scaling of the ink; it is certainly curious that the corrector should not have observed the error. *κ* of *κ[αι]* may be *ν*.

7. This verse seems to be a catalectic iambic trimeter, like ll. 10 and 18, but I have not found a satisfactory restoration. The letter after *ωδ* may be *ρ* or *η*, and *ιγ* may be e. g. *π*; *διαίνεις*, to which *δ[ιακρύεις]* in the margin refers, is preceded either by *ν* or *ρ*. W-M suggests *ὦδ' ἵν' or ὦ . . . [ὅπο]ν* (not *ὦ δύστηνε*); *ὦδι[ν]* would also be appropriate.

8. *κτησίων*, as W-M remarks, is perhaps equivalent to *ιδίων, οἰκείων*; cf. Aesch. *Ag.* 1008 *χρημάτων κτησίων*, Soph. *Tr.* 690 *κτησίον βοτοῦ*. But *φρένες* and tangible objects like *χρήματα* are in rather different categories, and Murray's suggestion that *κτησίων* here means 'covetous', with a reference to the golden vine, is not unattractive.

9-23. (*Astyoche*.) 'O Fortune, evil Fortune, that has shorn me.

Chorus. Thou speakest face to face, for misfortune stands not aloof in dragging thee headlong.

(*As.*) Justice will pull me down.

(*Chor.*) Yea, justice.

(*As.*) Then soonest best.

(*Chor.*) Alas, what shall we say, what shall we speak?

(*As.*) Who will not with justice smite my head?

(*Chor.*) Fortune has shorn thee, but Fortune judges thee not.

(*As.*) Have the Argives departed adding to the woe violence and mockery of the very corpse?

(*Messenger*.) They went not so far as insult, since the bodies of them which had fought together in combat lay but a little apart . . .

9. Cf. e. g. Homer *ψ* 97 *μητερ ἐμή, δύσμητερ*, Eurip. *I. T.* 203 *δυσδαίμων δαίμων*.

11. *φυρταν* was originally written, but the *τ* was afterwards washed out and *δ* substituted, perhaps by the second hand, though this is uncertain; the *δ* was then enclosed between dots and *τ* restored over the line on the authority of another copy, as recorded in the margin. *ἐν ἐτ(έρω)* is not to be read here, since the stroke above the line is completely preserved and cannot be the cross-bar of a *τ*. The lost letter was therefore a figure, and I restore *β* on the analogy of the fragment referred to in the note on i. 20.

13. *δίκαι*: the substitution of the nominative for the dative is evidently necessary, if the nom. is retained in the preceding line.

14. *ἡ ταχίστη* (sc. *ὁδός*) *ἀρίστη* is an explanatory note; the phrase has a proverbial cast.

18. *δικᾶ* might be regarded as the future of *δικάζειν*, but the contracted form, though used by Hdt. i. 97, is not found in Attic, nor does *δικάζειν* take an accusative of the person. W-M prefers to postulate a present *δικᾶν*; possibly the same verb rather than *δικεῖν* (Herwerden) is to be recognized in the inscription from Eleusis published in *Ἐφημ. Ἀρχαιολ.* 1900, p. 79 *δικηθήσεται τῷ ταμείῳ διπλὴν εἰσπράξει*.

To interpret *δικαι* as *δίκαι* produces a weak repetition of *δαίμων*, as well as an inconsistency with ll. 12-13. The *Chorus* may no doubt be supposed to change its opinion, but this change seems overabrupt.

19-20. *γέλωτ' ἔχ[ο]ντες* is used like *γέλωτα ποιεῖσθαι, τίθεσθαι*, &c., e. g. Nauck, Fr. Adesp. 458. 9 *γέλωτα δὲ με ποιοῦνται κόροι*. *α[ἔ]ν* (W-M) is hard but seems to be the most likely restoration.

22-3. Eurypylus is represented as having fallen close to one or more of his own victims. Nireus (Quint. Smyrn. vi. 372, Dictys iv. 17, Hyginus 113), Machaon (Pausan. iii. 26. 7, Quint. Smyrn. vi. 408, Hyg. 113), Peneleos (Pausan. ix. 5. 15, Quint. Smyrn. vii. 104 sqq.,

Dictys iv. 17) and others (Quint. Smyrn. vi. 615-6, viii. 111-13) are named as having been slain by him.

24. $\delta[\sigma]\kappa\eta\tau\acute{o}s$ seems almost inevitable, for an adjective $\delta[\iota]\kappa\eta\tau\acute{o}s$, which might be derived from the supposed form $\delta\iota\kappa\acute{\alpha}\nu$ (cf. note on l. 18), is not likely here, nor, I think, is $\delta[\acute{\alpha}]\kappa\eta\tau\acute{o}s$ ('wounds') which Pearson suggests. $\delta[\sigma]\kappa\eta\tau\acute{o}s$ may perhaps mean that Eurypylus was so little disfigured that death appeared more of a semblance than a reality, in contrast to his adversary, who was, e.g., $\tau\acute{o}\ \pi\acute{\alpha}\nu\ \eta\kappa\iota\sigma\mu\acute{\epsilon}\nu\omicron\varsigma$,—though that verb could hardly be got into the space. $\tau\acute{\iota}s$ might be read instead of $\tau\acute{o}s$, but would be still more difficult. At the end of the line $\iota\omicron s$ can well be $\iota\omega s$.

26-8. Restored *exempli gratia* by W-M. The η in l. 26, though unconvincing, is sufficiently suitable; in l. 28 γ could be read in place of π .

iii. 6. An iota adscript inserted after ω would no longer be visible.

10-25. 'Such was the murmur of many mournful lips, and much fine linen and many webs of Istrian women were cast upon the man, useless offerings to the dead. And Priam clinging to his wounded side, though not his father, speaking a father's words, wept for the kinsman of his children, the boy, the youth, the aged man, calling upon him not as Mysian nor the son of Telephus but as of his own seed: "Alas, my child, I have betrayed thee, in whom I had the last great hope of safety for the Phrygians. Thou wert a short-lived guest, but wilt leave a memory lasting many years with the remnant spared by Ares, who hast given us sorrow such as Memnon or Sarpedon never gave, albeit they were mighty warriors and . . ."'

10. $\lambda\upsilon\gamma\rho\acute{o}\nu$ (W-M) is better adapted to the space than $\omicron\iota\kappa\rho\acute{o}\nu$. $\pi\iota\kappa\rho\acute{o}\nu$ (cf. *Ant.* 424 $\pi\iota\kappa\rho\acute{\alpha}\ \theta\rho\upsilon\varsigma$) would also be suitable.

11. The transference of the accent from the second to the first syllable of $\sigma\iota\upsilon\delta\omega\upsilon$ no doubt implies a desire to interpret the word as the genitive plural of $\Sigma\iota\upsilon\delta\omicron\iota$ parallel to $\text{'}\text{Ιστρ[ε]ανίδων}$; but $\sigma\iota\upsilon\delta\acute{\omega}\nu$ is assured by $[\pi]\omicron\lambda\lambda\acute{\eta}$. $\text{'}\text{Ιστριανίς}$ is attested by Steph. Byz. s. v. $\text{'}\text{Ιστρος}$; and according to Hesychius the name of the artificers was transferred to the product: $\text{'}\text{Ιστριανίδες}$ αἱ Σκυθικαὶ στολαί; similarly $\text{'}\text{Ιστρίδες}$ are described as $\epsilon\sigma\theta\eta\tau\acute{\epsilon}s\ \tau\iota\upsilon\epsilon s$.

13. W-M considers this verse to have been interpolated from some other source, perhaps through a misunderstanding of the genitive $\alpha\upsilon\delta\rho\acute{o}s$, which however can be constructed correctly enough with $\epsilon\rho\rho\iota\pi\tau[\acute{\alpha}]\zeta\epsilon\tau\omicron$; cf. e.g. Eurip. *Cycl.* 51 $\acute{\rho}\acute{\iota}\psi\omega\ \pi\acute{\epsilon}\tau\rho\omicron\nu\ \tau\acute{\alpha}\chi\alpha\ \sigma\omicron\upsilon$, *Bacch.* 1097 $\alpha\upsilon\tau\omicron\upsilon\ \chi\epsilon\rho\mu\acute{\alpha}\delta\alpha s\ \kappa\rho\alpha\tau\alpha\iota\beta\acute{o}\lambda\omicron\upsilon s\ \epsilon\rho\rho\iota\pi\tau\omicron\nu$. The anacoluthon in $\delta\iota\delta\acute{o}\nu\tau\epsilon s$ is undoubtedly awkward, but not more violent than in Soph. *Ant.* 259-60; cf. Hdt. viii. 74 $\pi\omicron\lambda\lambda\acute{\alpha}\ \epsilon\lambda\acute{\epsilon}\gamma\epsilon\tau\omicron\ \dots\ \omicron\iota\ \mu\acute{\epsilon}\nu\ \acute{\omega}s\ \dots$, Aesch. *P. V.* 202 $\sigma\tau\acute{\alpha}\sigma\iota s\ \tau'\ \acute{\epsilon}\nu\ \alpha\lambda\lambda\eta\lambda\omicron\iota\sigma\iota\nu\ \acute{\omega}\rho\theta\acute{\upsilon}\nu\epsilon\tau\omicron$, $\omicron\iota\ \mu\acute{\epsilon}\nu\ \theta\acute{\epsilon}\lambda\omicron\upsilon\tau\epsilon s\ \dots$. I therefore allow the line to stand provisionally, though it must be regarded with suspicion. $\omicron\upsilon\delta\acute{\epsilon}\nu\ \acute{\omega}\phi\acute{\epsilon}\lambda\omicron\upsilon\mu\acute{\epsilon}\nu\eta$ occurs in *Ant.* 550.

15. The punctuation of the original evidently needs amendment.

17. $\gamma\acute{\epsilon}\rho\omicron\tau\alpha$ is strange, since Eurypylus cannot be supposed to have been a really old man. But the text seems to be sound and $\gamma\acute{\epsilon}\rho\omega\nu$ may possibly here be taken to imply merely a stage beyond that of the $\nu\epsilon\alpha\nu\acute{\iota}\alpha s$. Murray and Pearson suppose the meaning to be that Eurypylus combined the qualities of different ages, being to Priam a son, a counsellor, and a warrior, and compare e.g. Pindar, *Nem.* iii. 72-3. This may be right, but is open to the objection that $[\pi]\alpha\acute{\iota}\delta\alpha$ in antithesis to $\gamma\acute{\epsilon}\rho\omicron\tau\alpha$ and $\nu\epsilon\alpha\nu[\acute{\iota}\alpha]\nu$ should indicate a quality corresponding to youth rather than to birth, childishness not sonship.

21. $\epsilon\lambda\pi\acute{\iota}\delta\omega\nu\ \sigma\omega\tau\eta[\rho\acute{\iota}\alpha]\nu$, = 'the means of salvation existing in our hopes', comes practically to mean 'our hope of salvation'.

22-3. $[\acute{\epsilon}\tau\omega\nu$ and $\lambda[\acute{\epsilon}\lambda\epsilon\mu\mu\acute{\epsilon}\nu]\omicron\iota s$ were restored by W-M, who further proposed $\delta[\omicron\rho\acute{o}s$ (cf. Aesch. *Ag.* 517). A δ however is inadmissible after $\iota\omicron s$; λ would be the most

suitable letter, but *a* or *χ* is also possible, and I suggest "Α[ρεως on the analogy of *δορός*. λ[ελειμμέν]οις is a somewhat long supplement; perhaps *λελειμμένοις* was written. Pearson would prefer [καλῶν to [ἐτῶν; cf. Soph. Fr. 534.

25-6. The restorations are largely due to W-M. The Sophoclean *ἦμιν* occurs again in Fr. 12. 11.

27. *εσχατ* or *εσχετ* was presumably written. Dots were placed over the deleted letters and the *τ* is also crossed through. Of the doubtful *a* following hardly enough remains to show whether this also was cancelled or not.

Of the two small fragments (*a*) and (*b*), which were with Fr. 5, the second is likely to belong to Col. iii.

Fr. 6. W-M thinks it unlikely that Astyoche took part in these lyrics; but the coronis below ll. 6 and 9 point to changes of speaker rather than strophic divisions in a choral ode; and ll. 3-6 and 10-12 are eminently appropriate in the mouth of Astyoche. The reversed coronis below l. 9 was inserted or rewritten by the second hand.

1. W-M is no doubt right in restoring *Πριαμίδας*; a reference to Midas here is unlikely.

5. *ἔπεισεν*: i. e. by the gift of the golden vine.

6. *ἔ[ργο]ν* W-M.

7-9. The idea is perhaps similar to that of Fr. 5. iii. 22-3; if so the Chorus is trying to administer comfort. Cf. Fr. 7. 4.

12. *σῶτ[ε]ρα*, which was restored by W-M, refers to the healing properties of Achilles' spear, now the instrument of death.

Fr. 7. 6. *κοινόθακος* is a new compound, and an adjective *λάξος* is also novel, *λαοξόος* or *λαξόος* occurring only as a substantive. The marginal note *λα[]* no doubt refers to *λάξοα*. The allusion seems to be to the tomb of Eurypylus.

10. Possibly *τέκ[νον]*.

Fr. 8. ii. 6. There is a small dot between *a* and *μ*, but a stop here seems unlikely.

Fr. 9. 1. e. g. *στ]υγνῶ[]* or *ε]ύγνω[σ]τ[]*.

9. Somewhat to the right of the *ι* there is a vestige of ink which probably represents another insertion, e. g. a mark of elision.

Fr. 10. 6. *νοσ]ηλεύσας* W-M.

Fr. 11. 11. e. g. *[τ]ρισσῶ[]* or *[φ]ρίσσω[]*.

Fr. 12. Some at least of these lines are lyrics.

Fr. 14. 4. The acute accent is uncertain and may be a smooth breathing or an inter-linear letter.

Frs. 35-40 are much wormeaten. The combination of Frs. 36 and 37 *σω]μα* is not probable. In Fr. 40. 1 the supposed top of a letter after *ν* may be a high stop; in l. 3 *δοι* possibly ends the line.

Fr. 47. 4. *πρᾶξω*: cf. l. 6, where however the reading is somewhat doubtful.

7. The rough breathing on *ο* is probable but not certain. The same may be said of the accent on *η* in l. 9.

Fr. 48. 1. There is a short blank space before *η*, but this is no doubt due to the junction, which is clearly visible below, of two selides, of which the upper one has at this point disappeared.

Fr. 50. This fragment appears not to belong to the same column as Fr. 1. Εὐρύπυλος is not to be read in l. 5.

Fr. 57. 3. A speck of ink to the left of the line may be the remains of a marginal note.

Fr. 58. ο was preceded by a straight stroke, e. g. ἀρ]μόσας.

Fr. 69. 7. The supposed stop is doubtful.

Frs. 76-7. These two fragments, which were found together, may well belong to the same column. Fr. 77 is probably the bottom of the column, and Fr. 76 perhaps goes immediately above it.

Fr. 82. 3. The supposed vestige of a letter after σ may be a medial stop.

Fr. 84. 2. For Νι() cf. 1174. iv. 23, note.

Fr. 85. 6. τ after ν has apparently been crossed through.

Fr. 91. On the subject of this fragment cf. Introd. p. 88.

3. W-M suggests οἶ]τος γὰρ ἀσ[τήρ, supposing the time to be night; cf. Fr. 98. 3. Lines 1-7 look like the beginnings of iambic verses, but if so they were not ranged evenly with ll. 21-2, and the trochaics must be supposed to have projected by the space of four or five letters into the left margin.

4. For the rough breathing on εἶα cf. note on 1174. iv. 7.

8. W-M thinks that the Chorus was here divided into two parts, and would give l. 10 as restored by him to the second division. This may be correct, but the indications are inconclusive.

12. The lacuna at the end of the line is too narrow for ον, but there is perhaps room for α, and λαγέ[α] suits the metre, which is a combination of cretics and trochaics, better than λαγέτ[ι]; the form λαγέτις moreover is unattested. ἀνδ]ρός was restored by W-M.

18. ε of ἐπληξί is unsatisfactory, but σ, which would be the easiest reading, gives no word; an ο ([ο]νοπλήξ?) seems hardly possible. ι at the end of the line may be η.

20. ἄζεται: or ἄζεται, which might be said of a corpse exposed to the sun.

22. ὥς W-M.

23. For δοκάζει cf. Hesych. δοκάζει· μένει, ἐπιτηρεῖ, δοκεῖ, προσδοκᾷ. ἐδόκαζεν· ἀπεδέχετο, Sophron Fr. 6 πλόον δοκάζων.

Fr. 94. 2-5. A restoration of these lines is suggested *exempli gratia* by W-M: ἐγὼ [πάλαι τὰ θνήτ' ἀθρήσας] εὖρον· οὐδεπώποτε [ἡμῖν γένοιτ' ἂν παῦλα καὶ κακῶν λύσις. τῶν γὰρ με]γίστων ἡ τύχη μεθίσ[ταται φρονημάτων] τάχιστα· τοῦ λόγου [δέ τᾶν τὸ πιστὸν εἰ]δεῖμεν, εἰ θρασύν [τινα . . . A γ in l. 5, however, is hardly suitable. In l. 7 either]ι δ' εἴημεν or εἰ]δεῖμεν is possible, but the form is strange in either case, the only analogous instances cited from the Attic poets being Eurip. *Ion* 943 φαίημεν, Damoxenus Fr. 2. 67 δοίησαν. εἴη μὲν however seems unlikely.

Fr. 105. 3. το[ι]ο[ς] is indicated by the narrow space.

1176. SATYRUS, *Life of Euripides*.

Fr. 39 14.2 × 75.5 cm.

Second century. Plate V

(Fr. 39, Cols. xvii-xxiii).

The identity of this work is fortunately determined by the title preserved in the last column of Fr. 39, from which we learn that the roll contained the sixth book of the 'Lives' of Satyrus, and that the book dealt with the three great tragedians. Euripides as the youngest of the three naturally came last; and to him, so far as can be judged, relate all the fragments of the roll which have survived.

These fragments fall into two main groups. Frs. 37-9, which form the nucleus of the whole, are closely associated, Fr. 38 perhaps joining Fr. 39 immediately, and Fr. 37 preceding at not more than a short interval; Frs. 40-57 are some scraps which accompanied these larger pieces. Nos. 1-36, on the other hand, are miscellaneous fragments which were found sporadically some time before the main group made its appearance. Since Fr. 39 contains the end of the roll, Frs. 1-36 will naturally precede. Frs. 1-8 are put together as apparently all concerned with the style of Euripides. In Fr. 8. ii. 9 sqq. this subject is dismissed and the writer passes on to consider his character, which is also the subject of Fr. 9 and perhaps of Frs. 10-11 also. The arrangement of the rest is for the most part arbitrary; Frs. 33-6 are more akin in external appearance to Frs. 37-8 than the preceding pieces, the colour of which is generally lighter.

The MS. appears to date from the middle or latter part of the second century. It is in a small upright hand of the informal type shown also in 221, 853, the Herodas papyrus, and especially 666, which has other points of resemblance to 1176 (see below); all these probably belong to about the same period. There is some tendency to cursive forms, e.g. in the letters ϵ and ω . A curious feature is the frequent doubling of strokes, which may be partly due to the use of an inferior pen. The common angular sign is often added at the end of short lines, while in longer ones the final letter is sometimes interlineated. Stops in three positions (low rarely) are used besides paragraphi, and there are two or three accents (Fr. 2. i. 14, Fr. 33. i. 21, Fr. 39. xv. 37) and a doubtful rough breathing (Fr. 33. i. 21). All these signs, as well as the few corrections which occur, are to be credited to the original writer; there is nowhere any indication of a second hand. This absence of revision is regrettable, since the text is clearly erratic. In two places suspicious blanks occur (Fr. 39. x. 34, xi. 6-7), while serious corruption is shown in some quotations which are already extant (see especially Fr. 39. xi. 20 sqq.). No doubt these mistakes are often older than the papyrus, but it is impossible to acquit of carelessness a writer who

does not even spell the title correctly (Fr. 39. xxiii. 2). Such aberrations greatly increase the difficulty of reconstructing defective passages.

The columns are extremely narrow, measuring no more than about 3 cm. across, and are set very close together. Their height cannot be accurately ascertained, since their ends are missing throughout the larger fragments; in fact Fr. 20 is the only bottom of a column remaining. Apparently the loss is considerable. The best indication of its extent is given at Fr. 39. Cols. xx-i, where the story of the killing of Euripides by the dogs of Archelaus is begun in the former column and continued in the latter. This story is also told in the extant *Γένος Εὐριπίδου*, the source being almost certainly Satyrus; and on the reasonable assumption that the narrative of the original was not more compressed than that of the excerptor, some twenty lines at least would be required between xx. 35 and xxi. 1. An absence of cohesion between other columns bears out this conclusion, which is confirmed by a consideration of a quite different kind. When the title of a work is written in a separate column, it seems usually to have been placed somewhere about the centre of the papyrus; cf. e.g. 843 (Part V, Plate VI), and the Berlin Hierocles papyrus (Schubart, *Das Buch bei den Griechen*, p. 90). The colophon in Fr. 39. xxiii is opposite ll. 26-33 of Col. xxii, from which fact I should suppose that the amount lost in Fr. 39. iv-xxii is not much less than what is preserved. This roll would then have been on a scale similar to that of 666, where the columns, as here, are very narrow and closely packed and extend to about fifty-seven lines. The scripts of that papyrus and of 1176, as remarked above, also show a strong resemblance.

Concerning the author little is known. He is described as a Peripatetic (e.g. Athen. xii. p. 541 c), and lived not later than the reign of Ptolemy Philometor (B. C. 181-146), since his *Lives* were epitomized by Heraclides Lembus (*F. H. G.* iii. p. 169), who is stated by Suidas to have lived under that monarch. It may be noted as a curious coincidence that Heraclides, whom Suidas calls Ὁξυρυχίτης, probably resided in the city from whose ruins the present papyrus was obtained. Besides the *Lives*, which were Satyrus' best-known work, a book *Περὶ χαρακτήρων*, of which a single fragment is preserved (Athen. iv. p. 168 c), is with probability credited to him. Wilamowitz (*Hermes* xxxiv. pp. 633-4) has shown reason for referring him to the third century B. C. rather than the second, and would identify him with the writer of the treatise on the Alexandrian demes (Theophil. *ad Autolyc.* ii. p. 94), which is apparently a product of the reign of Philopator. This date for the biographer is accepted by Leo (*Griech.-Röm. Biogr.* p. 118), and there is nothing in the new fragments at all inconsistent with it. If it is correct, he is to be distinguished from the Ἀριστάρχου γνώριμος nicknamed Ζῆτα, διὰ τὸ ζήτητικὸν αὐτοῦ (Ptol. Hephaest. *ap.* Westermann, *Mythogr.*

Gr. p. 191) as well as from the Satyrus sent on a embassy to Rome by the citizens of Rhodes in the year 172 (*Livy* xlii. 14), whose identification with the composer of the *Lives* was proposed by C. Müller (*F. H. G.* iii. p. 159). An authority on precious stones, who is thrice referred to by Pliny (*N. H.* xxvii. 11, 24-5), and was very likely, though not certainly, a poet, does not need to be taken into consideration. But the Satyrus who collected ancient myths (*Dion. Hal. A. R.* i. 68 Σ. ὁ τοὺς ἀρχαίους μύθους συναγαγών) might very well be our author; and possibly, as Müller suggested (*op. cit.*, p. 164), it was in the work thus referred to that the view which the scholia on Homer Ξ 216 and Θ 288 attribute to 'Satyrus' concerning the girdle of Aphrodite was stated.

But whatever the other writings of Satyrus may have been, the biographies, which are repeatedly cited by Athenaeus and Diogenes Laertius, were the work to which he chiefly owed his reputation. These biographies are commonly alluded to as οἱ βίοι; the more formal title is given by the papyrus, Βίων ἀναγραφή. They included monarchs (Dionysius the Younger, Philip), statesmen and generals (Alcibiades), orators (Demosthenes), philosophers (the seven sages, Pythagoras, Empedocles, Zeno of Elea, Anaxagoras, Socrates, Plato, Diogenes, Anaxarchus, Stilpo), and poets (Sophocles, and, as we now know, Aeschylus and Euripides). A division into books was proved by references to the fourth book, which dealt with philosophers—though these may well have occupied more books than one. The sixth book, as the papyrus shows, treated of poets, and further books perhaps followed. Most of the extant citations, which have been collected, though not quite exhaustively, by Müller (*F. H. G.* iii. pp. 160 sqq.; cf. Wilamowitz, *op. cit.*, p. 633³, Leo, *op. cit.*, pp. 120 sqq.), are quite short, but two considerable verbal excerpts are given by Athenaeus (*Sat. Frs.* 1 and 3), and indicated a writer with considerable pretensions to literary style. While confirming this impression, the papyrus reveals an unexpected and surprising fact: the life of Euripides is in the form of a dialogue. The fact is indubitable, although the copyist has failed to bring it out by distinguishing clearly the parts of the interlocutors by means of the double dots which are commonly employed in works of a dramatic cast. There are at least three speakers, of whom two, Diodorus (*Fr.* 39. iii. 19, xv. 13), and Eucleia, a woman (*Fr.* 39. xiv. 31), are named. These latter persons play a subordinate part; the name assigned to the chief speaker, into whose mouth the main narrative is put, is not mentioned. Presumably the present *Life* is a fair sample of the others, and the inference is to be drawn that they had a similar shape. The method is a singular one to apply to biography. It emphasizes at the outset the nature of Satyrus' work, which, like that of other biographers of the Peripatetic school, was essentially popular in its aim, and endeavoured to supply interesting information in an attractive shape.

Another formal feature, which is not less characteristic of the writer's school (cf. Wilamowitz, *l. c.*, p. 633, Leo, *l. c.*, pp. 104 sqq.), is the wealth of quotations, both from Euripides and elsewhere. It is easy to understand why in the next generation, with the growth of a more strictly scientific spirit, the biographies of Satyrus were reduced by Heraclides to an epitome: they were much too diffuse for a handy book of reference. Their style is smooth and pleasant, and care is shown in a general avoidance of hiatus, though the rule is by no means consistently observed. Very likely the apparent exceptions are less the fault of the author than of his transcribers, but drastic measures would be required to eliminate some of them (e.g. Fr. 39. xiv. 30-1), and the safer course is to allow them to stand.

The account given of Euripides was evidently comprehensive. Besides the main events of his life, his style and position in the development of tragic art (Frs. 1-8, Fr. 39. vii), his character (Fr. 8. ii. 20 sqq., Frs. 9-10, Fr. 37. i), his philosophical, religious, political, and ethical opinions (Fr. 37. i. 22 sqq., Fr. 38, Fr. 39. i-vi), and his views about women (Fr. 39. x-xiii) are discussed at considerable length. There is little semblance of original research, for which a successor of Philochorus could hardly have felt much need. The story of the cave at Salamis, reported in Fr. 39. ix. 4 sqq., is expressly attributed to Philochorus by Gellius (*N. A.* xv. 20). A fondness for anecdote, which Satyrus shares with his kind, and which was a product of the prevailing interest in individual character and personal traits and details, does not necessarily imply an uncritical turn of mind. The tales are commonly prefaced with the warning 'as they relate', 'as is said', and the like; in one place a more exact reference is given (Fr. 39. xx. 29-32), while in another it is not improbable that some scepticism was expressed (cf. the note on Fr. 39. xii. 1-16). A fanciful interpretation of a lyric passage is propounded with proper reserve (Fr. 39. xviii. 7-20). Diog. Laert. vi. 80 (Sat. Fr. 17) shows our author disputing the authenticity of the work bearing the name of Diogenes. If there were any such critical consideration of the plays attributed to Euripides, this must have been given in the lost earlier portion of the treatise.

In the anonymous life of Sophocles which is extant there are three allusions to Satyrus, but he is not mentioned in the similar account of Euripides (cf. Schwartz, *Schol. Eurip.* pp. 1-7), although this cites Eratosthenes, Philochorus, and Hermippus. Nevertheless it now seems plain that Satyrus too was among the sources of the anonymous compilation, the language of which is sometimes very close to that of the papyrus; cf. Fr. 39. ix. 4 sqq., x. 23 sqq., xii. 21 sqq., xx. 1-15, xxi. 1 sqq., with the parallel passages of the *Γένος Εὐριπίδου* quoted in the notes *ad loc.* These related passages, however, do not stand in the sequence

of their apparent source, and the want of cohesion conspicuous in the *Γένος* becomes still further evident.

But not only is authority now assignable for several statements about the poet which were previously anonymous and their antiquity definitely ascertained; the papyrus also makes some contributions of its own to the material. Thus we are told that Euripides was prosecuted for impiety by Cleon (Fr. 39. x. 15-20, and note), that his retirement from Athens was partly due to irritation with certain poets, whose names are given (Fr. 39. xv. 26 sqq.), and that he composed the exordium of the *Persae* for Timotheus (Fr. 39. xxii. 27-30). There are moreover some substantial additions to the Fragments of his poetry, as well as a few improvements in the text of others already extant.

Fr. 1. 3. Cf. Γέν. 2 πολλά προσεξέυρε, . . . ῥητορείας, 3 ῥητορικώτατος δὲ τῇ κατασκευῇ. Above the ε at the end of the line there is a horizontal stroke which might be supposed to represent the final ν, but that method of abbreviation is not elsewhere used by this writer, who interlineates ν at the end of a long line, e. g. Fr. 8. ii. 20, Fr. 39. vi. 26, &c. Moreover, this line would not be of undue length with ν written in the ordinary position. Cf. Fr. 39. vii. 2-3.

7. Murray suggests τὸν ὑ[πὸ δέ]κηνς, which would suit the space.

Fr. 2. i. This column is difficult to reconstruct, but the difficulty does not justify the supposition that the lines were appreciably longer here than in the other columns of the papyrus. It is not clear whether the upper portion is prose or poetry. The language has a certain metrical cast, and ll. 10-12 might well be restored, e. g., as Murray suggests, [οὔτις δ' ἄτιμος [εἴ γε] μὴ κείνῳ [μόνῳ], followed by εἴη ἂν [τῷ ὅ]ντι Ἑλλη[νος] καὶ εὐαγώ[γου] πρὸς τὸ δέ[ον], though whether the subject of εἴη ἂν was the preceding quotation or ἡ φι[ληκοῖα] in l. 16 would be doubtful; on the latter supposition (<δ>) might be inserted, as in Fr. 39. ii. 15. If something of this kind were adopted, σκη in l. 7 would hardly be likely to be σκηνη in any form. χορον in l. 6 is just possible, but extremely uncertain.

ii. 3. Since a pause in l. 2 is marked by the paragraphus, the new sentence may well begin, as W-M remarks, with οὐ μ[ὴν].

Fr. 3. This fragment might be placed beneath Fr. 2 so that the supposed ι in i. 1 formed the second upright of ν in Fr. 2. i. 17; but I do not think that the combination is convincing.

ii. 5. A diagonal stroke is drawn through the first limb of π, but that the letter was thereby intended to be deleted is hardly certain.

Fr. 5. 3-4. Perhaps παρ[ρησι]αζόμεν[]; cf. Fr. 9. 11.

Fr. 8. ii. 1-27. '... in emulation of the beauties of Ion developed and perfected [tragedy] so as to leave no room for improvement to his successors. Such were the man's artistic qualities. Hence Aristophanes wishes to measure his tongue "By which such fine expressions were expunged". And he was almost as great of soul also as in his poetry. For he contended, as we have said ...'

1-3. Restored by W-M. The subject of course is Euripides; cf. Fr. 39. vii. 20-2.

17-19. This citation is novel and the reading is rather doubtful. [ἐξεσ]μήχετο, which was proposed by W-M, seems certain, but his λ[επ]ρά is more questionable, since the initial vestige suggests a round letter like σ or φ. The top of λ, however, as of δ and χ, is sometimes turned over, and a slight exaggeration of this feature might produce the curve found in the papyrus.

20 sqq. There is some resemblance between this passage and Fr. 37. i. 15 sqq.; cf. the conjunction of φυσιολογίας with ῥητορείας in Γέν. 2. But the two fragments cannot be brought into close connexion.

25 sqq. [προσ]εμάχετο suits [π]ρός in l. 30, and the absence of a genitive is against [ὑπερ]εμάχετο. In ll. 27-8 προ]ειρή[κ]α[μ]εν ἐν might be read, but the next word is then a difficulty; ν is followed by an upright stroke consistent with e.g. η or ι, or perhaps λ or μ, but not with τ or π. Reconstruction of the latter part of this column is the more conjectural on account of the fact that] . νεν with the beginnings of the succeeding lines, and the final letters]α,]ν, &c., are respectively contained on two detached fragments whose position here, though, I think, probable, is not free from doubt.

iii. 5-7. Σοφ[οκλῆς] . . . Εὐριπί[δ]η seems likely.

Fr. 9. This fragment, the restoration of which is largely due to W-M, relates to the character of Euripides; cf. Γέν. 5 σκυθρωπὸς δὲ καὶ σύννους καὶ αὐστηρὸς ἐφαίνετο καὶ μισόγελως, and Suidas σκυθρωπὸς δὲ ἦν τὸ ἥθος καὶ ἀμειδῆς καὶ φεύγων τὰς συνουσίας. In ll. 10-11 Murray proposes [ὡς εἰ]κεν [οὐδέν].

Fr. 10. i. Murray suggests that]ωνος in l. 9 is 'Απόλλ]ωνος, and that the reference is to the frequent attacks of Euripides upon Apollo. <τὰ>πόλλ]ωνος might be read, but the restoration is not readily carried through on this hypothesis. In all probability ωνοσ ended the line. In l. 14 he would see an allusion to the poet's large library (Athen. i. 32, Aristoph. *Frogs* 943, 1409), and [βιβλι] would be a supplement of the right length, though rather precarious in so obscure a context; ἐπ]οθήκην is an easy alternative. The supposed stop in l. 4 is uncertain.

Fr. 13. Restored by W-M.]ε in l. 1 may well be]ης, i. e. another adjective parallel with ἀμα[θῆς].

Fr. 16. i. 2. [σκη]νῆς is not supported by what follows.

Fr. 17. This fragment rather resembles in appearance Fr. 18, and possibly contains the tops of those two columns; but the fibres of the verso do not confirm the combination.

Fr. 18. i. 2-5. 'Ησίο[δο]ς in l. 3 seems inevitable, but the rest of the sentence is difficult. In l. 5 κ may be ν and α be λ;]νον or]νον is unlikely.

Fr. 26. 4. The mark before φ may well be a stop instead of part of a letter.

Fr. 29 is probably not to be joined on above Fr. 19.

Fr. 32. It is not certain that this fragment belongs to 1176.

Fr. 33. i. 5.]ιοθηκ[or]ποθηκ[would be possible; cf. note on Fr. 10. i.

14-17. Perhaps τῇ [. . .]η (or [. . .]α) δυνά[τος μάλ]ιστα [. . . ε]ιν.

21. οὐ is a doubtful reading. What has been regarded as the horizontal stroke of a rough breathing might be taken for a small τ over the υ, but an abbreviation of οὐτως, though it would suit φη[σι, is unlikely, and the curved stroke above, which suggests only a circumflex accent (cf. Fr. 39. xvi. 37), would be unexplained. At the same time the supposed rough breathing must be admitted to be clumsily formed. The υ has apparently been altered or rewritten.

Fr. 37. i. The number of lines lost at the top of this and the following columns can be estimated fairly accurately by means of the worm-holes which persist in Frs. 38 and 39.

20-1. If the reconstruction is correct the dot at the end of l. 20 is accidental or erroneous. The γ in l. 21 may equally well be τ.

22 sqq. Cf. Γέν. 2 προσεξέυρε . . . φυσιολογίας . . . ὡς δὲ ἀκουστῆς γενόμενος Ἀναξαγόρου, 3 σχολάσαντα δὲ Ἀρχελάφ τῷ φυσικῷ καὶ Ἀναξαγόρῳ, Suidas δῆκουσε δὲ καὶ Ἀναξαγόρου τοῦ Κλαζομενίου, ἐπὶ τραγωδίᾳ δὲ ἐτράπη τὸν Ἀναξαγόραν ἰδὼν ὑποστάντα κινδύνους δι' ἅπερ εἰσηῆξε δόγματα. The influence of Anaxagoras on Euripides is traced in the following columns; cf. iii. 17. For modern discussions of this subject see Wilamowitz, *Her.* i. 25, *Anal. Eur.* 163 sqq., Parmentier, *Euripide et Anaxagore*.

ii. 19-28 = Eurip. Fr. 593, from the *Pirithous*. Line 19 is difficult. The last two letters seem to be να, which strongly suggest αὐτοφυᾶ, but that word can only be restored on the assumption of a deep corruption; moreover, there is barely room for ετ between σ and ο. Perhaps then the quotation began at τόν in l. 20.

21. ῥύμβφ: so Hesych., Eustath., Schol. Apoll. Rhod.; ῥμβρφ Clem. Alex., ῥόμβφ Euseb., Schol. Eurip. *Or*.

iii. 7-8. ἀπο[λο]γ[ο]μέ[νος, which W-M suggests, is not very suitable.

9-14. Eurip. Fr. 912. χλόην in l. 11 confirms Bergk's conjecture for χοήν, given by the MSS. of Clem. Alex., from whom alone the passage was known. Clement has εἶτ' Αἰδης, and ὀνομαζόμενος στέργεις. Satyrus' ὀνομάζῃ is clearly inexact.

18-20. διά[κο]σμον and περ[ι]όδοις were restored by W-M; the latter is somewhat long.

26-9 = Eurip. *Trö.* 886.

Fr. 38. i. A loss of two columns between this and the preceding fragment is made probable by the worm-holes; cf. the notes on Fr. 37. i and Fr. 39. iv.

11-16. The quotation in ll. 16 sqq. expressing a belief in divine power is in opposition to the Anaxagorean tenets exemplified in the foregoing citations, and therefore [ἀντ]λέγει, as proposed by W-M, may well be right in l. 16. But the restoration here depends upon that of ll. 13-14, which at present remain a problem. W-M suggests τὴν [Αὔ]λην ἐπιφνομένην, but this can certainly not be read. τὴν is clear, and though αλην might easily be corrupted to αυτην, the dative in ll. 14-15 suits τὴν [αὐ]τὴν very well. The last letter of l. 13 is probably σ or ε: γ or τ is much less likely. Between this and φ there may be one or two letters, e.g. θ, ε, α. In l. 14 the letter before ην had a vertical stroke, e.g. τ or perhaps ν. Heracles may have been brought in, as W-M remarks, as one of Euripides' exponents of a pure religion; cf. *H. F.* 1345-6.

16-30. This fragment is cited by Clement, *Strom.* v. p. 732 (Eurip. Fr. 913) ὁ τοῖνον μὴ πειθόμενος τῇ ἀληθείᾳ, διδασκαλία δὲ ἀνθρωπίνῃ τετυφωμένος δυσδαίμων ἄθλιός τε καὶ κατὰ τὸν Εὐριπίδην 'ὅς τὰς λεύσσων θεὸν οὐχὶ νοεῖ, μετεωρολόγων' κτλ. ὅς was altered by Cobet to τίς (so Nauck), but this is now shown to be wrong, τίς having preceded. What followed τίς is uncertain.

The vestige before σ suits e. g. κ , λ , μ , χ , and neither $\mu\sigma\acute{o}\theta\epsilon\omicron\varsigma$ nor $\acute{\epsilon}\chi\theta\rho\acute{o}\theta\epsilon\omicron\varsigma$ will do; [$\acute{\alpha}\tau$] $\mu\acute{o}\theta\epsilon\omicron\varsigma$, which Murray suggests, might be read, but, as W-M remarks, an adverb of comparison seems needed, and something like $\tau\acute{\iota}\varsigma$ δ' $\acute{\omega}\delta'$ $\acute{\alpha}\theta\epsilon\omicron\varsigma$ would be expected. This, however, was certainly not written, and to restore it in opposition to the papyrus is somewhat arbitrary, although the inferiority of the text is exemplified in the next line, where $\pi\alpha\rho\alpha\delta\alpha\iota\mu\omega\omicron\nu$ (an unknown form) appears to have stood for $\beta\alpha\rho\upsilon\delta\alpha\iota\mu\omega\omicron\nu$.

20-3. $\sigma\acute{\upsilon}$. . . η [$\gamma\epsilon\acute{\iota}$] $\sigma\theta\alpha\iota$: $\theta\epsilon\acute{o}\nu$ $\sigma\acute{\upsilon}$ $\chi\acute{\iota}$ $\nu\omicron\epsilon\acute{\iota}$ Clement. The discrepancy is curious.

23. $\mu\epsilon\tau\epsilon\omega\rho\omicron\lambda\omicron\gamma\omega\omicron\nu$ is confirmed against Nauck's conjecture $\mu\epsilon\tau\epsilon\omega\rho\omicron\pi\acute{o}\lambda\omega\omicron\nu$.

27. $\tau\omicron\lambda$ [$\mu\eta\rho\acute{\alpha}$], which was restored by W-M, is a variant for Clement's $\acute{\alpha}\tau\eta\rho\acute{\alpha}$ ($\acute{\alpha}\tau\epsilon\iota\rho\acute{\alpha}$ MS.); cf. note on ll. 20-3. $\tau\omicron\lambda\mu\eta\rho\acute{\alpha}$ is perhaps the more apposite epithet.

29. The ink after the second lacuna may represent an angular sign filling up the line.

ii. The remains of this column are occupied by a lyric citation, the partial coincidence of which with Eurip. Fr. 960 was perceived by W-M. Lines 6-14 are not clear and there is possibly some defect in the text. In ll. 8-14 the meaning may be 'Let the man who works and who is known to be the friend of the good ($\kappa\epsilon\kappa\lambda\eta\sigma\theta\alpha\iota$ $\phi\acute{\iota}\lambda\omicron\varsigma$ ($\phi\acute{\iota}\lambda\omicron\varsigma$) $\acute{\omega}\nu$) be called my friend', but, if so, it is obscurely expressed. Lines 12-14 give an Anacreontic verse which perhaps terminates a strophe.

14 sqq. 'Why, mortals as you are, have you acquired great wealth for nought, why think you to produce virtue by means of riches? What though you possessed Etna's mount or the marble of Paros wrought in gold in your ancestral halls? Not then, unless you are [good] of heart [are you deserving of honour], but you sit unblessed in the midst of wealth.'

14-29. Cf. Plut. *De aud. poet.* 14, p. 36 c $\kappa\alpha\iota$ $\pi\acute{\alpha}\lambda\iota\nu$ $\acute{\upsilon}\pi\omicron$ $\tau\omicron\upsilon$ $\epsilon\acute{\upsilon}\rho\upsilon\pi\iota\delta\omicron\upsilon$ $\pi\alpha\rho\alpha\pi\lambda\eta\sigma\acute{\iota}\omega\varsigma$ ' $\acute{\epsilon}\gamma\omega$ δ' $\sigma\acute{\upsilon}\delta\epsilon\acute{n}$ $\pi\rho\epsilon\sigma\beta\acute{\upsilon}\tau\epsilon\rho\omicron\nu$ $\nu\omicron\mu\acute{\iota}\zeta\omega$ $\tau\acute{\alpha}\varsigma$ $\sigma\omega\phi\rho\omicron\sigma\acute{\upsilon}\nu\alpha\varsigma$, $\acute{\epsilon}\pi\epsilon\acute{\iota}$ $\tau\omicron\iota\varsigma$ $\acute{\alpha}\gamma\alpha\theta\acute{o}\iota\varsigma$ $\acute{\alpha}\epsilon\acute{\iota}$ $\sigma\acute{\upsilon}\nu\epsilon\sigma\tau\acute{\iota}$ ' (Fr. 959), $\kappa\alpha\iota$ $\tau\omicron$ ' $\tau\acute{\iota}\mu\omega\acute{n}$ $\tau\acute{\alpha}\nu$ $\tau\acute{\epsilon}\tau\alpha\sigma\theta\epsilon$, $\pi\lambda\omicron\acute{\upsilon}\tau\eta$ δ' $\acute{\alpha}\rho\epsilon\tau\acute{\alpha}\nu$ $\kappa\alpha\tau\epsilon\rho\gamma\acute{\alpha}\sigma\alpha\sigma\theta\alpha\iota$ $\delta\omicron\kappa\epsilon\acute{\iota}\tau'$, $\acute{\epsilon}\nu$ $\acute{\epsilon}\sigma\theta\lambda\omicron\iota\varsigma$ $\delta\acute{\epsilon}$ $\kappa\alpha\theta\acute{\eta}\sigma\epsilon\sigma\theta'$ $\acute{\alpha}\nu\omicron\lambda\beta\omicron\iota$ ' (Fr. 960). It is now clear that Plutarch has greatly compressed the quotation, which Satyrus gives more fully. $\tau\acute{\iota}$ $\mu\acute{\alpha}\tau\alpha\nu$, which W-M had already restored in Plutarch before I read it in ll. 14-15, is obviously the original of the corrupt $\tau\acute{\iota}\mu\omega\acute{n}$ $\tau\acute{\alpha}\nu$. Of the variants $\tau\acute{\epsilon}\tau\alpha\sigma\theta\epsilon$ and $\pi\acute{\iota}\pi\alpha\sigma\theta\epsilon$ the former is perhaps the superior, but either may stand. In l. 19 the MSS. of Plutarch have $\kappa\alpha\tau\epsilon\rho\gamma\alpha\sigma\acute{\alpha}\sigma\theta\omega$, which was corrected by Jannotius to $\kappa\alpha\tau\epsilon\rho\gamma\acute{\alpha}\sigma\alpha\sigma\theta\alpha\iota$; the future, as in the papyrus, seems preferable. In l. 21 $\tau\acute{\iota}\nu$ not $\tau\omicron\nu$ is clear; after $\acute{\alpha}\acute{\iota}\tau\eta\varsigma$ W-M suggests the insertion of $\tau\epsilon$, which may be right. The words $\acute{\epsilon}\nu$ $\acute{\epsilon}\sigma\theta\lambda\omicron\iota\varsigma$ $\delta\acute{\epsilon}$ $\kappa\alpha\theta\acute{\eta}\sigma\theta'$ (so Nauck for $\kappa\alpha\theta\acute{\eta}\sigma\epsilon\sigma\theta'$) $\acute{\alpha}\nu\omicron\lambda\beta\omicron\iota$ were presumably the latter part of the apodosis to $\mu\acute{\eta}$ $\pi\epsilon\phi\upsilon$ [$\kappa\acute{o}\tau\epsilon\varsigma$ in l. 29, i. e. the sense was something like $\sigma\acute{\upsilon}\tau\omicron\iota$ $\tau\acute{o}\tau\epsilon$, $\mu\acute{\eta}$ $\pi\epsilon\phi\upsilon$ [$\kappa\acute{o}\tau\epsilon\varsigma$ $\acute{\alpha}\gamma\alpha\theta\acute{o}\iota$, $\tau\acute{\iota}\mu\acute{\eta}\varsigma$ $\acute{\alpha}\xi\acute{\iota}\omicron\iota$ $\acute{\epsilon}\sigma\tau\epsilon$], $\acute{\epsilon}\nu$ $\acute{\epsilon}\sigma\theta\lambda\omicron\iota\varsigma$ $\delta\acute{\epsilon}$ $\kappa\tau\lambda$. $\tau\omicron\tau\epsilon$, not $\pi\omicron\tau\epsilon$, was apparently written. Perhaps Plutarch's preceding quotation (Fr. 959) is from the same context; $\tau\omicron\iota\varsigma$ $\acute{\alpha}\gamma\alpha\theta\acute{o}\iota\varsigma$ recalls ll. 10-11, and $\sigma\omega\phi\rho\omicron\sigma\acute{\upsilon}\nu\alpha\varsigma$. . . $\sigma\acute{\upsilon}\nu\epsilon\sigma\tau\acute{\iota}\nu$ corresponds metrically with $\tau\acute{\omega}\nu$ τ' $\acute{\alpha}\gamma\eta\theta\acute{\omega}\nu$. . . $\lambda\epsilon\gamma\acute{\epsilon}\sigma\theta\omega$.

iii. 8 sqq. Some iambic lines, which are not elsewhere extant, are here quoted in further illustration of the theme of the foregoing column, the vain pursuit of wealth. Lines 8-9 were restored by W-M; the purpose of the oblique dash prefixed to l. 9 is not clear.

12-15. 'Watching waves as high as heaven' is the sense. $\acute{\alpha}\sigma\tau\rho\omicron\sigma\kappa\omicron\pi\acute{\iota}\alpha$ is found in late Greek, but the verb has apparently not occurred previously.

17. [$\acute{\epsilon}\lambda\theta$] $\omicron\upsilon\sigma\alpha\nu$ $\mu\omicron$ [$\kappa\rho\acute{\alpha}\nu$] W-M. The asyndeton of l. 15 and the difficulty of obtaining a substantive to accompany the participle in l. 17 indicate that the verses are not continuous; cf. Fr. 39. v. 12 sqq., vi. 1-15, notes.

18-19. $\chi\rho\upsilon\sigma\acute{o}\upsilon\varsigma$ is an unexpected epithet of $\acute{\iota}\sigma\tau\rho\omicron\varsigma$, but I do not see how it can be

avoided. The Ister is naturally coupled with the Bosphorus. *ουτε* would be an easy mistake for *ουδε*.

iv. The combination of this column with Fr. 39. i is made with some hesitation. Two points are in its favour, (1) the coincidence in l. 20 of the stop after *ν* with the paragraphus, (2) the fact that if Fr. 38 is placed thus, certain worm-holes in Col. ii will come at the right distance from the corresponding pattern in Fr. 39. ii. On the other hand a high dot at the end of l. 23 is unexplained; but this is not a fatal objection since similar superfluous dots occur elsewhere, e.g. after *δηπου* in Fr. 39. vii. 16; cf. Fr. 37. i. 20. The difficulty of restoring this column satisfactorily is no argument against the proposed combination, because that difficulty is not produced by the remains of Fr. 39. i.

19. If *αἰσχροὺν* is right, the *ν* must have been written above the line.

20. *δ' ἐλ(λ)όγι[μο]ν*, as W-M remarks, is preferable to *δὲ λόγι[μο]ν*.

23. *χ[.]ον* is very doubtful; *λην* or *μην* could well be read.

26. For *Σω[κρά]τη*, which was restored by W-M, cf. Fr. 39. ii. 17 and *Γέν. 2 δοκεῖ (δὲ) αὐτῷ Σωκράτης ὁ φιλόσοφος συμπεποιημένοι τινά, ὥς φησι Τηλεκλείδης, Σuidas μαθητῆς . . . Σωκράτους δὲ ἐν τοῖς ἡθικοῖς καὶ φιλοσόφοις*. The supposed cross-bar of *τ* in l. 27 might be taken for a paragraphus.

27 sqq. There is no apparent connexion between this and the preceding sentence, *ἐποιή[σα]τ'* in l. 34 lacks a subject and *[αὐ]τὸν* is undefined; some corruption is therefore to be suspected. The passage of the *Danaë* here referred to is, as W-M suggests, probably Fr. 324 *ὃ χρυσέ, δεξίωμα κάλλιστον βροτοῖς κτλ.* Socrates might be supposed to have excepted this passage in a general approval of Euripides' doctrine about wealth; or to have excepted Euripides from his condemnation of poets, though disapproving of this passage. But no such sense can be extracted without the assumption of a considerable dislocation in the text.

Fr. 39. ii. 7-27. ' . . . in the following way: '(A) When this is done in secret, whom dost thou fear? (B) The gods, who see more than men.' Such a conception of the gods will be Socratic; for in truth what is invisible to mortals is to the immortal gods easily seen. Moreover, the hatred of tyranny and the [condemnation of] democracies and oligarchies . . .

7. *[τ]όνδε[ε τ]όν* W-M.

8-14. These lines are not elsewhere extant. *ν* of *τοὺς* has been rewritten.

15. A conjunction seems a desirable addition and will also obviate the hiatus,—which, however, is repeated immediately afterwards in *τοιαύτη ὑπόνοια*; cf. *Introd. p. 127*.

24-7. The restoration proposed by W-M is attractive (cf. Col. iii), but not altogether satisfactory, since, though the vestige before *ο* in l. 24 is consistent with *σ*, there is barely room in front of it for *μ*. The *θ* also in l. 25 is questionable. An infinitive such as *ἀποδοκιμάζειν* is to be supplied after *δότη[ων]*.

iii. ' . . . and especially to raise none of the citizens above a proper level, nor make him tyrant, and to give bad citizens no admission to honours. For the greatest disease in a State is a worthless orator promoted beyond his worth. Nevertheless, Diodorus, concerning the general imprudence and negligence (?) of the Athenians . . .

1-2. *[εἰ]π[ό]ντι . . . [δὲ]* W-M.

5. Restored by W-M.

15-17. *ρήτωρ δημαγωγός* is a redundancy, and W-M seems right in rejecting the latter word as well as in substituting *προαγόμενος* for *παραγόμενος*.

23-5. Perhaps *καὶ ἀμελ[είας]*. *ῥα πάλιν*, as W-M suggests; but the traces at the end

of l. 23 though slight do not suggest *a*, and the preceding space is barely sufficient. *παῖραπλ[ήσια* cannot be read.

iv. 1-38. '... not in this wise, but we are not also guilty of baseness when we put full trust in somebody whatever he says, speaking not what is base but having recourse to what is weak, and then each one accuses the assembly of which he was a member.

(Di.) The comic poets, it seems, have said much both with severity and like statesmen.

(A) Yes, of course. Euripides again admirably incites the youths to valour and courage, urging Spartan efforts upon them and emboldening the people thus: "Gain glory in the time to come by performing every day a labour..."

1-15. The purport of this quotation from a comic poet, which is not extant, is apparently to excuse the Demos, which allows itself to be guided by demagogues; we are weak, he says, but not base. *στ[ε]* in l. 5 is due to W-M, who would prefer *τῷ* . . . *ὅς* to *τῷ* . . . *δὸς*. In ll. 8-9 he suggests *λέγ[οντ] (ο)ς οὐ πονήρ' ἀπ[άτ]η δὲ χρώ[μεθα]*, (or *χρω[μένον]*), 'his words are specious and we allow ourselves to be deceived.' *απ[ατ]η*, however, can certainly not be read, though perhaps should be restored. The letter after *a* (which could be *λ* or *δ*) must be either *λ* or *μ*; it is not unlikely that the scribe wrote *καλοῖς*.

33 sqq. The citation is new. A diaeresis should perhaps be recognized on the *υ* of *υστεροισιν*, but it does not appear to occur elsewhere in this papyrus.

38. *[πόν]ον* W-M. For the conjunction of *πόνος* and *εὐκλεία* cf. e.g. Eurip. Fr. 474 *πόνος γάρ, ὡς λέγουσιν, εὐκλείας πατήρ*.

v. 11. *]σεις*: or e.g. *]ψεις*.

12-27. "The flute-girls smile at you at the street corners. You ask who the *astynomi* are: you mean the men who clip the wings of liberty. If a man gains wealth, Pamphilus, you regard it not as property but as power."

12 sqq. These lines from a comic poet are also unknown. They seem disjointed, but that is very likely due to a desire on Satyrus' part for brevity; cf. vi. 1-15 note, viii. 17 sqq. note, xii. 1-16. W-M, to whom is due the restoration of ll. 14 and 24-6, suggests that the idea running through them may be that the *astynomi*, by regulating the tariff, placed rich and poor on a certain equality with regard to *αὐλητρίδες*.

19-20. *]λοι* is difficult; the first letter though imperfect is apparently *λ*, not *μ*. The vocative of a feminine name does not seem probable, and a corruption may be suspected, perhaps caused by the compression of the citation. *π[τερο]κοποῦν[τ]ης* W-M; cf. Callim. *Epigr.* 46. 8 *κείρεν τὰ πτερά*.

24. *Πάμφ[ι]λε* looks probable, but the *μ* is rather cramped.

28. *γ* could be read in place of *π* and *ι* in place of *ο*.

29. *ηι*: or *πι*; possibly *]επι*.

vi. 4-29. "... and most bitter against the father who begat them. For men who have come to the passion for rule over others are most hostile to their closest friends. Small children are sweeter to an aged father." So one would say, doubtless, auguring ill of the majority now badly brought up. For such persons are eager to carry out their father to burial with all speed, and to dispose of his property."

1-15. The verses, which presumably are from Euripides himself, are again unknown. As in Col. v, they appear not to form a consecutive passage; ll. 12-15, at any rate, have no evident connexion with the preceding lines. In l. 7 *δαμων* must be corrupt; *ἄλλων*, which I have suggested, might easily have a very similar appearance.

2. If *ε* and *τ* are right, the intervening letter should be *ι* on account of the narrow space; but *τ* may be *γ*, e.g. *γᾶ[ρ]*.

15-16. According to the copyist the quotation ended at πατρί, and it seems safer to follow him than to place the stop after ἄν and make μ[α]ντευόμενος refer to Euripides himself. τις may mean one of the characters in the play.

19-20. [νῦ]ν . . . ἡγμένων W-M; there is barely room for [νῦ]ν.

28-9. τ]ῆν ἐκφο[ράν W-M.

vii. '[. . . the husband] against the wife, and the father against the son, and the servant against the master; or in the reversals of fortune, violations of virgins, substitutions of children, recognitions by means of rings and necklaces. For these are the things which comprise the New Comedy, and were brought to perfection by Euripides, Homer being the starting-point in this and in the colloquial arrangement of verses (?). And Philemon rightly gives him credit for this in the passage, "So says Euripides, who alone can speak . . .".

1-6. The restoration is substantially due to W-M. Why the α of καί in ll. 2 and 3 has a horizontal stroke drawn above it is obscure; cf. the note on Fr. i. 3.

23-6. W-M objects to Homer being brought in here, and suspects a corruption of e. g. οὔτι μὴ . . .; but I have no doubt that Ὀμήρου stands in the papyrus. The principle of ἀναγνωρισμός at any rate is to be found in Homer as well as an approximation to dramatic dialogue, if that is what is meant by σύνταξις λεκτική. But possibly there is some omission towards the end of the sentence; στίχων γε(νόμενος . . .), for instance, suggests itself.

28 sqq. The admiration of Philemon for Euripides is referred to in Γέν. 6 οὕτω δὲ αὐτὸν Φιλῆμων ἠγάπησεν ὥς τολμῆσαι περὶ αὐτοῦ τοιοῦτον εἰπεῖν 'εἰ ταῖς ἀληθείαις οἱ τεθηγκότες αἰσθησιν εἶχον, ἄνδρες, ὥς φασὶν τινες, ἀπηγγάμην ἂν ὥστ' ἰδεῖν Εὐριπίδην'. The citation in ll. 32-6, the restoration of which I owe partly to W-M, is not elsewhere extant.

viii. 11. κρίσιν rather than ὑπόκρισιν seems to be the appropriate word. ἦ might be read in place of ρι.

17 sqq. The quotation is from the first oration against Aristogiton § 40. Lines 30-3, which were restored by W-M, are an abbreviation of the ordinary text, which is τίνα γὰρ τῶν ῥήτορων οὗτος εἵργασται τι κακὸν τοσοῦτον ἡλίκον τοὺς ἰδιώτας, περὶ ὧν ψηφίσματα γράψας ἐάλω; τίνα δ', ἐξ οὗ νῦν πάλιν λέγει, κέκρικεν ῥήτορα; οὐδένα. A high stop is possibly to be recognized at the end of l. 21. That in l. 29 is not certain.

ix. 3.]λειον: or]δειον.

4-32. 'He was the owner of a large cave there with the mouth towards the sea, and here he passed the day by himself engaged in constant thought or writing, despising everything that was not great and elevated. Aristophanes at least says, as though summoned as a witness for this very purpose: "As are his characters, so is the man." But once when witnessing a comedy he is said . . .'

4 sqq. Cf. Γέν. 5 φασὶ δὲ αὐτὸν ἐν Σαλαμῖνι σπήλαιον κατασκευάσαντα ἀναπνοὴν ἔχον εἰς τὴν θάλασσαν ἐκείσε διημερεῦειν φεύγοντα τὸν ὄχλον. Aulus Gellius, *N. A.* xv. 20, cites Philochorus as the authority for this statement: *Philochorus refert in insula Salamine speluncam esse tætram et horridam, quam nos vidimus, in qua Euripides tragoedias scriptitarit.*

7. Analogies for the spelling ἀναπνοῖν for ἀναπνοήν are found from the third century B. C.; cf. Mayser, *Gram. d. griech. Papyri*, p. 110.

19. The stop is uncertain.

25-8. The quotation, which is apparently in trochaic metre, is not otherwise known. For the sentiment W-M well compares Aristoph. *Thesm.* 149-50 χρὴ γὰρ ποιητὴν ἄνδρα πρὸς

τὰ δράματα ἃ δεῖ ποιεῖν πρὸς ταῦτα τοὺς τρόπους ἔχειν. In l. 25 τοια seems to have been written for οἷα.

31. λέγεται W-M.

x. 'Every one disliked him, the men because of his unsociableness, the women because of the censures in his poems. And he incurred great danger from both sexes, for he was prosecuted by Cleon the demagogue in the action for impiety mentioned above, while the women combined against him at the Thesmophoria and collected in a body at the place where he happened to be resting. But notwithstanding their anger they spared the man, partly because of their admiration for his poetical gifts . . .'

3-5. On the δυσκολία of Euripides cf. Fr. 9 and note.

15-22. This prosecution by Cleon, which the extant accounts of Euripides do not mention, was perhaps referred to in the columns lost between Frs. 37 and 38. A charge of ἀσεβεια was involved in the property-suit which is mentioned by Aristotle, *Rhet.* iii. 15. 8 (p. 1416 a 28) ὥσπερ Εὐριπίδης πρὸς Ὑγιαίνοντα ἐν τῇ ἀντιδόσει κατηγοροῦντα ὡς ἀσεβῆς, ὃς γ' ἐποίησε κελύων ἐπιορκεῖν 'ἡ γλῶσσ' ὁμώμοχ', ἡ δὲ φρὴν ἀνώματος'. But it is quite credible that the accusation was made more than once.

23 sqq. Cf. Γέν. 5 αἱ δὲ γυναῖκες ἐβουλήθησαν αὐτὸν κτείνειν εἰσελθοῦσαι εἰς τὸ σπῆλαιον ἐν ᾧ γράφων διετέλει, 6 λέγουσι δὲ καὶ ὅτι αἱ γυναῖκες διὰ τοὺς ψόγους, οὓς ἐποίει εἰς αὐτὰς διὰ τῶν ποιημάτων, τοῖς Θεσμοφορίοις ἐπέστησαν αὐτῷ βουλόμεναι ἀνελεῖν. ἐφείσαντο δὲ αὐτοῦ πρῶτον μὲν διὰ τὰς μούσας, ἔπειτα δὲ βεβαιωσαμένου μηκέτι αὐτὰς κακῶς εἶναι. ἐν γοῦν τῇ Μελανίππῃ περὶ αὐτῶν τάδε φησί· μάτην ἄρ' ἐς γυναῖκας ἐξ ἀνδρῶν ψόγος κτλ. (Fr. 499).

34. A blank space, in which there is no sign of writing, precedes εφε[; cf. xi. 6-7.

35. For the crasis τὰν[δρό]ς cf. xviii. 14.

37. [ἀγ]ασθεῖσαι: two letters hardly fill the space, and δι[ὰ τὰς] μούσας might be read, as in the Γένος (cf. the note on ll. 23 sqq.); but I can find no suitable word to precede δι[ά].

38. There may be a high stop after μούσας; if so, ἅμα δέ followed in the next line.

39.]οσ or possibly]οις.

xi. This column is occupied by a long quotation from the *Melanippe Desmotis* of Euripides. The lines are also found in the Florilegium recently published in *Berl. Klassikerlexie*, V. ii. p. 123 sqq. with some slight variations partly perhaps due to Satyrus himself. The *Melanippe* was no doubt quoted in the papyrus, as in Γέν. 6 (cf. note on ll. 23 sqq.), in illustration of the poet's supposed promise μηκέτι αὐτὰς κακῶς εἶναι.

1-4. The supplements suggested are derived from the Berlin papyrus, where the two verses which precede that ending α[ισχύ]νην ἔχει (ll. 7-8) conclude] . . κα οὐκ ἀρ[ο]υμέναι and ἀλ[λ]ήλας π[ό]ρους.

6-7. There is a blank space at the end of l. 6 and at the beginning of l. 7, perhaps indicating an omission, though in x. 34, where a similar blank occurs, nothing seems to be wanting.

7-8.]θ . . αισχ . . . φέρει P. Berl., the editors suggesting οὐ]θέν αἰσχύνην φέρει, which is now partially confirmed.

10-11.] . φτος . . .]η P. Berl., but W-M informs me that ἐκβα[λεῖ can now be recognized. Something like αἰσχροῦς λόγους was apparently the object of the verb.

11-12 = Eurip. Fr. 492. 6-7 (Athen. p. 613 d).

νέμουσι: οἰκοῦσι Athen., which is less attractive; the word is lost in P. Berl.

16-19.] ἐρημία γυναικὸς οἶκος δυσπινὴς ὅγε θλβ[ι]ο]ς P. Berl., which will neither scan nor construe. W-M suggests that the original may have been ἐν δ' ἐρημία . . . δυσπινὴς οὐδ' θλβιος; the papyrus however perhaps gives the verse as Satyrus wrote it,—though the mistakes in the following lines do not inspire confidence.

20. ἀ δ' εἰς θεούς P. Berl.

21. *πρωτα* was written twice by mistake.

25-6. Φοίβου and δόμοις P. Berl.

30-1. ἀμφί θ' is correct; [. . .] δ' P. Berl., restored by the editors [ἐνθα] δ'. But δωμάτων is evidently a corruption for Δωδώνης, which is given by P. Berl. The σ before βαθρα may be a survival of the termination of Δωδώνης, but [η]s would hardly fill the space.

33-8. The restorations in ll. 33-5 are derived from P. Berl., which continues γένος πορεύει τοῖς θελοῦσιν Ἑλλάδος. This, however, is not reconcileable with the clear θ of l. 36, and apparently the text of the papyrus was again erratic. σ in l. 37 may be ε or ο.

xii. 1-16 = Aristoph. *Thesm.* 374-5, 335-7. These passages were evidently cited by the interlocutor in connexion with the story of the women's attack upon Euripides, perhaps, as W-M suggests, as the actual source of the story.

2. Τιμόκλεια Aristoph.; the papyrus had some other name, e.g. Ἀρχίκλεια.

13-14. Εὐριπίδῃ Μήδοις MSS. of Aristoph., τ' being added by Scaliger. There is not room for Μήδοις between ω[and τ.

16-35. 'You have clearly comprehended my meaning and absolved me from developing it. He was embittered against the sex for this reason. He had, it seems, in his home a young man born in the house named Cephisophon; and he detected his wife in misconduct with this person.'

21 sqq. Cf. *Γέν.* 6 ἔσκωπτε δὲ τὰς γυναῖκας διὰ τῶν ποιημάτων δι' αἰτίαν τοιαύτην. εἶχεν οἰκογενὲς μενράκιον ὀνόματι Κηφισοφῶντα. πρὸς τοῦτον ἐφώρασε τὴν οἰκείαν γυναῖκα ἀτακτοῦσαν.

34. [ἀ]τακ[το]ῦσαν is warranted by *Γέν.* 6 (cf. the previous note), though [το] hardly fills the space.

xiii. 1-38. '... bearing the outrage [calmly], as is related, directed the woman to live with the young man. When he was asked "What is the meaning of this?", he said "In order that my wife may not be his, but his mine,—for that is just,—if I wish". And he continued to oppose the whole sex in his poetry.

(Di.) Quite absurdly! For why is it more reasonable to blame women because of a seduced woman than men because of the man who seduced her? As Socrates said, the same vices and virtues are to be found in both.'

1. Some adverb such as ῥαδίως or εὐχερῶς preceded.

9-11. Restored by W-M. It seems necessary to assume some error in ll. 9-10.

23. This use of νή is very questionable, and (Δία) should perhaps be inserted, or ναί substituted. νή without an accusative is only found in Lucian in the phrase νή καὶ σύγε (*Tim.* 46, *Dial. Deor.* 20. 7, 22. 1, *Dial. Mort.* 20. 3).

24 sqq. Cf. *Berl. Klassikertexte*, V. ii. p. 126 ψόγος μάταιος ἀνδρῶν . . . ψέγειν γυναῖκας, εἰ μὴ [ε]ύρε[θ] κακῇ, πάσας ὁμοίως and, for 31 sqq., Plato, *Rep.* p. 455.

34-5. W-M's emendations are clearly right.

40. The letter before θ can be χ.

xiv. 4. ν is very doubtful and there is perhaps room for another letter, e.g. [θησ]θ[αι].

6. δρος is possible (τ[ἀν]δρός?).

8-35. '... that she was drugging Hystaspes with love potions. So she sent for the woman, but when on her approach she saw her stature and beauty, "Welcome, woman," she said; "I see that the accusations were false. For you have the drugs in your face and your eyes".'

(A) Capital, best of women, and rightly named Eucleia, since you remember such traits of character . . .

8 sqq. This story about Hystaspes seems to be new.

17. ι of και is corrected.

21. [δια]βολαι W-M.

xv. ' . . . so long they prevailed over their adversaries; for in my view this is to be reckoned the victory of the women. The men so far as depended upon themselves were worsted.

(A) Perhaps, Diodorus. But let this be the defence of the women and let us return to Euripides. He partly in vexation at the malice of his fellow-citizens and partly in anger at his frequent association with Acestor and Dorilaus and Morsimus and Melanthius—

(Di.) By Zeus, whom do you say? Were they poets?

(A) Yes, poets, who . . .

1-12. Owing to the loss of the context this passage remains obscure.

21-6. Cf. Γέν. 3 ἐπέκειντο δὲ καὶ οἱ κωμικοὶ φθόνῳ αὐτὸν διασύροντες. ὑπεριδὼν δὲ πάντα εἰς Μακεδονίαν ἀπήρε, 5 ὑπὸ γὰρ Ἀθηναίων ἐφθονεῖτο.

31-4. Morsimus and Melanthius are ridiculed by Aristophanes, who alludes also to Acestor in *Vesp.* 1221 and *Aves* 31; cf. the scholia on those passages. Dorilaus is doubtless identical with the tragedian mentioned by Aristophanes in the *Δημνίαι*, whose name is given as Dorillus or Doryllus in Etym. Magn. p. 283. 45 and Hesych. s.v. δορυαλλός; cf. Aristoph. Fr. 367 Kock.

35-9. Restored by W-M.

xvi. 1-17. A quotation from a comedian, apparently giving a receipt for a dish of poetry: 'Take some of Sophocles and Aeschylus, but put in a whole Euripides,' i.e. you will want the whole in order to extract a flavour. It is clear from the sequel that Euripides was being depreciated. Lines 6-10 ought to be restored. In l. 10 the first letter is perhaps α, β, or δ, and that before εσθ can be κ, λ, μ, σ, or χ. βο[ύ]λεσθ' is hardly suitable; ἀλ[ι]ς ἔσθ' is possible, though unconvincing.

17-31. (A) 'The verses have the appearance of being by one of his competitors, as you say. But here too the comedian's attack on Euripides is mischievous. In the following winter . . .'

19. ἀ[ντι] W-M.

30-1. If the words are rightly restored, they are of interest as showing that Satyrus was acquainted with the dates of the plays mentioned. δ seems to have dropped out in l. 30, as in ii. 15.

xvii. "' . . . whatever part of the body it has taken for its habitation, in the hands, the inwards, or by the eyes," added mockingly to this, "where the dog as she sleeps puts her nose". These then, as I said, in their expression of views sought popular favour. He however, after putting in, so to speak, an obstructive plea, renounced Athens.

(Di.) What was the plea?

(A) It was entered in the following choral ode: "Wings of gold", &c.'

1-7 = Eurip. Fr. 403, 3-4 (Stob. *Flor.* 38. 8) from the *Ino*. The first two lines of the fragment are: τίς ἄρα μήτηρ ἢ πατήρ κακὸν μέγα βροτοῖς ἔφυσεν τὸν δυσάννημον φθόνον. At the beginning of the third line Stob. gives ποῦ καὶ ποτ' οἰκεῖ, which has been variously emended. The papyrus confirms ποτ' οἰκεῖ, and ὅπου gives some support to ποῦ. ὅπου cannot be right, since an interrogative is required.

7-13. The poet who added the line in the Doric dialect is unidentified.

30 sqq. = Eurip. Fr. 911, from Clem. Alex. *Strom.* iv. p. 642. The play is unknown,

but ll. 21-5 show that it was among the latest works of Euripides, presumably one of the *Orestes* group.

34. πτε[ρόεν]τα : so rightly Grotius ; ἐρόεντα L.

36. ἀρμόζεται is bracketed by Nauck, whose suspicions prove to be ill-founded.

37. δ' : τ' L. The insertion of εἰς with Clement (ἐς L, εἰς Bergk) is desirable on metrical grounds.

37-9. αἰθέρα πολλὸν ἀερθεῖς L, which has been mistakenly emended ; Nauck adopts Gomperz's αἰθέριον πόλον ἀρθεῖς. The true correction is now given by the papyrus. The quotation continued συμμείζων ὁρμάν ; cf. xviii. 7-8.

xviii. '... began the songs. Or do you not know that it is this that he says ?

(Di.) How then ?

(A) In saying "to mingle my flight with Zeus" he metaphorically designates the monarch and also magnifies the man's power.

(Di.) What you say seems to me to be more subtle than true.

(A) Take it as you like. Anyhow, he migrated and spent his old age in Macedonia, being held in much honour by the sovereign ; and in particular the story is told that . . .

3-6. The suggested restoration, to which W-M and Murray have both contributed, gives a fairly good sense, though there is some awkwardness in making the speaker assume a knowledge of Euripides' meaning. οἶσθα, however, is better adapted to the space than εὐδηλον, which W-M suggests as an alternative. In l. 4 λ or υ could be read in place of α, and φ for σ in l. 5.

7-8. Ζηνὶ προσμείζων Clement, omitting ὁρμάν.

13. ἀ(μ)α for ἀλλα W-M. For an analogous interchange of μ and λλ cf. vi. 7.

18. φαίνε[ι] seems demanded by the sense ; a slight thickening of the cross-bar of the ε, which rather suggests that a τ followed, may be deceptive.

21. ἀπερ is very awkward, and W-M's emendation is an evident improvement.

25. κατεγήρασε conveys a somewhat false impression, since Euripides was over seventy when he went to Macedonia, and only survived there about a year and a half. The date of his death is given by the Parian chronicle as 407-406, and this is confirmed by Aristophanes' *Frogs*.

27 sqq. Cf. Suid. Ἀρχέλαον . . . παρ' ᾧ διῆγε τῆς ἄκρας ἀπολαύων τιμῆς, Γέν. 2 παρὰ Ἀρχέλαον γενόμενος . . . μάλα ἔπραττε παρ' αὐτῷ, ὅτε καὶ ἐπὶ τῶν διοικήσεων ἐγένετο.

xix. (A) 'That is not badly said ; for the appreciation of the people at Athens is not worth mention, who only afterwards learnt from Macedonians and Sicilians the genius of the poet. The story at least is that at the time of Nicias' expedition against Sicily, when numbers of Athenians were captured, many of them owed their release to the poems of Euripides, any, that is, who remembered some of his verses and taught them to the sons of those who had taken them captive ; so great was the admiration of the whole of Sicily for Euripides. Moreover by Archelaus he was . . .'

2. A paragraphus may be lost below this line.

11 sqq. This story is also told by Plutarch, *Nic.* 29 ἐνιοὶ δὲ καὶ δι' Εὐριπίδην ἐσώθησαν. μάλιστα γάρ, ὡς ἔοικεν, τῶν ἐκτὸς Ἑλλήνων ἐπόθησαν αὐτοῦ τὴν μουσάν οἱ περὶ Σικελίαν . . . τότε γοῦν φασὶ τῶν σωθέντων οἴκαδε συχνοὺς ἀσπάσασθαι τὸν Εὐριπίδην φιλοφρόνως, καὶ διηγεῖσθαι τοὺς μὲν ὅτι δουλεύοντες ἀφείθησαν ἐκδιδάξαντες ὅσα τῶν ἐκείνου ποιημάτων ἐμμένηντο.

34-5. Restored by W-M. χ in l. 35 is very doubtful ; the remains suggest rather α τ.

xx. " . . . his mouth is . . . and extremely malodorous." "Hush, boy," he interrupted,

"what mouth has there been such or could be sweeter than that from which proceed songs and words like his?"

(*Di.*) He resembled the man who . . . to the poet, as you have admirably said in . . .

(*A*) Well, these were the events of Euripides' life. The death he met was very violent and peculiar, according to the version of the oldest Macedonian story-tellers.

(*Di.*) What is their account?

(*A*) There is in Macedonia . . .

1-15. Cf. Γέν. 5 μειρακίου δέ τινος ἀπαιδευτοτέρου στόμα δυσῶδες ἔχειν ὑπὸ φθόνου αὐτὸν εἰπόντος, 'εὐφήμει,' ἔφη, 'μέλιτος καὶ Σειρήνων γλυκύτερον στόμα.'

4. ὕπολαβών W-M.

19. The text must be defective; perhaps the original was ἐν τῷ (. . . τῷ) . . . ἀκότι, the error being due to a lipography. The supposed iota adscript is rather long and may be ρ, φ, or ψ.

23. θ of ταυθ was corrected from τ.

34-6. Cf. Γέν. 4 ἐν τῇ Μακεδονίᾳ κώμη ἐστὶ καλουμένη Θρακῶν, whence ἐν [Μακεδονίᾳ is restored here by W-M. The vestiges at the beginning of the next line hardly suggest κ[ώμη.

xxi. ' . . . and he begged them off. Some time afterwards Euripides happened to be alone by himself in a grove at a distance from the city, while Archelaus went out to the chase. When they were outside the gates the huntsmen loosed the hounds and sent them on in front, while they themselves were left behind. The dogs fell in with Euripides unprotected and killed him, the huntsmen arriving on the scene later. Hence they say the proverb is still in use among the Macedonians "Justice even for a dog".'

1 sqq. Cf. Γέν. 4, the language of which is very close to that of Satyrus, ἐν ταύτῃ ποτὲ τοῦ Ἀρχελαοῦ Μολοτικῇ κύνων ἦλθεν ἀποπλανηθεῖσα. ταύτην Θρᾶκες ὡς ἔθος θύσαντες ἔφαγον. καὶ δὴ ὁ Ἀρχελαος ἐζημίωσεν αὐτοὺς ταλάντῳ. ἐπεὶ οὖν οὐκ εἶχον, Εὐριπίδου ἐδεήθησαν ἀπολύσεως τυχεῖν δεσθέντος τοῦ βασιλέως. χρόνῳ δὲ ὕστερον Εὐριπίδης ἐν ἄλσει τινὶ πρὸ τῆς πόλεως ἤρემει, Ἀρχελαοῦ δὲ ἐπὶ κυνηγέσιον ἐξελθόντος, τῶν σκυλάκων ἀπολυθέντων ὑπὸ τῶν κυνηγῶν καὶ περιτυχόντων Εὐριπίδῃ, διεσπαράχθη καταβρωθεὶς ὁ ποιητής. ἦσαν δὲ ἔκγονοι οἱ σκύλακες τῆς ὑπὸ Θρακῶν ἀναιρεθείσης κυνός, ὅθεν καὶ παροιμία ἐστὶ παρὰ τοῖς Μακεδόσι 'κυνὸς δίκη'.

35-7. The general sense is shown by the last sentence quoted in the previous note. After σκυλάκων the clause perhaps proceeded ἀ[πό]γονοὶ τινες ἦσαν τῆς κυνός . . . or ἀ[πώ]λετο ἐκγόνων ὄντων τῆς κυνός.

xxii. 'When Timotheus was unpopular in Hellas because of his innovations in music and was so exceedingly depressed that he had determined to make away with himself, Euripides alone taking a contrary view ridiculed the spectators and, perceiving the quality of Timotheus in his art, consoled him with most encouraging words, and even composed the proem of the *Persae*; and Timotheus owing to his victory soon ceased to be despised . . .'

1 sqq. This anecdote about Euripides and Timotheus is narrated by Plutarch, *An seni sit ger.* r. p. 23, p. 795 d Τιμόθεου Εὐριπίδης συριττόμενον ἐπὶ τῇ καινοτομίᾳ καὶ παρανομίᾳ εἰς τὴν μουσικὴν δοκοῦντα θαρρεῖν ἐκέλευσεν ὡς ὀλίγου χρόνου τῶν θεάτρων ὑπ' αὐτῷ γενησομένων. The supposed meeting might have occurred at the court of Archelaus, which Timotheus also is said to have visited (Plutarch, *De Alex. fort.* ii. 1, p. 334 b).

5. καινοτομίαν is Plutarch's word (cf. the preceding note) but the reading is not particularly satisfactory. The letter after ο may well be π, but neither καινοποιίαν nor καινοπραγίαν suits.

27-9. This statement that the proem of the *Persae* was written by Euripides is very

surprising. The time of its composition is not precisely fixed, but fell somewhere between the years 412 and 395 (cf. von Wilamowitz, *Timotheos*, pp. 56-61), and though there are reasons for putting the date nearer the lower than the upper limit, the statement of Satyrus is not chronologically impossible. The poem itself shows that at the time of writing detractors had not yet been silenced (*Persae* 219 sqq.). Of the Προίμιον only the first line is known (from Plutarch, *Philopoem.* 11, p. 362) κλεινὸν ἐλευθερίας τέχων μέγαν Ἑλλάδι κόσμον.

30-5. The alteration of *του* to *τῷ* and the supplements in ll. 33-5 were proposed by W-M. In l. 33 the doubtful *ο* may be e. g. *ε* or *σ*, and the initial letter, of which only the top of a tall vertical stroke remains, can be *ψ* instead of *φ*.

Fr. 40. A connexion between this fragment, which contains a lyrical citation, and Fr. 37 is suggested by the similar blackening of the verso. In l. 3 the *ι* of [*βαρε*] *ῖαν*, which with *ἀνέ[ρ]* *ων* in l. 5 was suggested by W-M, is questionable, but the general sense at any rate is probably not misrepresented. *δικαν*, if right, will mean 'after the manner of'; *αἶσαν*, which W-M wishes to substitute, cannot be read. The stop in l. 8 most likely marks the end of the quotation.

Fr. 41. This fragment, in which there seems to be another quotation, may well come from Frs. 37 or 38; but there are no decided indications of its position.

Frs. 48-57. These small pieces were associated with the larger fragments, Frs. 48-9 with Frs. 37-8, Frs. 50-4 with Fr. 39. i-xi, Frs. 55-7 with Fr. 39. xv-xxiii. The discolouration of Frs. 49, 51, and 55-7 indicates that they come from near the ends of the columns.

III. EXTANT CLASSICAL AUTHORS

1177. EURIPIDES, *Phoenissae*.

11.2 × 7 cm.

Early first century.

The copy of the *Phoenissae* of which this fragment gives the bottoms of two columns was written on the verso of the papyrus in a somewhat crabbed and irregular upright hand which is clearly quite early in date. On the recto is some cursive writing apparently of the first century B. C., and above this for the sake of support strips of other documents have been pasted, one of which is dated in the reign of Augustus. This evidence combines with that of its own script to place the literary text of the verso somewhere near the commencement of the Christian era. When verses were divided between speakers, the several parts were written in separate lines, as in 1174. Lyrical verses seem to have been distinguished by slight indentation. A high stop apparently occurs at the end

of l. 12. The copyist was not very accurate, but the age of the papyrus gives it some weight, and readings of interest occur in ll. 1, 5, 11, and 20.

Col. i.

-
 [ουτος δ ω γεραιε τι]ς π[ο]θεν

Col. ii.

-
 γαμασ[ι χρυσεοτευκτοις Φοι 220
 βω λατ[ρις εγενομαν ετι δε Κασταλιας
 υδωρ [περιμενει με κομας εμας δευσαι παρ
 θενιο[ν χλιδαν Φοιβειαισι λατρειαις 225
 20 ω λαμ[πουσα

1 (171). τι]ς π[ο]θεν: τίς πόθεν κυρεί MSS. Editors generally follow Valckenaer in omitting πόθεν which is supposed to have come in here from l. 123. But κυρεί is as likely to be the interpolated word as πόθεν, and the papyrus may well give the true text.

3 (173). 1. δεσποινα.

5 (175). Αελιου: the traditional reading is supported by the papyrus; Λατοῦς Badham, ἁ Λατοῦς Wecklein with Nauck.

6 (176). χρ]υσειον κυκλοιν: 1. χρ]υσεοκυκλον, with MSS. (χρυσόκ. B).

11 (180). The lacuna is of the same length as in the next line, and is satisfactorily filled without the addition of επτα which the MSS. read after εκεινος and which was ejected

by Valckenaer. The papyrus, however, agrees with tradition in giving *Καπανεύς* to Antigone and not to the *παιδαγωγός*—a needless alteration suggested by Geel and adopted by Murray.

16 (220). 1. ἀγαλμα[σι].

20 (226). ω: so Wecklein with some later MSS.; ιω AaBELG.

1178. EURIPIDES, *Orestes*.

Fr. (a) 11.8 × 8.9. Early first century B.C. Plate I.

Remains of two columns written in an upright somewhat informal hand which must go back at least to the earlier decades of the first century B.C. The columns originally consisted of 24 lines each, but these are fairly widely spaced, so that the height of the roll was not less than some 20 cm. No lection signs occur beyond the paragraphi, which are used to indicate alternations in the dialogue. Verses divided between speakers were put into a single line and not split up, as in 1177, into two or more; the point of division was probably marked in the usual way by double dots. Two small illegible fragments remain unidentified.

For so early a copy, the text can hardly be called a good one. There is an obvious blunder in l. 1345, besides other probable errors. The arrangement of ll. 1347 sqq. is noteworthy; cf. note on l. 1348.

Col. i.

1350. βαλον[τες ησυχάζεθ ως ειδηι τοδε

1356 [β]οηδρ[ομησαι προς δομους τυραννικους
[π]ριν ευμως ιδ[ω τον Ελενας φονόν
[κ]αθαιμακτον [εν δομοις κειμενον
η και λογον που προσπολων πυθωμεθα

1360 τας μέγ γ]αρ οιδί'α συμφοράς τας δ ου σαφώς

1315. βρο]χοις: βρόχους MSS. The dative shows that the papyrus read ἐσπεσουσα or ἐμπεσουσα, not Wecklein's ingenious ἐσπαίσουσα.

1320.] *κακα*: the MSS. have *τάχειραγάμενα*, which is quite satisfactory. Something like *ταν δομοις* may have preceded *κακα*, which was perhaps originally a gloss on *ταχειραγάμενα* and afterwards made its way into the text.

1324. *εν δομοις*: Hartung's *ενδοθ*[*εν*, which Wecklein accepts, is also possible.

1335. *αευφημεις* (?) *δομ]οις*: *ἀευφημει δόμους* originally *a* and perhaps *Ā*, *ἀευφημει δόμος* others, edd.

1342. ϵ of $\epsilon\iota\varsigma$ was converted from a straight stroke, i. e. probably the scribe at first wrote $\epsilon\theta\iota$ unelided.

1345. 1. σωθηθ.

1346. φίλοι: so MSS. except F, which has ἄνδρες.

1348. The papyrus is broken below the η of η[μιν, but if a paragraphus had been written it should be partially visible. In this text therefore σιγᾶν . . . σωτηρία were assigned to the speaker of ll. 1349-52, in agreement with Lachmann, who gave σιγᾶν . . . σωτηρία to Electra.

1350. βαλον[τες: so Ea, &c., Wecklein; βάλλοντες AL, Murray.

1359. που: του MSS. (τοῦ ELG). In this hand a τ may be easily mistaken for π.

1360. τας: so the MSS. except A, which has τά corrected from τás, τás being restored by A². τὰ . . . συμφορὰς Wecklein.

1179. APOLLONIUS RHODIUS ii.

8.4 × 11.5 cm. Early third century. Plate I.

This small fragment offers another example of the 'biblical' type of uncials upon papyrus. The hand closely resembles those of 664 and P. Rylands 16, and may be assigned with some confidence to the earlier decades of the third century, if not to the end of the second; cf. also 1166, which represents a somewhat later stage of the same style. Accents, breathings, and marks of elision and quantity appear to be a subsequent addition, but the punctuation in ll. 3 and 4 is probably original. The text so far as it goes agrees with that of Wellauer.

.
 [του δε παρος κολεων ευηκεα φασ]γαν [εταιροι
 [εσταν ερυσσαμενοι πρωτος γ]ε μεν ανερα Καστωρ

104. Bruck's ἀμφοτέροις ἐκέασθη is not supported.

1180. THUCYDIDES v.

17.3 × 8.4 cm.

Third century.

This fragment contains the lower portion of a column with slight remains of the two adjacent columns, written in sloping uncials of the third century. The shortness and horizontal position of the third stroke of the κ are noticeable. A rather deep margin, of about $5\frac{1}{2}$ cm., was left at the bottom of the columns. A coronis at l. 33 probably marks the end of a chapter. The papyrus shows the antiquity of the reading *πρὶν ἢ* in *61. 1*; but the text is not very correct and is of comparatively small interest.

Col. i. (Opposite ll. 9–13.)

 μ[ηνους]

11. η: so MSS.; δῆ H(u)de) with Haase and Krüger.

12. επ[ι]: l. ετι γαρ with the MSS. γαρ has dropped out owing to the similarity of the first syllable of παρησαν.

14. l. Αθηναιοι. οἱ 'Αθην. MSS.

15. παρο[ν]το[ς]: Stahl's conjecture παριόντος is not confirmed.

16. τοι[ς]: om. MSS.

19. γενοι(ν)το: καὶ γένονται MSS.

28. υπελιποντο: υπελείποντο MSS. But in a papyrus of this type the distinction between ει and ι is not likely to have been carefully observed.

το πρωτον: om. το MSS.

30-6. The relation of Col. i to Col. ii indicates that the remains of Col. iii are to be looked for at about the end of Chap. 62, a conclusion which is confirmed by the marginal coronis below l. 33. A slight obstacle, however, occurs at l. 31 where the division ιο[ν]τες is irregular. The ν might well be μ, but that letter cannot be worked in here, and the arrangement adopted seems to be the most probable that can be suggested.

1181. XENOPHON, *Anabasis* vii.

8.9 x 6.9 cm.

Early third century.

A small fragment containing a few lines from the *Anabasis*, written in careful upright uncials of medium size and dating perhaps from the earlier decades of the third century. Two short dashes inclined to each other at a slight angle appear to be used as a mark of punctuation in l. 2; but the papyrus is broken, and the interpretation suggested is therefore uncertain.

vii. 1. 40

1. The supplement is rather longer than would be expected.

3. Κοιραταδης: so the better MSS.: Κοιρατάδας edd.

5. Leg. εκαλλιερει. διε[μ]ετρησεν is the reading of the better MSS.; διεμέρισεν dett.

1182. DEMOSTHENES, *De Falsa Legatione*.

27 x 22.6 cm.

Second century.

To the copyist of 1093, the *Contra Boeotum*, are also to be referred the four well-preserved columns following from the *De Falsa Legatione*. His hand is here somewhat less inclined to cursive, but its identity is evident. The two MSS., however, were not quite uniform, for, though the columns of 1182 are of the same breadth as those in 1093, the latter are shorter, notwithstanding the greater height of the papyrus. The elaborate punctuation of 1093 is however repeated, and here too may be to some extent a later addition. On the other hand it is not clear that the corrections are by the same person in both papyri. The marginal insertion in 1093. xii. 17, at any rate, shows no resemblance to the interlineations, e. g., at 1182. 122, 127. Perhaps more than one revisor should be distinguished in 1093. The complementary symbol at the end of short lines is more angular here than in the latter papyrus.

Textually the characteristics of 1182 are similar to those of 1093: agreements with S preponderate, but the opposite scale is not left empty. No peculiar readings of moment occur; three valueless variants are contributed by the corrector.

§ 56

1. επαγγελιαν: so S¹ (?) L corr. (?) FQO; απαγγελιαν Bl(ass) and Butch(er) with S corr.
 19. The erroneous ι is crossed through besides having a dot placed above and apparently also beneath it.

22. πρέσβεις εἰς S.

23. Bl. brackets ἐξαπατᾶν.

27. απηγγειλεν: so vulg.; ἀπήγγελλε SL, Bl. Butch.

30. ουκ αυτοι[s]: so SL, Bl.; οὐχ αὐτοῖς A, Butch.

35. The purpose of the χ in the margin at the top of this column is not clear.

43. ποιησουσιν: so FYO, Bl. Butch.; ποιήσωσιν SA. The first ι seems to be a later insertion.

υ of υμας has been corrected, but was most probably the original reading. The corrector perhaps substituted η and then changed his mind and restored the υ. ημας is found e. g. in O.

54. The final ν of ἐ[ι]ρηνην was converted by the first hand from σ.

56. εγγονοις is the spelling of SL, and so Bl. and Butch. αυτου which has been added above the line is not otherwise attested.

62-3. παντα ταυτα: ἀπαντα ταῦτα SLY, ταῦτα πάντα vulg. Bl. Butch.

64. συνεσκευασαν: so S¹A, Bl. Butch.; οἱτοι συν. L vulg.

80. των: so SL¹A, Bl. Butch.; παρὰ τῶν vulg.

102. The papyrus agrees with the MSS. in reading υστερο[ν] which Bl. and Butch. bracket, with Weil.

115. εα[υτους: αὐτους MSS.

117. ἐ[γχει]ρισαντες: so most MSS. and edd.; ἐγχειρήσαντες SQ.

122. The interlinear variant η, i. e. ἥ, is novel.

123. ουτος, the corrected reading, is that of the MSS.

127. There is no support for εχει after ουτως, which like αυτου in l. 56 is an addition of an explanatory character.

134. A high and a low stop have apparently both been written; the latter is the punctuation expected; cf. e. g. l. 43.

1183. ISOCRATES, *Trapeziticus*.

27.6 x 20.5 cm.

Late first century.

Three columns written in a hand similar in scale and type to that of 844 (Part V, Plate vii), but showing a somewhat earlier stage of development. I should refer this example of the round upright style to the first century. As in 844, the final letters of a line are sometimes much reduced in size in order to keep the column even, and with the same object the common angular sign is added when lines would otherwise be short. A pause in the sense is marked by a slight blank space, which may or may not be accompanied by a marginal paragraphus. A doubtful stop occurs in l. 67.

The text is interesting on account of the strong support given to the eleventh-century Codex Vaticanus (Λ) against the older Urbinas (Γ). Slight variations from both these authorities are noticeable in ll. 41, 42, and 70. My collation is based on the edition of Drerup.

Unplaced fragment

] . ν > [

4. μου εγι[νετο]: SO Λ; μοι κατέστη Γ. μου ἐγένεθ' D(rerup) with edd. vett., μοι ἐγένεθ' Bl(ass).

5-6. $\text{ικανῆν} \dots \epsilon\chi\epsilon\iota\nu$: $\text{ίκ. πίστιν ἔχειν παρ' ἐμοῦ}$ Δ ; $\text{πίστιν ἔχειν ἱκανῆν}$ D. Bl. with Γ . ἀποχρῶσαν is given as a variant on ἱκανῆν by the last corrector of Γ .

7. εαυτῶ : so Δ ; αὐτῶ Γ , D. Bl.

9. In view of the decided tendency of the papyrus to agree with Δ , I write $\epsilon\mu\omicron\iota$ here and ἐκεῖτο in l. 12; τέ μοι and κείται Γ .

15. τῶν : so Δ ; τῶν ἄλλων τῶν Γ , D. Bl.

28. το πρῶτον $\epsilon\tau\omicron\lambda[\mu\eta\sigma\epsilon\nu$: so D. Bl. with Γ ; $\text{ἐτόλμησε τὸ πρῶτον}$ Δ .

33. ἀφει[ρ]ημενον : l. ἀφ[ρ]ημενον with MSS.

41. ἐπικαλεῖν : ἐγκαλεῖν MSS.

42. δια : καὶ δια MSS.

47. καί : so Δ ; om. D. Bl. with Γ .

49. τοσου[τ]ο : τοσοῦτον MSS.

60. ἐμ[ε]λλ[ε]ν : so D. with Δ ; ἦμ. Γ , Bl.

62-3. $[\eta\mu\omega\nu \epsilon\kappa\alpha]\tau\epsilon\rho\omicron\varsigma$: so Δ ; ἐκάτ. ἡμῶν D. Bl. with Γ .

67. A doubt attaches to the supposed stop after $\nu\mu\epsilon\iota\nu$, since there is a slight trace of ink between this and the following \omicron ; but to read $\omicron\varsigma$ [with no stop is still less satisfactory. The vestiges after ν would perhaps best suit ω , but there is no variant, and $\omega[\varsigma]$ does not commend itself.

67-8. ἐνθάδε μένειν : so Δ ; μένειν ἐνθάδε D. Bl. with Γ .

70. ἐξαιτησῆ : ἐξαιτήσῃ D. Bl. with Γ , ἐξαιτοίη Δ .

73. l. εχθρος . Cf. 852. i. iv. 15.

75. των : so D. Bl. with Δ ; om. Γ .

83. κα[ι] : so D. with Δ ; καὶ τήν Γ pr., Bl.

84. εκαστοτε : ἐν ἐκ. Γ pr.

85. ἐπιχειρεῖ : so Δ ; ἐπεχειρεῖ Γ , D. Bl.

87. ει : om. Γ .

The unplaced fragment, if the angular sign is right, must come from the end of a line; but the reading is far from secure.

1184. PSEUDO-HIPPOCRATES.

32.2 × 22.5 cm.

Early first century.

One complete column, inscribed on the verso of 1210 in a rather large and clear cursive hand, which is probably of the reign of Tiberius, if not of Augustus, and could not be placed later than the middle of the first century. A document with which this papyrus was found is dated A. D. 24-5. 1184 is thus much the oldest MS. authority for these Pseudo-Hippocratean letters, being considerably earlier than the two Berlin papyri published by Kalbfleisch in *Berliner Klassiker-texte*, III. pp. 5-9. And it possesses several unique features. As originally written, Ep. 3 (ll. 1-10) was shortened at the end, the ordinary termination being appended as an adscript. Ep. 4 (ll. 11-16) appears in a double shape, a greatly compressed version of the longer form, and the shorter form which is found in a group of mediaeval MSS. and is here added in the margin; P. Berlin 7094 has

only the shorter form. Between Ep. 4 and Ep. 5 three editorial lines (ll. 17-19) are inserted which do not occur elsewhere. Of Ep. 5, of which in P. Berlin 7094 the shorter form follows the longer, the shorter form, with some peculiar variations, is alone given (ll. 20-7). Lastly, whereas in both the Berlin papyri Ep. 5 is immediately followed by Ep. 11, in 1184 there succeeds (ll. 28-33) a letter to Gorgias which apparently occurs nowhere else but has coincidences of phraseology with Ep. 6, which is addressed to Demetrius. The papyrus illustrates afresh the instability of the tradition regarding these letters.

The hand of the alterations and additions is probably not to be distinguished from that of the body of the text, and is at any rate contemporary. For the collation given below, Littré's edition has been used.

- Βασιλεὺς βασιλεῶν μέγας Ἀρταξερξῆς*

 30 πεμψασθαι ημεας εβουληθη επι χρυσωι
 τε και αργυρωι πανπληθει αγνοων οτι
 λογοσo εμος σοφιη κεχρημενος χρυσου
 μεζονα δυναμιν εχει

2. Υστανη: so CDHIKb: Υστανει others, Littré, and l. 21 below.

χαιριν: so CDHJ^{rb}; om. vulg.

4. εις: so υ; ες others, Littré.

τεχνης κλεος αφεικται: κλέος τέχνη. ἀφ. φ, κλεος αφεικται P. Berl., as originally 1184, κλέος ἀφ. τῆς τέχνης. (Littré) or κλέος ἀφ. τέχνης. others.

5-6. και αργυρον is omitted in the MSS. and P. Berl. CFGHIJKb have χρυσίον. οποσον is also the spelling of CD, and ταλλα of Κο; δόκσον and τὰ ἄλλα others.

7. εαν σπανιζη: so φ with ἄν for εαν; σπανίζει others, Littré.

προς: so CHφb; ες or εις others.

8. Περσέων ισότιμος CDHIJKb. όμότιμος Περσ. φ.

9. The interlinear insertion brings the papyrus into agreement with the ordinary text, except that τιθεσο (ποιού οστυψ) has been left out after βασιλεως. ποιου could hardly be got into the lacuna after φιλον. δίδου οὖν is unattested.

τις: so οστφψ: τις ἔστιν others, Littré.

10. The sentence ἄνδρας γὰρ εὐρέιν δυναμένους τι κατὰ συμβουλίην οὐ ῥηίδιον is omitted, as in P. Berl. 7094. The latter has, however, ἔρρωσο which 1184 omits with οστυψ.

11. Υ[σ]τανης: so οστυψ P. Berl.; 'Υ. ὕπαρχος 'Ελλησπόντου others.

ιητρωι Κωωι: so φ; ιητρω P. Berl. 7094, om. others.

12. εγγονωι: ἀπογόνω MSS.

και υγιαριν: om. MSS.

13-16. The ordinary form of the longer version is βασιλεὺς μέγας Ἀρταξέρξης σου χρήζων ἔπεμψε πρὸς ἡμέας ὑπάρχους, κελεύων σοι ἀργύριον καὶ χρυσὸν (χρυσίον HJKb) καὶ τὰ ἄλλα χύδην ὧν σπανίζεις καὶ ὅσα βούλει δίδοναι, καὶ πέμπειν πρὸς ἐαυτὸν ἐν τάχει ἔσεσθαι γὰρ Περσέων τοῖς ἀρίστοις ισότιμον. σὺ οὖν παραγίνου ξυντόμως. ἔρρωσο.

The marginal adscript coincides with the shorter form of the letter, except for the absence of the words γράψον οὖν πρὸς ταύτην (ταῦτα φ, P. Berl. 7094, αὐτήν υ) after σοι. The papyrus agrees with φ P. Berl. in omitting ο before βασιλεὺς and placing ινι before κατα ταχος, and with φ in reading σου for σεο, and πεπομφα for ἐπεμψα. For ες βασιλεα P. Berl. gives προς βασιλεα; other MSS. omit, φ substituting τὴν σὴν ἀπόφασιν.

20. απο . . . Ασκληπιαδεων: om. MSS.

22. ες βασιλεα: εις βασ. οστυψ, εις ? βα]σιλεως P. Berl. 7094. ii, βασιλεῖ others.

ως τάχος: ἃ λέγω γράφων ὅτι τάχος most MSS., ἃ (ὥς ὅτι οὐψ) ἐγὼ γράφω οστψ; b also has ἐγὼ γράφω for λέγω γράφων, and φ omits ὅτι τάχος. P. Berl. 7094. ii is defective.
 οτι: διοτι CDGHIJK.

24. ἀρκευση ουση: so most MSS. (ἀρκεούση); οὐσ. ἀρκ. οτψ, περιουσ. ἀρκ. φ, ἀρκ. συνουση P. Berl. 7094,]ουσιη [αρκε]ο[υση P. Berl. 6934.

χρεομαι: so τυφ and the Berlin papyri; χρείομαι οσψ, χρεόμεθα (Littre) and χρεώμεθα others.

24-5. και Περσεων ολβωι (l. ολβου): cf. P. Berl. 7094 και ολβου Περσεων; ὄλβου δὲ Περσῶν φ, Περσέων (Περσῶν) δὲ ὄλβου others and P. Berl. 6934.

θελωι: μοι θέμις MSS., including P. Berl. 7094. ii and 6934.

επαυρεσθαι: so οστψ, P. Berl. 6934; ἐπαύρασθαι others (ἐπάρ. φ).

25-6. πανειν . . . νουσων: βαρβάρους ἄνδρας νούσων παύειν MSS. (with P. Berl. 6934) except φ, which has νούσων παύσαι βαρβάρους ἄνδρας.

27. εοντας: so οτψφ: ὑπάρχοντας other MSS., P. Berl. 6934. The papyrus agrees with τυφψ in omitting ἔρρωσο which other MSS. and P. Berl. add after Ελληνων.

28-33. The text of Ep. 6, the phraseology of which is reflected in ll. 32-3 is: 'Ἱπποκράτης Δημητρίῳ ὑγιαίνειν, βασιλεὺς Περσέων ἡμέας μεταπέμπεται, οὐκ εἰδὼς ὅτι λόγος ἐμοὶ σοφίης χρυσοῦ πλέον δύναται, ἔρρωσο. In l. 32 read λογος εμος or λογος ο εμος.

IV. DOCUMENTS OF THE ROMAN AND EARLY BYZANTINE PERIODS

(a) OFFICIAL.

1185. LETTER OF A PRAEFECT, ETC.

9.9 × 14.9 cm.

About A.D. 200.

Though the writer of this papyrus was merely amusing himself or practising his hand, its contents are of some interest. On the recto sentences have been copied out from four distinct documents: (1) the commencement of a petition from Ammonion to the praefect Magnus Felix Crescentillianus (ll. 1, 2, 4); (2) a letter, or part of one, from the same praefect to the strategi of the Heptanomia relating to the offices of gymnasiarch and agoranomus (ll. 3, 5-8); (3) a proverbial saying (ll. 10-12); (4) the opening formula of a letter from Ammonion to Diogenis (l. 13). On the verso is a partial copy of another letter from Felix to the strategi of the Heptanomia and Arsinoite nome, referring to their failure to pay the proceeds of the eight-drachma tax, which had been made over to him, and ordering the centurions in the nomes to go to Alexandria in order to celebrate 'the Emperor's festival'.

The papyrus bears no date, but apparently belongs to a period of joint rule (l. 21), and since it was accompanied by a document of the reign of Septimius Severus, it is most probably to be referred to the time of his association with Caracalla, a date which suits the handwriting. In the list of praefects most of those years are already accounted for, but there is a blank between 197 and 201, and to this Magnius Felix Crescentillianus, who is not otherwise known, may be conveniently referred. The tax of eight drachmae, the name of which occurs here for the first time, is evidently the same as that which in 916 and one or two other texts is represented by the abbreviation $\eta\varsigma$ or η^+ . 916 shows that it was levied upon land per aroura, and that the praefect Aemilius Saturninus, who may have been the immediate predecessor of Felix, had issued instructions regarding it; possibly his interest was of a similar direct kind. What the centurions had to do with this is not clear. Military officers are not ordinarily associated with the collection of taxes, but the special circumstances of this impost may have rendered their co-operation desirable (cf. Wilcken, *Ost.* i. 621).

Recto.

10. Second ε of εσθιεν inserted above the line.

12. 1. δίδου.

13. 1. Διογενίς.

31. 1. ἀπειθήσει.

‘To Magnus Felix Crescentillianus, praefect of Egypt, supplication from Ammonion also called . . .’

‘Magnus Felix to the strategi of the Heptanomia, greeting. I have assigned to the most high epistrategi the appeals concerning the offices of gymnasiarch and agoranomus, and an edict has been published concerning this in the most illustrious city of Alexandria.’

‘A little boy must eat bread, nibble besides some salt, and not touch the sauce; but if he asks for wine, give him your knuckles.’

‘Greeting, lady Diogenis, I, Ammonion, address you.’

‘Magnus Felix to the strategi of the Heptanomia and the Arsinoïte nome, greeting. I would have you know that the most divine sovereigns granted to me the money from the so-called eight-drachma tax, and you have not yet up to the present made any payment. If then the centurions are in your districts for long, let them attend with speed at the most illustrious city of the Alexandrians and celebrate the festival of the sovereign. Otherwise, if any one disobeys this my order . . .’

1-8. Lines 3 and 5-8 as far as Ἀλεξανδρείας were first written; the letters of ll. 1-2, 4, and 8 (from κονδύ[λ]ους)-13, though by the same hand, are larger and heavier. Ammonion was perhaps the actual writer; cf. l. 13.

5-6. The meaning apparently is that the decision in certain cases concerning the offices in question had been delegated by the praefect to the epistrategi.

8. κονδύ[λ]ους . . . δεῖδου repeats the conclusion of l. 12.

10-12. The third of these iambic lines is known as a proverb from Suidas and the paroemiographi. Diogenianus and Zenobius give it in the form ἂν οἶνον αἰτῇ, κόνδυλον αὐτῷ δίδου, but Suidas, s. v. ἂν οἶνον, rightly has κονδύλους, as in the papyrus; cf. Schol. Aristoph. Pax 123, Plutarch, *An virtus doceri potest*, 2 (439 d) παιδὸς ὀψοφαγοῦντος ὁ Διογένης τῷ παιδαγωγῷ κόνδυλον ἔδωκεν, Aristoph. Nub. 981-3. In l. 10 the first letter is possibly δ, for τ, but looks more like μ than anything else. Metre is easily restored by writing (τ)ὸν παῖδα δεῖ τὸν μικρόν, with ἂν δ' οἶνον in l. 12.

estate lamentable though not entirely forbidden ; but for free men to be submitted to such an outrage is contrary to the laws and an injustice . . .

2-3. The first letter of l. 3 may be γ, τ, or possibly σ, and between the ι and ω there is a space and a small hole in the papyrus, but there is no trace of ink and it is not certain that any letter is lost. ἐπιχωρίως naturally suggests that the preceding word is Egyptian, but Mr. Griffith, whom I have consulted, does not recognize it. If ἐπιχωρίως is reconcilable with a Latin term, ληταρίων might stand for *lethaliū*; ληγαρίων = *legalium* is a less likely epithet. Mitteis suggests a connexion with the late word *ligaria*; cf. Du Cange s.v. In P. Leipzig 40. iii. 20 the scourge used for a slave is called *buncura*. The reference of the words ἐλευθέρους μὴ τύπτῃτε in the next line there is obscure; cf. the note on p. 132.

1187. PROCLAMATION OF A STRATEGUS.

21.5 × 7.2 cm.

A. D. 254.

A notice issued by the strategus Aurelius Posidonius summoning the inhabitants of those quarters of the city upon which devolved the liturgies for the coming year to meet for the nomination of a phylarch. This functionary, who is rarely mentioned, had duties similar to those of the amphodogrammateus, and is perhaps the same official under a different title; cf. 1119, and the fourth-century Leipzig papyrus cited by Wilcken, *Chrestomathie*, p. 67. His business was to submit the names of persons suitable for the various public offices. Hence it was of much importance to those liable that the man entrusted with that power should be honest and impartial; and this, it is interesting to find, was recognized to the extent of giving them the right of election. On the verso there are parts of six short lines of an account.

12. τ of τα blotted.

13. ὑπο Pap.

'From Aurelius Posidonius, strategus of the Oxyrhynchite nome. Notice is given to the inhabitants of the quarters about to serve in the coming year to assemble to-day at the accustomed place and to name whomever they choose as phylarch, being a person of means and suited for the post, in accordance with the orders of those who constituted the appointed office (?), in order that when the time comes he may be able to perform the duty honestly and faithfully. Signed by me. The first year of the Emperors and Caesars Publius Licinius Valerianus and Publius Licinius Valerianus Gallienus Pii Felices Augusti, Pauni 26.'

1 sqq. This is the usual formula in notices promulgated by the strategus; cf. e.g. B. G. U. 7. i. 18.

6. For the ἀμφοδα in this connexion cf. 1119. 6, note.

9. ὀνομάσαι seems to have been the word intended, but what precisely stands in the papyrus is doubtful. Perhaps ονομαι was originally written and then amended by the insertion of ασ. The sense at any rate is evident.

13-15. τῶν . . . συστησαμένων is an obscure phrase. ἀπότακτος is commonly applied to amounts in kind or money, πυρός, φόρος, ἐκφόριον, &c., and τὸ ἀπότακτον is similarly used, e.g. 1124. 5, P. Fay. 39. 17. But ἀπότακτον here can hardly be the salary of the phylarch, who was probably unpaid. In 34. i. 2 the word is employed of officials, [τοῖς ἀπ]οτάκτοις πραγματούμενοις; cf. P. Leipzig 28. 7, P. Flor. 71. 722 ἀποτακτικός. Hence I suggest that τὸ ἀπότακτον is 'the appointed office' of phylarch, a sense which combines well with κελυσθέντα. It does not seem likely that οἱ τὸ ἀπότ. συστ. could mean the persons constituting the whole body of those liable to λειτουργίαι.

21 sqq. This date confirms the view taken of 1119. 5 and 30, where Mesore of the year 254 is still attributed to the Galli. The dating of that papyrus is clearly abnormal.

1188. OFFICIAL CORRESPONDENCE.

32.6 x 26 cm.

A. D. 13.

This correspondence relates to a proposed sale of some persea-wood and acacia-wood which had no private owner and so belonged to the ἴδιος λόγος. The series of letters begins with the application of the purchaser, Didymus, to the idiologus Quintus Attius Fronto (ll. 18-26; cf. 721), who forwarded it to the basilicogrammateus of the nome with instructions to verify details and value the wood (ll. 14-17). The correspondence then descended in the usual way from the basilicogrammateus to the topogrammateus (ll. 7-13) and from the latter to the comogrammateus (ll. 2-6), upon whom devolved the business of supplying the information required by the idiologus; cf. e.g. P. Amh. 68. Acacia-trees occur in a similar connexion in 1112: a dead persea was the subject of 53; cf. C. P. Herm. 7. ii. 28, iii. 7.

4. 1. λόγον.

‘ Kerkeura, three branches.

‘ Sarapion to Peteuris, comogrammateus of Kerkeura, greeting. A copy is appended of the document sent to me by Dioscurides, basilicogrammateus. Go therefore to the objects specified as concerning Didymus son of Heracleides, namely a branch of a live perseae-tree at the Thoëreum of Osorpnhas, and two dry branches of a living perseae-tree in

the temple of Harpebekis at the tomb of the sacred animals, and see whether they are dry and ought to be appropriated by the privy purse in accordance with the tariff, add the true value with a signed declaration and report clearly, making it your aim that nothing be concealed or done by favour, knowing that you will be held accountable in any inquiry concerning facts that remain unknown. The 42nd year of Caesar, Mecheir 24.

‘Dioscurides to Sarapion, topogrammateus of the middle toparchy, and to Peteuris, comogrammateus of Kerkeura, and Dionysius, comogrammateus of Peēnno, greeting. A copy is appended of the document delivered to us from the person below written in accordance with the instructions of Quintus Attius Fronto, controller of the privy purse. In furtherance of the object stated go to the branches and acacia-trees indicated and see whether they are dry and ought to be appropriated by the privy purse in accordance with the tariff, add the true value with a signed declaration and report clearly, making it your aim that nothing be concealed or done by favour, knowing that you will be held to account for facts that remain unknown. The 42nd year of Caesar, Mecheir 9.

‘For the privy purse. Signed by me, Dioscurides. The 42nd year of Caesar, Mecheir 9.

‘To the basilicogrammateus of the Oxyrhynchite nome. Appended is a copy of the memorandum presented to me from Didymus son of Heraclides, with the endorsement made below it. Go then to the logs therein stated and see if they are dry and have no owner and ought to be appropriated by the privy purse in accordance with the tariff, and after learning their condition and adding the true value furnish a report, making it your aim that nothing be concealed, knowing that you will be held accountable. The 42nd year of Caesar, Mecheir 9.

‘To Quintus Attius Fronto from Didymus son of Heraclides. I wish to purchase in the Oxyrhynchite nome from the privy purse some dried logs which have no owner and ought to be appropriated by the privy purse in accordance with the tariff, namely at the village of Kerkeura in the middle toparchy in the Thoëreum of Osorphnas a single branch of a small persea-tree, dried and worth six drachmae, and in the temple of Harpebekis on the tomb of the sacred animals two dried branches of a living persea-tree worth two drachmae, and at the village of Peēnno in the same toparchy in the temple of Ammon a dried branch of a living persea-tree worth two drachmae, and near the same village in the holding of Melanthius in the cutting made in the great dyke two fallen acacia-trees worth eight drachmae, total value 18 drachmae, and I will give no trouble with regard to . . . nor to anything else at all, if it seems good to you to give instructions to the secretaries that on my paying as the price the aforesaid 18 drachmae of silver I may receive the proper authorization.

‘To the secretaries. Let a letter be written to the basilicogrammateus for an inspection. The 42nd year of Caesar, Mecheir 9.

‘Read by me. The 42nd year of Caesar, Mecheir 9.

‘To the comogrammateus. Inspect and report. The 42nd year of Caesar, Mecheir 24.’

1. The number of κλάδοι in this marginal note is three because only those at Kerkeura are counted. A parallel document was no doubt sent to the comogrammateus of Peēnno, the other village concerned (l. 22).

3. ζωφυτο(ύσης): cf. l. 4 and C. P. Herm. 7. ii. 17 μυξία ζωφυτούντα, 28 περ[σέ]αν ζωφυτούσαν, P. Brit. Mus. 214. 13 ἀκανθέας δύο ζωφυτούσας.

For the ἱερὸν Ἀρπεβήκιος (Harpebekis = Horus the hawk) cf. the ἱερακεία mentioned in P. Tebt. 5. 70. Osorphnas, in whom a deified animal is probably to be recognized (cf. Wilcken, *Grundzüge*, pp. 105-6), is apparently new.

4. ἱερῶν ζώων: cf. e. g. P. Tebt. 5. 78.

γνώμονα: the γνώμων of the ἴδιος λόγος is mentioned in the edict of Ti. Iulius Alexander, C. I. G. 4957 = Dittenberger, *Or. Gr. Inscr.* 669. 44; cf. P. Tebt. 287. 5 note, B. G. U. 1118. 45, Wilcken, *Grundzüge*, p. 210.

5. For πρὸς χάριν cf. P. Amh. 68. 10; the lacuna at the beginning of that line should be filled on the analogy of the present passage στοχασάμενοι τοῦ μηδὲν ἀγνοηθῆναι μηδὲ πρὸς χάριν κτλ., preceded by a verb such as προσανενέγκετε οἱ προσφωνήσατε. At the end of the line I am unable to read any abbreviation of λόγου; the suspended η is fairly clear, and the preceding letter can well be ζ.

9. συνελκύ(σαντες): cf. P. Par. 64. 29 τοῖς δὲ διαβάλλουσιν (not διαλαβοῦσιν) ὑμῖν ὑποδέχασθαι αὐτὸν τοὺς ἀντιδίκους τόπῳ καὶ κα[θό]λου αὐτῷ συνελκύσθαι μὴ προσέχετε.

19. As Wilcken remarks, ἐκ τοῦ ἰδίου λόγ(ου) may be restored on this analogy in 721. 3. Seppius Rufus, the idiologus there concerned, was no doubt the successor of Fronto.

25-6. Cf. the conclusion of 835 quoted in the note on 731. 14-15.

27-8. These lines contain the endorsement of the idiologus. The day of the month must apparently be θ, not ε, and if this is correct, Fronto must have been at Oxyrhynchus or in the immediate neighbourhood.

29. The identity of the date with that in l. 6 indicates that this line emanated from the topogrammateus; the hand, however, is not the same as in ll. 1-6, which were probably written by his secretary.

1189. LETTER OF A STRATEGUS.

16.6 × 13.1 cm.

About A. D. 117.

This letter, of which the conclusion is lost, from the strategus of the neighbouring Heracleopolite nome to Apollonius, strategus of the Oxyrhynchite nome, relates to a γραφή or schedule of 'property which belonged to the Jews'. The large upright handwriting cannot be later than about the beginning of the second century, and since an Apollonius is known from 74 and 97 to have held the office of strategus in A. D. 116 it is highly probable that the papyrus belongs to the period of the great Jewish outbreak which occurred in the previous year, and was not ended until after the accession of Hadrian. Confiscations would be the natural consequence, and it was doubtless with some of the property thus forfeited that the γραφή of the text was concerned. For the papyri referring to these disturbances cf. Wilcken, *Grundzüge*, pp. 64-5.

The document was the forty-fourth of a series made up into a roll in the bureau of the strategus. Of the one adjoining it on the left the ends of a few lines remain mentioning τῷ κρατ[ίστῳ] ἐπι[στρατήγῳ] (?) and στρ[ατηγοῦ] Λητοπο[λίτου], and a detached fragment from the commencement of another letter from Aquilius Polion most likely belongs to this.

On the verso

Ἀπολλωνίῳ στρα(τηγῶ) Ὁξύρυγχ[ε]ίτου.

‘No. 44.

‘Aquilus Polion, strategus of the Heracleopolite nome, to his dearest Apollonius, strategus of the Oxyrhynchite nome, greeting. Kindly receive two letters which I have written, one to you and one to Sabinus, strategus of the Cynopolite nome, about a list of property which belonged to the Jews, with the list itself, and keep the letter coming to you and forward the other to the Cynopolite nome . . . (Addressed) To Apollonius, strategus of the Oxyrhynchite nome.’

1190. LETTER OF A STRATEGUS.

26.7 x 14.5 cm.

A. D. 347.

A letter from the strategus to two praepositi of a pagus informing them that the commander-in-chief had ordered the recruits to proceed to Babylon and directing the praepositi to assist in carrying out the order. It was intended to add a list of the recruits, but this was not completed. Cf. 1022, 1103.

3rd hand εἰσὶ δέ:

Σαραπίων{ος} Χαιρήμονος

20 τοὺς δημοσίους μετὰ τῶν τιρώ(νων) . . .

'Flavius . . ., strategus of the Oxyrhynchite nome, to his brothers Flavius P . . . and Aurelius Theon, praepositi of the fifth pagus, greeting. His highness my lord the most honourable dux Flavius . . . timus has ordered the recruits to be dispatched to Babylon. Take care therefore, my brothers, that the officials of the . . . produce the recruits for which they are severally responsible as hereinafter declared and assemble them at the city and prepare for their dispatch, in order that there may be no hindrance. I pray for your health, brother.' Date.

1. στρ]ατηγός: cf. 1057. 2, note; Wilcken, *Grundzüge*, p. 77.

3. For ἀδελ[φ]οῖς cf. ll. 7 and 14. A vestige above the line suits the top of a φ, and τοῖς φιλάτοις is too long, even if πάγου were abbreviated.

7. The supplement is rather short as compared with those in the adjacent lines.

8. Perhaps ἐξῆς, as in l. 10.

10-12. The restoration suggested is of course very uncertain. An alternative in ll. 11-12 would be e. g. πρὸς τὸ δύν[α]σθαι [τ]ὴν τ[ο]ύτων ἀπο[στολήν] (or ἀπο[δημίαν] γενέσθαι, only then it becomes difficult to complete the sentence satisfactorily, unless this be supposed to have extended into another line which was begun further to the right than those preceding; cf. l. 17. καταστ]ῆσαι in l. 10 is somewhat long for the lacuna.

13-14. The signatory forgot that he was addressing two persons.

20. This line appears to lack sense. It is not certain that the word τιρώνων was abbreviated at the fourth letter, but the remains are not easily reconciled with τιρωνων or τιρωνω(ν). There is a wide margin ($5\frac{1}{2}$ cm.) below the line.

1191. OFFICIAL CORRESPONDENCE.

Breadth 12.8 cm.

A. D. 280.

This document consists of two parts. Lines 1-10 are a copy of a letter sent by Aurelius Ammonius to the strategus of the Oxyrhynchite nome conveying to him an order of the praefect Hadrianus Sallustius that all acts emanating from the senate with regard to the appointment of various local administrators (*ἐπιμεληταί*) should bear the signature of the secretary (*σκριέβας*). Appended to this is a letter from the strategus to the secretary directing his attention to the foregoing document, with a repetition of its provisions.

Hadrianus Sallustius is a new name to be added to the list of praefects. Aurelius Ammonius, who is given the title *κράτιστος* and was perhaps epistrategus, is also unknown.

25 (ἔτους) 5 τοῦ [κυρίου ἡμῶν Μά]ρκου Αὐρηλίου
[ΙΙ]ρόβου Σ[εβαστοῦ]

3rd hand [. .]λ() συμφο[

1. οξυρύν[χιτο] Pap.

7. 1. πα[ρ]αλίμπανε.

'Aurelius Ammonius to the strategus of the Oxyrhynchite nome, greeting. In accordance with the orders of his highness my lord the most honourable praefect Hadrianus Sallustius concerning the election of administrators, on every occasion when instructions are issued concerning them do not neglect to take the subscription signifying concurrence of the secretary, in accordance with the orders concerning this. I pray for your lasting health. The sixth year, Hathur 11.

'Aurelius Olympius, ex-hypomnematographus, strategus of the Oxyrhynchite nome, to . . ., secretary, greeting. A copy is sent to you of the letter which we have received from his excellency Aurelius Ammonius concerning the election of administrators in accordance with the order of his highness my lord the most honourable praefect Hadrianus Sallustius, directing the office of the strategus, on every occasion when instructions are issued by the most high senate concerning the administrators, not to neglect to take your subscription signifying concurrence, as ordered, so that you may be informed and keep the order in view. I pray for your health. The sixth year of our lord Marcus Aurelius Probus Augustus . . .'

6. ἐπιστελλομένων: i. e. by the βουλή, as explained in l. 19.

7. Α σκρείβας appears in connexion with the βουλή in 59. 9. Cf. P. Leipzig 40. ii. 12, &c.

12. A break occurs below this line, but the gap is evidently slight.

1192. ORDER FOR PAYMENT.

7.5 × 16.8 cm.

A. D. 280.

An order from a financial secretary to a local agent for a payment of lentils to two collectors of annona. The payment was probably due to the collectors as part of their remuneration; cf. the note on l. 4. The writing in this and the following papyrus is across the fibres of the recto.

Χαιρήμων γρα(μματεὺς) δημοσίων λόγων
'Ισιδώρῳ προνοητῇ 'Επισήμῳ χαίρει[ν.]
μέτρησον 'Απολλωνίῳ καὶ 'Ερμείνῳ ἀπαιτη-
ταῖς ἀννώνης τετάρτης ἑξαμήνου ὀνόματος)

- 5 Ἀμμωνίωνος φακῆς μέτρῳ δε-
 κάτῳ ἀρτάβας ἐξ ἡμισυ, γίνονται (ἀρτάβαι) 54,
 λαμβάνων γράμματα. ἐρρωσθαί σ[ε] εὖχομαι.
 (ἔτους) 5 τοῦ κυρίου ἡμῶν Πρόβου Σεβαστοῦ
 X[οίακ] γ.

4. α of τεταρτης corr. from ρ.

‘Chaeremon, secretary for the public records, to Isidorus, agent at Episemou, greeting. Measure out to Apollonius and Herminus, collectors of annona, for the fourth period of six months on behalf of Ammonion six and a half artabae of lentils by the tenth measure, total $6\frac{1}{2}$ art., and take a receipt. I pray for your health. The sixth year of our lord Probus Augustus, Choiaκ 3.’

2. For προνοητῇ cf. e. g. 1134. 8, 1147. 17, and Gelzer, *Byzant. Verw.* p. 87. The village Ἐπισήμου is mentioned in 136. 16, 1031. 8.

4. The mention of the τετάρτη ἐξάμηνος in conjunction with the fact that the order was issued by the γραμματεὺς δημοσίων λόγων indicates that the payment was made to the collectors personally in consideration of their services. In that case Ammonion would be another official.

5. φακῆς: for the fem. form cf. B. G. U. 14. iv. 24, 977. 2, P. Flor. 171. 6.

9. X[οίακ] is more probable than Με[χ] [είρ.

1193. ORDER FROM A SPECULATOR.

Height 7 cm.

Fourth century.

An order addressed to a village police-officer to supply a donkey and a guard.

Π(αρά) τοῦ σπεκουλ[άτορος]
 [ἀρ]χεφ[όδω] κώμης Τααμπέμου. [αὐτῆς] ὥρας δεξάμενός
 μου τὰ γράμματα ὄνον ἕνα πα[ράσχου] μετὰ καὶ ἐνὸς φύλακος
 τῷ ἀποσταλέντι φρ(ο)υρῶ. (2nd hand) σεσημίωμαι. []

‘From the *speculator* to the chief of police of the village of Taampemou. Immediately on receiving my letter supply one donkey together with one guard to the sentinel whom I have sent. Signed by me.’

1. For σπεκουλ[άτορος] (*speculatoris*) cf. 1214. 2, 1223. 21, P. Flor. 71. 652, &c.

2. [αὐτῆς] ὥρας: cf. αὐθωρόν, which occurs in another (unpublished) order of this period, P. Flor. 155. 2, &c., and ἐξαντῆς (sc. τῆς ὥρας). δεξάμενοι would be an easier reading than δεξάμενος, and perhaps [ἀρ]χεφ[όδω] is wrong, though it well suits the remains.

(b) DECLARATIONS TO OFFICIALS.

1194. ARREARS OF ANNONA.

15.8 x 28.9 cm.

Third cent. (about A. D. 265).

This papyrus contains a mutilated report of arrears of military supplies (annona) which had been ordered for the use of troops accompanying the praefect Claudius Firmus but had not been fully delivered.

The chief point of interest here is the identity of the praefect. A[C]l(audius) Valerius Firmus was in office in A. D. 246-7, but his praenomen is only known from 720. 1, and even if it is there rightly restored, which is not quite certain ([Iu]l(ius) is another possibility), usage requires that, where brevity was desired, the first and not the second of the two prior names should be omitted. Moreover, that usage is followed in the case of this particular man in P. Amh. 72. 10 and 81. 5, as well as in an unpublished Oxyrhynchus text, where he is called simply Valerius Firmus. An identification with the praefect of A. D. 246-7 is therefore unsatisfactory, and I prefer to suppose that Claudius Firmus was the praefect mentioned by Vopiscus, *Firmus*, 3 . . . *plerique Graecorum alteram tradunt, ignari eo ipso tempore tres fuisse Firmos, quorum unus praefectus Aegypti, alter dux limitis Africani idemque proconsule, tertius iste Zenobiae amicus ac socius.* 'Eo ipso tempore' means the period of the Palmyrene war in the reign of Aurelian; an unpublished Berlin papyrus (P. 1463), the knowledge of which I owe to Wilcken's kindness, fortunately fixes the date of Firmus' tenure more precisely. The document, a fragmentary petition, is dated in the twelfth year of Gallienus (A. D. 264-5), and in l. 5 a reference occurs to τῷ λαμπροτάτῳ ἡγεμόνι Κλαυδίῳ Φίρμῳ. Our praefect is accordingly to be placed between Aurelius Theodotus (A. D. 262: P. Strassb. 5) and Juvenius Genialis (A. D. 266-7). Whether he was after all, in spite of Vopiscus, the same person as the alleged usurper, as maintained by P. Meyer (*Hermes* xxxiii. pp. 268 sqq.) and Homo (*Aurélien*, p. 113, n. 2), is a further question which need not here be considered. It is curious, however, that in the inscription upon which the former relied (Néroutsos, *Inscr. d'Alexandrie*, 48) the name coincides with that of the present document. The text is . . . (an erased name) Σεβαστοῦ Ἐπίφει κ, ἐπὶ Κλαυδίου Φίρμον λαμπροτάτου ἐπανορθωτοῦ. Meyer took the word ἐπανορθωτοῦ to refer to the rôle of Firmus as deliverer from Roman rule. But as against this Stein has observed (Pauly-Wissowa, *Real-Enc.* iii. 2720; cf. Cantarelli, *La Serie dei Prefetti*, p. 75) that the title λαμπρότατος ἐπανορθωτής corresponds to *clarissimus corrector*, and points rather to a period

subsequent to the reforms of Diocletian. A mere coincidence of names is not sufficient to overcome that argument.

The troops had apparently gone in a southerly direction (l. 4 ἀνελθόντων, l. 10 ἀνόδου; but cf. P. Leipzig 63. 7 ἀνιούσιν στρατιώταις εἰς Πεντάπολιν—from Coptos), and Wilcken makes the plausible suggestion that the Blemyes were giving trouble. It may be noted in this connexion that the usurper Firmus is stated to have been in league with that people (Vopiscus, *Firmus*, 3 *idem et cum Blemymis societatem maximam tenuit*); but the case for the identification of the praefect and the usurper is hardly to be strengthened by this consideration.

6. ὑπο Pap. 10. ὑπερ Pap.; so in l. 20. 15. δ Pap.; so l. 25 γ. 28. βοίου Pap.

Lines 1-13. 'Oxyrhynchite nome: in answer to the requisition for a report of the arrears devolving upon the superintendents of the annona on account of the soldiers who have gone up with the most illustrious praefect Claudius Firmus, the amounts ascertained are declared below, and the proper measures for their collection can, if it be approved, be communicated to the strategus. The amounts are as follows:

Bread, imposed for a journey of four days, 136 artabae; of which there were distributed through the superintendents . . . artabae; remainder . . .

3-4. For the ἐπιμεληταὶ ἀνώνης at this period cf. 1115, Wilcken, *Grundzüge*, pp. 361-2. The annona of the present text was no doubt a special levy occasioned by the passage of the troops.

11. I prefer δ (cf. l. 15) to γ (cf. l. 25) because 136 is divisible by 4.

12. For the supplement cf. l. 17. The διάδοσις here appears as carried out directly by the ἐπιμεληταί, and not through intermediary διαδόται; cf. 43 recto, iv. 8-9, 15. But διαδιδόναι is not always strictly used; cf. P. Leipzig 58. 9-14 and note *ad loc.*

15. 'Ι(τα)λ(ικοί): the abbreviation here and in l. 16 is ιλλ, with a diagonal stroke after the second λ. Of this, 'Ιλλ(υρικοί) would be the natural expansion, but there seems to be no other authority for ξίσται 'Ιλλυρικοί, whereas 'Ιταλικός is a common epithet of the ξέστης and λίτρα. Wilcken suggests that the compendium is a misrepresentation of Ι^{λλ}, the doubled λ indicating the plural, after the Latin method.

23. The ξέστης was apparently valued at 20 drachmae.

28. βα(ε)ίου: sc. κρέως.

1195. PROMISE OF ATTENDANCE IN COURT.

21.1 X 14 cm.

A. D. 135.

A declaration on oath to appear on the following day before a judge delegated by the praefect to try a case, the nature of which is not stated. The person making the declaration was an inhabitant of Hermopolis; his opponent, whose patronymics only are given, was presumably an Oxyrhynchite. Cf. 260, B. G. U. 891, P. Leipzig 52, 53, Hamburg 4, Wenger, *Rechtshist. Papyrusstudien*, pp. 61 sqq., Gradenwitz, *Archiv* ii. pp. 573 sqq.

Ἀπολλωνίῳ κριτῇ δοθέντι ὑπὸ Πετρωνίου
 Μαμερτείνου τοῦ κρατίστου ἡγεμόνος.
 Ἐρμα[ῖο]ς ὁ καὶ Ἀνουβίων Ἐρμαίου τῶν ἀπὸ

 χε[ῖρ] ἐκβιβάζων τὰ ἐνεστῶτ[ά μοι π]ρὸς
 Ἐρμ[α]ῖον Ἀπολλωνίδου τοῦ []νος,
 10 ἢ ἔνοχος εἶην τῷ ὄρκῳ. (ἔτους) ἐνακ[αιδεκ]άτου
 Αὐτοκράτορος Καίσαρος Τραιανοῦ Ἀδριανοῦ
 Σεβαστοῦ Μεχ[ε]ῖρ ἐννακα[ι]δεκάτῃ.

8. ζ of ἐκβιβάζων corr. from σ. 12. Second ν of ἐννακα[ι]δεκάτῃ added above the line.

‘To Apollonius, the judge appointed by his highness the praefect Petronius Mamertinus, I, Hermaeus also called Anubion, son of Hermaeus, inhabitant of Hermopolis Magna, swear by the Emperor Caesar Trajanus Hadrianus Augustus that I will speak before you to-morrow, being the twentieth day of the present month Mecheir, in explanation of my case against Hermaeus son of Apollonides son of . . . ; otherwise let me be liable to the consequences of the oath.’ Date.

1. If the date in l. 10 is rightly read, this papyrus was written two days after B. G. U. 19, which has hitherto provided the latest point (11 Feb. A. D. 135) for the praefecture of Petronius Mamertinus.

8. For ἐκβιβάζων cf. e.g. 260. 15, P. Hamburg 4. 10.

9. The grandfather's name was possibly Ἀνουβίων, but the traces of letters are hardly identifiable.

10. For ἐνακ[αιδεκ]άτου, which suits the remains, cf. l. 12, where the word was originally so spelled, though a ν has apparently been added above the line.

1196. DECLARATION OF A TAX-COLLECTOR.

13.7 x 9.8 cm.

A. D. 211-12.

This declaration upon oath by a person nominated to serve as a collector of corn-dues is a parallel text to 81, and fortunately in better preservation, though it is itself not quite complete. Cf. also 82.

On the verso

20 χι(ρογραφία) Πολλᾶτος Ἰσίωνος πράκ(τορος) σι(τικῶν) Πακέρκη,
 γνωστ(ήρ) Ἀμμῶ(νιος) Σαραπίᾱτος τοῦ . . . [. . . ο]ν ἐξ(ηγητεύσας). [

2. ἰσίωνος Pap. 4. πολῆ Pap. 12. 1. ἀντιλήμψεσθαι.

‘To Anubion, strategus of the Oxyrhynchite nome. I, Ptollas son of Ision and Stephanós, of the city of Oxyrhynchus, having been presented along with others by the amphodogrammateus of the same city now in office for the collection of corn-receipts at the metropolis from the produce of the current 20th year in the district of Pakerke in the eastern toparchy, do swear by the fortune of the lord Emperor Marcus Aurelius Severus

Antoninus Pius Augustus that I will take up at the proper time the said office and will discharge it, appearing whenever I may be required and presenting myself at the regular monthly statements, so as to incur blame in no respect . . .’ Endorsement on the verso.

5. This analogy makes it certain that τοῦ ἀμφοδογραμματέως is to be restored in 81. 7, and Mr. Bell informs me that he can read τ[ο]ῦ ἀμφοδογραμματέως; cf. 1119. 6, B. G. U. 1062. 9-10.

8. κ: or perhaps κα is meant.

12-14. Cf. e. g. 1187. 17-20, P. Flor. 2. i. 9-10, &c., Thead. 50. 12 sqq.

16-17. Cf. B. G. U. 1062. 16-17 καὶ ὑπακοῦσαι καθ' [ἐκ]α[σ]τ[ον] μηνιαί[ον] τῷ [τ]οῦ νομοῦ στρατηγῷ πρὸς [τὰς] διαγραφάς. Examples of such monthly reports are frequent, e. g. P. Tebt. 339. The termination of γεινομένοις could be read as -ais, and in τοῖς too the ο is not quite clear; the masculine however (sc. λόγοις) is more likely.

17. The text probably proceeded ἡ ἐνοχος εἶην τῷ ὄρκῳ. παρέσχον δὲ ἐμαντοῦ γνωστῆρα Ἀμμώνιον; cf. l. 20 and 82. 7-10.

20. γνωστ(ήρ): cf. 496. 16, note, 976, P. Amh. 139. 23, 140. 5, B. G. U. 1032. 11.

1197. DECLARATION OF A SHIPPER.

23.2 X 10.2 cm.

A. D. 211.

A declaration on oath addressed to the strategus by a boat-owner promising to supply a boat for the transport of corn. That the supply of vessels for the transport-service, on which cf. Wilcken, *Grundzüge*, i. pp. 378-9, Rostowzew, *Archiv* iii. pp. 220 sqq., was not always adequate is shown by C. P. Herm. 6.

27. 1. Τ[ι]θοῦς.

'To Sarapion also called Phanias, strategus of the Oxyrhynchite nome. I, Tithoës son of Sarapion and Ptolema, of Phacusae, corn-lader(?) of the said Phacusae, swear by the fortune of Severus and Antoninus the lords Augusti that I will provide the small boat belonging to me of 150 artabas' burden for the lading(?) of the government corn whenever the boats collected in accordance with the orders of lading arrive, so as to incur blame in no respect. This bond is valid. And . . . sailor Sarapion son of . . . of Phacusae.' Date, and signature of Tithoës written for him by Sarapion.

2. Ὁξυρνγχίτου, if that is the word meant, is very cursively written. It is not clear that στρατηγῶ was abbreviated.

4. διεραματίτης, a person who deals with διεράματα, is apparently a new word. For διέρασις, which occurs in l. 11, cf. P. Tebt. 328. 3-4 κληρωθεῖς . . . εἰς διέρασιν δημοσίου πυροῦ; διέραμα is no doubt either to be read or restored in P. Thead. 26. 14 (a receipt issued by δεκάπρωτοι; cf. 27. 19) τὰ ναῦλα τῶν διαιρ(α)μάτων. διέραμα could mean sifted corn prepared for embarkation, but 'sifting' seems a not very apposite sense for διέρασις in l. 11, where 'lading' would be more suitable to the context. Perhaps the word merely implies pouring the corn into the hold of the vessel. In Plutarch, *Non posse suaviter vivi* 4 (p. 1088 e) διέραμα signifies a strainer, but that meaning will clearly not fit P. Thead. 26 and 27.

10. κύδαρος or κύδαρον is known from the lexicographers, who describe it as πλοίου or νεὸς εἶδος, πλοιάριον. ἀγ(ωγῆς) or ἀγω(γῆς) is more probably to be read in P. Amh. 138. 5 than ἀγο(ντος).

13. Cf. P. Amh. 138. 10, where Mitteis is doubtless right in reading [ἐ]ξ ἀποστόλου (*Chrestomathie*, p. 391), Brit. Mus. 256. 9-10 ἀκολουθῶς τῷ [18 letters]ου ἀποστόλῳ,

C. P. Herm. 6. 11-12 as restored by Wilcken, *Chrestomathie*, p. 522 ἐπ[εὶ ο]ἱ σοὶ ἐπίτροποι τοὺς καλοῦμένους ἀποστόλους [13 letters δι'] ὧν κελεύειν αὐτοῖς ἔθος [τὴν] τοῦ σείτου ἐμ[β]ο[λ]ήν ποιέσ[θ]αι. Mitteis has aptly cited *Dig.* xlix. 6. 1 *litteras dimissorias sive apostolos*. In 522 λόγος ἀποστόλου Τριαδέλφου, &c., a somewhat different sense is required.

17-20. The purport of this additional sentence was broadly to fix the identity of the ναύτης. In l. 18 εἰ[... is not improbably a verb, but whether Sarapion is the object or the subject is uncertain. The word preceding δέ in l. 17 is apparently not ὄνομα. [διάδ]οχον δὲ ναύτου ἐν[έ]στ[η]σα would be a possible reading, but is not at all convincing.

1198. NOTIFICATION OF DEATH.

26.2 x 7.2 cm.

A. D. 150.

A notice addressed to the comogrammateus by an inhabitant of the Oxyrhynchite village Τεῖς (cf. 1200. 14) of the death of his father and his paternal uncle; cf. e. g. 79, 262, 1030. The present document is peculiar in mentioning that these deaths, which had occurred in the previous year, had been too late to be included in the periodical return of the comogrammateus relating to that year; and the notice was delayed till the last day of Tubi. In P. Brit. Mus. 281 a decease is similarly reported the year after it had taken place, but there is no analogous explanatory statement.

'To Sarapas, comogrammateus, from Anteïs son of Ammonius son of Anteïs, his mother being Tapeëis, of the village of Teïs. My father Ammonas son of Anteïs son of Heracleus, his mother being Tanetbeus, and his full brother Anteïs, who were past age, had no trade, and were registered in the said village of Teïs, died in the past twelfth year of Antoninus Caesar the lord after the presentation of the accounts. I therefore request that they be registered in the list of dead persons through the public accounts presented by you, and I swear by the Emperor Caesar Titus Aelius Hadrianus Antoninus Augustus Pius that the above declaration is true and that I have made no false statement, otherwise let me be liable to the consequences of the oath.' Date and signature of Anteïs written for him by Theon son of Ammonius.

2. Ἀμμωνίου: in l. 5 the name is given as Ἀμμωνᾶς.

9. ὑπερετεῖς: cf. 1030. 8, note, and B. G. U. 1140. 22 τὸ τῶν ἐξήκοντα (?).

14-15. Cf. ll. 19-20, P. Brit. Mus. 259. 92 τ[ε]λεωτηκότ(ες) ι[β] (ἔτει) μ[ε]τὰ τὸν καταχ(ωρισμὸν) τῶν λόγ(ων), 95, &c., and e. g. 514. 4, P. Fay. 35. 9, B. G. U. 1062. 17-18.

1199. NOTIFICATION OF PURCHASE.

12.4 × 10.5 cm.

Third century.

A notice, addressed to the βιβλιοφύλακες ἐγκτήσεων, of the purchase of a house, with a request for the proper official recognition of the change of ownership. The document is not in the form of the usual ἀπογραφή, but is a ὑπόμνημα or memorandum asking for a παράθεσις to be made. It is thus akin to P. Tebt. 318, B. G. U. 243, P. Gen. 44, Class. Phil. 2, Hamb. 16; but there is a certain distinction. According to the usual view of that group of documents, which all come from the Fayûm, the reason for the substitution of what may be called the παράθεσις-form for an ἀπογραφή was the fact that the previous owner had not made an ἀπογραφή; cf. Eger, *Äg. Grundbuchwesen*, pp. 131 sqq., Mitteis, *Grundzüge*, pp. 103 sqq. That explanation will not apply to the present case, since in ll. 24-5 it is distinctly stated that the vendor had declared her ownership in an ἀπογραφή. Why the παράθεσις-form was nevertheless adopted by the purchaser remains obscure; the lost conclusion of the papyrus perhaps gave the solution.

'To . . ., ex-gymnasiarch of the most illustrious city of Oxyrhynchus, and his asso-
 ciate, keepers of the archives, from Aurelia Julia Harpocratiaena daughter of Theon
 also called Asclepiades surnamed Zoilus, her mother being Tatirephis, of the most illus-
 trious city of Oxyrhynchus, acting in virtue of her children. I have bought in accor-
 dance with an autograph deed of sale made in the present seventh year, Hathur 2, from
 Aurelia Theonis daughter of Theon also called Zoilus, ex-exegetes of the most illus-
 trious city of Alexandria and however he was styled, likewise acting in virtue of her
 children, her mother being Ptolema, of the same city, the house belonging to her by right
 of inheritance and formerly the property of her said father Theon son of Zoilus, situated in
 the same city in the quarter of the South Square with frontage (?) and cellar beneath and all

appurtenances as contained in the autograph deed of sale; which having been deposited to by me through the local record-office in the month Hathur of the same seventh year, I bring before you a single copy with the subscription of the tax-farmer and present this memorandum in order that the proper entry may be made; and I declare that the said Theonis registered the aforesaid property . . .

1. This was perhaps the first line of the address; γν[μ(νασιαρχήσαντι)] is very uncertain, but a title of that kind evidently stood here.]ἀγορά[νομ(ήσαντι) τῆς λαμ[π]ρᾶς] καὶ λα[μ]προτάτης is possible, but cf. l. 6.

7. χρηματίζουση(ς): sc. χωρὶς κυρίου.

17. For βρονησίφ, which is for προνησίφ, cf. P. Brit. Mus. 262. 1 οἰκία(ς) καὶ προνησίον καὶ αἰθρίο(ν), 355. 3 πύργου καὶ προνησίφ(ν), Gen. 10. 8 [οἱ]κ[ί]ας τριστεγά(στων) σὺν προνησίφ. The word is presumably derived from νῆσος, but what exactly it means is not clear.

19 sqq. See the introduction to 1208, and for ἀσχολουμένο(ν), sc. ὡνὴν μνημονείου, cf. 1208. 2, note.

23. παράθε[σι]ν: παραθή[κη]ν could well be read, but there is apparently no analogous instance of the word, although παράθεσις occurs in place of the more usual παραθήκη in the sense of deposit; cf. 1039. 7, note.

1200. REGISTRATION OF A DEED.

34.3 × 16.1 cm.

A. D. 266. Plate VI.

This long and well-preserved papyrus, which was found rolled up in a cloth, is an application to the archidicastes asking him to communicate to the record-office of Oxyrhynchus the publication at Alexandria of a deed of sale; a copy of the latter and of the request for publication is enclosed. The component parts of the document may be placed in their chronological order as follows:

(1) Copy of the agreement of sale (ll. 14-40) with the signature of the vendor (ὑπογραφή, ll. 40-3).

(2) Application to the archidicastes for the publication (δημοσίωσις) of this agreement (ll. 9-13, 44-52).

(3) Further application to the archidicastes for the communication of the publication to the record-office at Oxyrhynchus (ll. 5-8, 53-5).

(4) Endorsement of the archidicastes ordering the proper steps to be taken (l. 56).

(5) Endorsement prefixed by an official in the bureau of the archidicastes, forwarding the document to the proper quarter (ll. 1-4).

(6) Signature of the applicant, appended at a later time (ll. 57-61; cf. note *ad loc.*).

On this process of publication of private agreements cf. P. Oxy. IV. pp. 192-3, Mitteis, *Grundzüge*, pp. 82-7, and for analogous documents see especially 719, P. Leipzig 10, B. G. U. 578. The present example is differentiated from that group by the secondary application for communication to the local βιβλιοφύλακες; cf. P. S. I. 74. 1-9, with which ll. 53-5 agree very closely.

‘Aurelius Didymus also called Sarapion, priest and archidicastes, to the keepers of the archives in the Hermopolite nome, greeting. A copy is appended of the communication that has been made to me. The 13th year of Gallienus Augustus, Pauni 11. The official of the bureau . . .

‘To Aurelius Didymus also called Sarapion, priest, archidicastes, and superintendent of the chrematistae and other courts, from Aurelia Isidora. Appended is a copy of the publication which has been effected.

‘To Aurelius Didymus also called Sarapion, priest, archidicastes, and superintendent of the chrematistae and other courts, from Aurelia Isidora styled the daughter of Aristos. Appended is a copy of the bond issued to me in duplicate with the subscription beneath it.

‘Aurelius Morus son of Hareotes and Minous, of the village of Teïs in the Oxyrhynchite nome, to Aurelia Isidora styled daughter of Aristos, of the said village of Teïs, greeting. I acknowledge that I have sold and ceded to you from henceforth for ever the share falling to my father Hareotes of a free space in the middle part of the village, whereof the boundaries are, on the south the property of Ammonas son of Politas, on the north that of Cronius also called Nepotianus, senator, on the east that of Achilles also called Antoninus, on the west that of Cornelius son of Artemidorus, at the price mutually agreed upon, namely one hundred and twenty drachmae of silver of the Imperial coinage, total 120 dr. of silver, which I received from you forthwith from hand to hand in full. Therefore from henceforth you shall own and possess with your descendants and successors the aforesaid free space and shall have power to sell it to others and manage and dispose of it as you choose without hindrance and no one shall in any wise proceed against you, and I will further guarantee the property always against all claims with every guarantee and free from persons’ property-returns and the cultivation of royal or domain land and from every obligation or debt or lien of every kind, public or private. And I have delivered this bond to you in duplicate with my subscription, and you shall make it public through the bureau whenever you choose without requiring any further consent or concurrence from me, because I now agree to the future publication, and to your question whether this is done rightly and fairly I have given my assent. The thirteenth year of the Emperor Caesar Publius Licinius Gallienus Germanicus Maximus Pius Felix Augustus, Choiak 4. I, Aurelius Morus son of Hareotes, have sold the free space falling to me and have received the price as aforesaid. I, Aurelius Apollonius, wrote for him, as he was illiterate.

‘And whereas I desire that a single copy of the duplicate bond shall be publicly registered, I give to the city the prescribed 12 drachmae and the *ad valorem* tax, and request that on receiving it from the person sent by me, Aurelius Apollonius, with his attestation that the subscription is the writer’s autograph, you register it together with this memorandum at the Library of Hadrian, and a copy at the Library of the Nanaeum, in order that my rights in virtue of it may be assured as by a public deed, owing to the assent to the publication. The 13th year of Gallienus Augustus, Pauni.

‘And whereas I desire that this should be communicated to the keepers of the property registers of the Oxyrhynchite nome, I request that on receiving the publication with the proper subscription you will give orders for a letter to be written for their information.

‘Let the proper steps be taken. The 13th year of our lord Gallienus Augustus, Pauni 9.

‘I, Aurelia Isidora daughter of Aristos, have presented this memorandum and it has

been registered. The 3rd year which = the 1st year, Pachon 30. I, Aurelius Theon also called Harpalus, son of Demetrius, wrote for her, as she was illiterate.

(Endorsed) 'Communication of publication, for Aurelia Isidora.'

1-4. These four lines inserted at the top of the application in the bureau of the archidicastes are in an extremely cursive hand (see Plate VI) and there are several words in them which I cannot read with certainty even with the help of a parallel document (unpublished) of the following year, where there is a similar but still worse written endorsement. In l. 1 ἀρχιδικασ(τής) is assured, but what immediately precedes and follows is very doubtful. *ιερεὺς καὶ* is suggested by similar communications from the archidicastes to strategi, e.g. 485. 4, B. G. U. 578. 7. *ιερεὺς* however is unsatisfactory; the initial letter might well be e.g. γ, and *γενόμενος* might perhaps be read, if it were otherwise suitable. *λαμπρότατος* is equally unlikely, since that title is not elsewhere applied to the ἀρχιδικαστής. If χα(ίρειν) is right in l. 2, a preceding mention of the βιβλιοφύλακες seems demanded by ll. 53-4, and βι is probable here in the parallel text; but Ἑρμοπολείτου is a difficulty, since Ὀξύρυχείτου is of course expected. Presumably Ἑρμοπολείτου was written by an inadvertence. πρὸς τῇ ἐπιμελεί(α) τῶν χρη(ματιστῶν) is clearly impossible. In l. 4 ὁ πρὸς τῇ δια(λογῇ) τ(ῆς) πόλ(εως); cf. P. Leipzig 10. ii. 32-3 οἱ πρὸς τῇ διαλογῇ τῆς πόλεως διέγρα(ψεν) Αὐρηλ(ίου) Σαραπάμμωνος χρημ(ατίζοντος). On that analogy χρη(ματίζοντος) may be read with some confidence at the end of this line, but there is nothing in front of it in the least like διέγραψεν. The letters might possibly be intended for ἀπέχει, Αὐρη(λίου) Ὠρου, but ἀπέχει especially is an unconvincing reading.

For διαλογή cf. e.g. 34. ii. 5 οἱ καλούμενοι ἐπὶ τῆς διαλογῆς τῶν κατὰ καιρὸν ἀρχιδικαστῶν [γρα]μματεῖς, and Mitteis, *Grundzüge*, pp. 85, 125.

18. A similar marginal entry occurs in the parallel text referred to in the previous note, and there the α of αὐ(τῆς) is fairly clear.

30-2. Cf. 577, 719. 23-5.

37. ὁρθῶς καλῶς: so 1040. 33, where καὶ is not to be inserted; cf. e.g. 1208. 29, 1209. 28.

40. The marginal entry apparently notes the fact that the vendor was illiterate.

44. βουλόμενος is obviously a clerical error for βουλομένη both here and in l. 53; cf. l. 35, where προσδεόμενος is written for προσδεομένη.

51. εὐδοκηέναι: sc. τὸν Αὐρήλιον Μῶρον.

58. The date here is strange. Since the month is Pachon (l. 59), this signature must be at least a year subsequent to the rest of the document, where the latest date is Pauni 11 (l. 3). The writer was unpractised, and the figures, which are in each case above the sign for (ἔτους), are not very clear. δ might well be read in place of α, but how could a δ be explained? The third and fourth years cannot be those of Maximian and Diocletian for two reasons: (1) γ and δ should be in the reverse order; (2) an interval of 22 years between the signature and the other dates is too long. Neither could (ἔτους) γ καὶ (ἔτους) δ refer to a period of joint rule by Claudius and Vaballathus in A.D. 270-1, since not only is there no evidence that the latter was recognized during the lifetime of Claudius,¹ but in P. Strassb. 8. 1-2 Aurelian is already found associated with Vaballathus in Pharmouthi of that year. I therefore adopt the reading (ἔτους) γ καὶ (ἔτους) α and suppose that the third and last year of Claudius which coincided with the first of Aurelian is meant (A.D. 271), Vaballathus being ignored. No doubt the more usual expression for this would be (ἔτους) γ

¹ P. Grenf. ii. 70 is no doubt to be referred to the reign of Diocletian and Maximian, as was pointed out by P. Meyer in *Hermes*, xxxiii. p. 269; Meyer's correction has been overlooked by both Preisigke, P. Strassb. i. 34, and F. Hohnmann, *Chronologie der Papyrusurkunden*, pp. 18 and 55.

τοῦ καὶ α, as e. g. in Wilcken, *Ost.* ii. 109. 2-3; but that objection is hardly to be pressed in the case of such an ill-written subscription.

63. Below Ἰσιδώραν there are a few small illegible marks.

(c) PETITIONS.

1201. SUCCESSION TO AN INHERITANCE.

Fr. 2 18.4 × 12.4 cm.

A.D. 258.

An application to the praefect Mussius Aemilianus from a man whose father had died intestate, asking for the right of succession to the estate (*agnitio bonorum possessionis*). His request was couched in Latin, with a signature appended in Greek (cf. 720, 1114); this is followed by an endorsement of the praefect granting the petition (l. 11), and a translation, in a very cursive hand, of the Latin text into Greek. The central part of the papyrus is decayed, and most of the Latin original has disappeared; but the loss is of small consequence, since a precisely similar document, also from Oxyrhynchus, at Giessen has recently been published with a valuable commentary by O. Eger in *Z. Sav.* xxxii. pp. 378 sqq., and by means of this the portion here missing is easily restored; cf. note on l. 4. In the Giessen papyrus, on the other hand, the Greek translation, which in 1201 is well preserved, has been badly mutilated. The two documents thus supply each other's deficiencies in the happiest manner.

Aemilianus was already known to have held the office of praefect in A. D. 257 from Euseb. *Hist. Eccl.* vii. 11. 9, where he is called διέπων τὴν ἡγεμονίαν as in l. 14 here; in the Latin of l. 1 he is styled *praefectus Aegypti* simply. His name Mussius is novel; the praenomen is added by another papyrus not yet published, Lucius. This was the man who a few years later revolted against Gallienus. On a coin of that period, attributed to him by Poole, *Catalogue of coins of Alex.* p. 299 (cf. introd. p. xxxiv), he is given the initials M. I.

4. ὑπ Pap. 6. ὑπερ . . . ἰδοτος Pap. 12. α' (= πρότερον) added above the line.

'To Mussius Aemilianus the most illustrious, praefect of Egypt, from Aurelius Eudaemon. I beg you, my lord, to grant me possession of the property of my father Catillius Varianus . . .'

'I, Aurelius Eudaemon son of Catillius, have presented this petition asking for the succession to the inheritance of my father, namely the property inherited in turn by him, having died intestate. I, Aurelius Theon son of Harpalus, wrote for him as he was illiterate. The sixth year, Thoth 27. (Endorsed) In accordance with the edict; read by me. Sheet 4, volume 1.'

'Translation of the Latin. To Mussius Aemilianus the most illustrious, deputy-praefect, from Aurelius Eudaemon. I beg you, my lord, to grant me the succession to the property formerly belonging to my father Catillius Varianus who has died intestate, in accordance with that portion of the edict which grants succession to the lawful heirs. Dated the 8th day before the calends of October, in the consulship of Tuscus and Bassus. The sixth year, Thoth 27. In accordance with the edict; read by me. Sheet 4, volume 1.'

1. The letters *v p* have no dots either after or, as in the Giessen papyrus, above them. On the other hand dots are placed after *praef* and *Aeg*.

2. *Heudaemonem*: for the erroneous aspiration cf. e. g. 32. 9 *omo*.

4. [*Catilli*]*i* seems hardly enough for the space, but *Variani* is probable. There are some slight illegible traces of the two following lines, which with the rest of the Latin can be restored with security from the Greek by the aid of the Giessen papyrus and 1114. 13 thus: *intestati defuncti ex ea parte edicti quae legitimis heredibus b(onorum) p(ossessionem) dat. datum a(n)te d(iem) viii kalendas Oct(obres) Tusco et Basso co(n)s(ulibus)*. Instead of *quae* . . . *dat* the Giessen papyrus has *qua{e}* . . . *daturum te polliceris*. The mistake of *quae* for

qua may now be explained as due to a change of construction, the writer having *quae* . . . *dat* in his mind and then substituting *daturum te polliceris* without altering the *quae*.

6. Cf. the Giessen papyrus l. 10 αἰτῶ τὴν διακατοχὴν, P. Amh. 72. 9-10 διεπεμφάμην τῷ λαμπροτάτῳ ἡγεμόνι . . . τὴν διακατοχὴν, and B. G. U. 140. 21-7 οὐκ εἰσιν νόμιμοι κληρο[νόμ]οι . . . ὁμῶς κατ[ο]χῇ[ν] ὑ[π]αρχόντων ἐξ ἐκείνου τοῦ μέ[ρ]ους τοῦ διατάγματος, οὗ καὶ τοῖς πρὸς γένους συγγενέσι δίδεται, αἰτεῖσθαι δύνασθαι καὶ αὐτοὺς κρε[ῖν]ω.

11. In l. 12 of the Giessen papyrus Eger restores *do b(onorum) p(ossessionem)* before *ex edicto*, but probably those two words stood by themselves, as here. *recognovi* there takes the place of *legi*. The τ of τ(όμος) is written just like a υ, both in this line and l. 22, but τόμος is demanded by analogy. The reference no doubt is, as Eger explains (l. c., p. 381), to the *liber libellorum rescriptorum* of the praefect.

It is hardly certain that the three Latin words are in the same hand as what follows, but there seems to be no further change beyond this point. Too many hands are probably distinguished by Eger.

13. λαμπροτάτῳ : διασημοτάτῳ is the correct equivalent of *perfectissimus*.

18. Cf. the passage of B. G. U. 140 quoted in the note on l. 6, and Eger, l. c., p. 382.

21-2. ἐκ τοῦ διατάγματος ἀνέγων = l. 11 *ex edicto : legi*. It is not clear whether ἀνέγων was intended to be abbreviated or not; perhaps ἀνέγ(νων) should be written.

1202. PETITION CONCERNING AN EPHEBUS.

26.1 × 11.3 cm.

A.D. 217.

This document is an interesting supplement to the existing evidence about the enrolment of ephebi, a subject which has recently been discussed at length by Wilcken, *Grundzüge*, pp. 139 sqq., and Jouguet, *La vie municipale*, pp. 150 sqq. It is a petition to the deputy-epistrategus from the father of a youth qualified to become an ephebus, complaining that his son's name had been omitted from the list which was annually prepared by the amphodogrammateus, and begging that the error might be rectified. The list in question is stated to have been regularly prepared shortly before the time of the contest of the ephebi, established at Oxyrhynchus by Septimius Severus and Caracalla (ll. 5 sqq.). This reference is explained by 705, which contains a copy of the Imperial rescript sanctioning an endowment for the purposes of the festival. The boy's qualifications are set out in ll. 17 sqq. He was already a member of the gymnasium, having reached the age of fourteen, and having been admitted through the ἐπίκρισις to the privileged body of οἱ ἐκ τοῦ γυμνασίου. But he was not yet an ephebus; to become one a further εἰσκρισις, probably by the praefect (cf. P. Flor. 57. 73, Wilcken, l. c., p. 142), was required, a preliminary to which was apparently the list of the amphodogrammateus. The fact that the epistrategus is addressed in the present petition does not imply that the εἰσκρισις was conducted by that official.

The date of the papyrus is approximately fixed by the mention in ll. 19

and 21 of the 25th year, which was perhaps still current, in spite of the absence of the word *ἐνεστώς*. Caracalla did not attain to a 26th year, and the petition seems to have been written before the accession of Macrinus. At any rate it can be little later than A. D. 217. Aurelius Severus, the acting epistrategus, was not previously known.

κα.

14. *εναγ'χος* . . . *ὑπ* Pap. 16. *ὑιον* Pap.; so in l. 23. 21. *ε* of *εκ* corr. from *α*. 25. l. *ἵνα* for *καί*.

'To his highness Aurelius Severus, deputy-epistrategus, from Aurelius Ptolemaeus son of Sempronius son of Lucius, his mother being Thaësis, of the city of Oxyrhynchus. It is the custom since we gained by the gift of our lords Severus and the great Antoninus the contest of the ephebi that those who are for the time being amphodogrammateis of the city should, as the contest of each year approaches, submit and publish a list of those about to become ephebi, in order that each one may assume the status of ephebus at the proper season. Since then the present amphodogrammateus of the city, Aurelius Sarapion, in the list recently published by him of those who are auspiciously about to become ephebi, has, perhaps in ignorance, passed over my son who is also an incipient ephebus and on the roll of our gymnasium, and who reached the age of 14 years in the 25th year, and was passed in accordance with his age and parentage into the list of the members of the gymnasium in the same 25th year, I perforce have recourse to you, requesting that my son too may be entered in the list of the ephebi in the same way as his companions, that so I may obtain relief. Farewell.

'I, Aurelius Ptolemaeus, presented the petition.'

3. *Σεμπρωνίου*: or perhaps *Σενπρωνίου*. At the end of the line *Λοι[κίου]* seems more likely than *Λού[πο]υ*.

7. The *δωρεά* was really that of Aurelius Horion, who gave a large sum to provide prizes for the contest; the emperors merely sanctioned his endowment.

8-9. In A.D. 323 the date of the contest was Jan. 19; cf. 42. 2, 10.

11. *γραφῆναι* was no doubt due to the influence of the preceding infinitives.

17. *μελλοέφηβον*: the word is spelled *μελλέφηβος* in Censorinus, *De die nat.* 5, Eustath. *Od.* 1768. 56. Cf. P. Brit. Mus. 1166. 4 *μελλογυμνασίαρχος*, Giessen 54. 6 *μελλοπρόεδρος*.

18. *τάγματος*: cf. e.g. 891. 15.

19-21. Fourteen was apparently the usual age for admission to the ranks of the ephebi; cf. Wilcken, *l. c.*, p. 141, Jouguet, *l. c.*, pp. 150 sqq. The anomaly of P. Tebt. 316 (which of course was found at Tebtunis and not, as stated by Wilcken, *Chrestomathie*, p. 173, at Oxyrhynchus), where boys of three and seven years are described as *ἐφηβευκότες*, is still unexplained.

For an *ἐπίκρισις* *εἰς τοὺς ἐκ τοῦ γυμνασίου* cf. 257, where the importance of the *γένος* is well illustrated.

25. *καὶ ὃ* is written as if *ὅπως* or *ἵνα* and not an infinitival construction had preceded.

1203. CLAIM OF CREDITORS.

16.1 × 12.2 cm.

Late first century.

Though the commencement of this petition is lost, the main details of the transaction involved are sufficiently clear. According to the petitioners' statement (the first person plural is used throughout), Leonides after obtaining a loan upon mortgage had surreptitiously alienated the security to a third party and made a claim against his creditors for a debt which he asserted was due to him from their father. A notice of the claim had been served upon them through Apion, the son of Leonides, who seems to have been himself absent, and the

collection of the debt put into the hands of the *ξενικῶν πράκτωρ*. The petitioners accordingly request that copies of their counter-claim (*ἀντίρρησις*; cf. 68. 11) should be communicated to Apion and to the *πράκτωρ*, in order that no further proceedings should be taken pending a legal decision. It would naturally fall to the strategus to take the steps required, and probably he was the person to whom the petition was sent, since there is no mention of written instructions; which would be expected if the addressee were the *ἀρχιδικαστής*; cf. 68. 29-31, P. Brit. Mus. 908. 29-30. At the foot is a signature of an assistant stating that notice had been given to the *πράκτωρ* as desired.

 ὑπηρέτης μεταδédωκα τοῦ προκειμένου
 [ὑπο]μ[νή]ματος ἀντ[ί]χ[ρ]α(φον) [τῷ] ξενικῶν πρά-
 κτορι ὡς καθήκει.

8. l. Λεωνίδης: cf. ll. 21, 23, 25. 23. Above the left-hand limb of η of εἰδη there is a vertical stroke, which is not in the right position for an inserted iota adscript.

'... [not only]... but also... ventured wrongfully [without our knowledge?] to alienate at Alexandria the security to Philostratus son of Zoilus, to whom with your just concurrence we presented through you a notification concerning his improper purchase. In addition to this the said Leonides, heedless of the reckoning that would follow, provided himself with a memorandum from the bureau to the collector of external debts here on the plea of other sums being due to him from our father, whereas on the contrary he was our debtor, as stated above, and served upon us a copy of this through his son Apion on the fourteenth of the present month Epeiph. Wherefore we perforce come forward with the request that this memorandum should be duly placed on record, and that a copy of it be served through an attendant both upon Apion on his father's account and upon the collector of external debts, in order that Apion may know that everything that has been done by his father Leonides to our hurt is invalid and that our claim holds good against Leonides on all the counts that we have against him, and that the collector of external debts may take no step against us in consequence of the aforesaid memorandum before the trial of the case. For we maintain and shall maintain all our subsisting rights. (Endorsed) I, Theon son of Onnophris, assistant, have duly presented a copy of the above memorandum to the collector of external debts.'

3. Perhaps ἀγνοησάντων; the letter before the lacuna had a rounded base suiting e.g. α, ε, θ, or ω.

6. διαστολικόν is a term applied to notifications of various kinds; cf. e.g. P. Brit. Mus. 1231. 25. The document which in l. 10 is described as a ὑπόμνημα is often called διαστολικόν; cf. Mitteis, *Grundzüge*, p. 124.

9-10. Cf. e.g. 485. 3, B. G. U. 1038. 9, P. Leipzig 120. 3, Mitteis, *Grundzüge*, pp. 159 sqq.

11. For the ξενικῶν πράκτωρ in the Roman period cf. 286. 15, 712. 1, 8, 825, B. G. U. 970. 26, 1038. 13, P. Leipzig 120. 1, Mitteis, *Grundzüge*, pp. 30, 159 sqq. It is remarkable that here too the person suing for the debt was apparently living outside the Oxyrhynchite nome (ll. 4, 15-16, 20-1), but whether the functions of the ξενικῶν πράκτωρ were limited to such cases, as suggested in P. Tebt. I. p. 56, P. Oxy. II. p. 279, IV. p. 178, is very doubtful. There is no indication of distinction of residence in P. Leipzig 120 (ll. 5-6 ἀπὸ τῆς αὐτ(ῆς)... πάλ(εως) rather implies the contrary).

19. ἔχειν ἐν καταχωρισμῷ: cf. Mitteis, *Leipz. Sitz.-Ber.* 1910, pp. 69 sqq., *Grundzüge*, pp. 33-4.

29-31. Cf. e. g. 282. 18-21, 286. 22-4, and Strassb. 74. 17-18, where no doubt γάρ should be read in place of πρό; I do not see in the facsimile the justification for the spelling ἀντέχωμαι.

32-4. Cf. 485. 49-50, P. Brit. Mus. 908. 39-40, Flor. 56. 22-3. In 485. 50 καθήκει is more probably to be restored than πρόκειται.

1204. PETITION TO A STRATEGUS.

20.4 X 27.2 cm.

A. D. 299.

The following very interesting petition represents a stage in some legal proceedings taken by Aurelius Plutarchus in consequence of his nomination for the office of decemprimus, from which, he maintains, his rank exempted him. In order to release himself from municipal burdens, as is expressly stated in l. 13, Plutarchus had obtained from the Emperors the rank of κράτιστος, i. e. *vir egregius*. Some-time afterwards, while absent on a special mission in the Small Oasis, he had been nominated to the office in question. He at once instituted proceedings of appeal through his father (cf. *Dig.* l. 5. 1 *qui excusatione aliqua utuntur . . . necesse habent appellare*), and had also applied to the *rationalis* (καθολικός), the chief of the general department of finance, before whose tribunal he appeared. The *rationalis* reserved judgement, ordering documentary evidence to be produced and notice to be given to the official responsible for the appointment. Plutarchus accordingly now forwards a copy of the official report of this preliminary bearing to the strategus, with the request that the necessary notification should be made.

That senatorial rank brought release from local *munera* is well known (cf. *Dig.* l. 1. 22-3). It was not however clear that this privilege was enjoyed by those whose dignity was merely honorary; cf. Mommsen, *Röm. Staatsrecht*, iii. p. 473⁴ 'bei einer Person bloss senatorischen Standes, die ausserhalb Rom wohnt, kann allerdings die Frage aufgeworfen werden, ob sie nicht als *incola* leistungspflichtig ist'. It is therefore surprising to find a provincial of a rank lower than the senatorial claiming exemption, for the *egregiatus* (κρατιστεία, l. 15) was but a degree in the equestrian order (cf. Hirschfeld, *Sitz.-Ber. Berl. Akad.* 1901, pp. 584 sqq.) No doubt the term κράτιστος was not unfrequently employed where λαμπρότατος would be expected (cf. Magie, *De Rom. iuris vocabulis sollem.* p. 31); but if Plutarchus had really acquired senatorial rank the fact would surely have been expressed on the present occasion with more precision. Nevertheless he asserts that the nomination was absolutely illegal; and though his advocate speaks with greater caution (l. 21 ὁ ἀπαλλάττει ἴσως), the *rationalis* makes no objection on this point. The object of the latter's examination is rather to establish the relative

dates of Plutarchus' attainment of rank and his nomination to office; cf. *Dig.* 1. 6. 6. 7 *si ante quis ad munera municipalia vocatus sit quam negotiari inciperet, vel antequam in collegium adsumeretur quod immunitatem pariat, . . . compellatur ad honorem gerendum.*

The papyrus makes an addition to the list of praefects in the person of Aelius Publius, who is mentioned in ll. 7-8.

- Ἐπὶ ὑπά[τ]ων τῶν κυρίων ἡμῶν Αὐτοκρατόρων Διοκλητιανοῦ τὸ ζ καὶ

‘In the consulships of our lords the Emperors Diocletianus Augustus for the seventh and Maximianus Augustus for the sixth time. To Aurelius Zenogenes, strategus of the Oxyrhynchite nome, from Aurelius Plutarchus also called Atactius, excellency, and however I am styled. Having been nominated wrongfully and in contravention of all law for the decemprimate by Aurelius Demetrianus, decemprimus of the western toparchy, I brought an action of appeal through my father Aurelius Sarapammon also called Dionysius, and

however he is styled, because I was at the time in the Small Oasis for the discharge of the soldiers stationed there, in accordance with the order of my lord the most honourable praefect of Egypt Aelius Publius; and having taken the proper steps for the appeal I had recourse to my lord the most honourable catholicus Pomponius Domnus, and applied to him in a memorandum setting these facts before him. Whereas then his highness ordered me by a judgement to give notice to the aforesaid person, the essential part of the proceedings and the judgement being as follows:—

‘In the consulship of our lords Diocletianus Augustus for the seventh time and Maximianus Augustus for the sixth time, August 19, at Alexandria, in court. Plutarchus, excellency, having been summoned, Isidorus said, “His excellency Plutarchus who has presented himself before your eminence, endeavouring to find for himself a release from municipal offices, some time ago besought the divine fortune of our masters the Augusti and Caesars to grant him the rank of excellency, and their divine fortune consented and granted it, and he now enjoys it. Now he has continued in obedience to your lordship’s department and also to the orders of you magnates. Lately when he was in the Small Oasis, where he had been sent by my lord your colleague Publius the most honourable praefect to discharge the soldiers, a certain Demetrianus, an Oxyrhynchite of the same city, made a design upon him and ventured to nominate him for the decemprimate, ignoring his acquisition of a superior rank, which presumably releases him from municipal offices”. After other evidence Domnus the most honourable catholicus said, “Read the day of his appointment”. Plutarchus said, “Pauni 30. I was away in the Oasis; I came back when I knew”. Domnus the most honourable catholicus said, “Let the document containing the appointment be produced, and let him also show the following correspondence, as I ordered; and that he may be heard in a more regular way, let him give notice to the person who nominated (?) him for the decemprimate”. Gregorius said, “Give orders for the issue of the minutes”. Domnus the most honourable catholicus said, “They shall be issued”. I, Olympius, official notary, issued the minutes.

‘Wherefore I beg, if it seem good to you, . . .’

4. This nomination of one *δεκάπρωτος* by another is noticeable.

5. *ἐκκλητον*: sc. *δίκην*; cf. 1117. 3, where *ἐκ(κ)λητο[ν]* is almost certainly to be read, and P. Amh. 82. 9–10, where *οὐδὲ ἐκκλη[τον] ποιείσθαι ἐδυνή[θην]* may now be restored with security; *ἐκκλη[τον]* and *ἐδυνή[θην]* had already been suggested by Wilcken, *Grundzüge*, p. 353¹. Plutarchus commenced proceedings through his father because the period during which an appeal was allowed was limited; cf. the passage already cited in P. Amh. 82, which proceeds *τῷ καὶ τὰς ἡμέρας τὰς νενομισμένας . . . παραελυθέναι*, Dig. l. 5. 1 *qui tempora praefinita in ordine eiusmodi appellationum peragendo non servaverint, merito praescriptione repelluntur*.

6. *ἐκσφούγγευσιν*: cf. l. 19 *ἐκσφουγγεύειν*, which is apparently a Graecism of *expungere*, a term technically used of the discharge of soldiers, e.g. Plautus, *Curc.* 4. 4. 29 *miles . . . expuncto in manipulo*, Dig. xlix. 16. 15 *ex causa desertionis notatus ac restitutus temporis quod in desertione fuerit impendius expungitur*. No doubt the same word was meant in B. G. U. 435. 14 *ἐξπουνγκερος* (saec. II–III).

10–11. Perhaps something has been omitted; cf. the critical note.

12. *σηκρήτω* = *secretario*, for which cf. e.g. P. Thead. 13. 1 *in secret(ario)*, Leipzig 38. i. 1, *C. Just.* i. 48. 3, iii. 24. 3, xii. 19. 5. *σέκρετον* or *σήκρητον* is the usual Greek form, e.g. Hesych. *σέκρετον* *συνέδριον*, Euseb. *Hist. Eccl.* vii. 30 *σήκρητον δὲ ὥσπερ οἱ τοῦ κόσμου ἄρχοντες ἔχων*.

15. *Καισάρων*: i. e. Constantius and Galerius.

16. *ἐν αὐτῷ*: sc. *τῷ ἀξιώματι*.

24. The misuse of the optative is noticeable in an official document of this period.

25. The letters $\epsilon\lambda\alpha\mu$, which are clear, suggest nothing which suits the sense and construction. Some word like $\delta\nu\omicron\mu\acute{\alpha}\sigma\alpha\nu\tau\iota$ is expected, and possibly this has been miscopied; or $\lambda\alpha\mu\beta[\acute{\alpha}\nu\omicron\upsilon\tau\iota]$ might be adopted. The slight vestige of the letter after μ is indecisive.

26. $\kappa\omicron\mu\epsilon\nu\tau\alpha\rho\acute{\eta}\sigma\iota\omicron\varsigma$ = *commentariensis*; cf. P. Flor. 71. 758, 794, P. S. I. 97. 6.

$\tau\acute{\alpha}$ $\dot{\upsilon}\rho\omicron\mu\eta\mu\acute{\alpha}\tau\alpha$: i. e. the minutes or memoranda of the proceedings, which the petitioner was thus enabled to quote. Cf. P. Leipzig 38. i. 17-18, and Cairo Cat. 67131. 28-30, where something like $\acute{\alpha}\nu\tau\acute{\iota}\gamma\rho\alpha\phi\omicron\nu$ $\kappa\acute{\epsilon}\lambda\epsilon\upsilon\sigma\omicron\nu$ is to be supplied in l. 28.

27. At this point the petitioner resumes, and α [may be $\acute{\alpha}\xi\iota\omega$. Further on $\acute{\epsilon}\nu\acute{\omega}\pi[\iota\omicron\nu$ might be read (cf. e. g. P. Flor. 56. 20), but does not combine well with the other remains.

(d) CONTRACTS.

1205. MANUMISSION *inter amicos*.

Fr. 1 14 × 16.9 cm.

A. D. 291.

The solitary specimen hitherto known of a manumission *inter amicos* was published in 1904 by S. de Ricci from a tablet in the Amherst collection (*Proc. Soc. Bibl. Arch.* xxvi. pp. 145 sqq.; reprinted by Girard, *Textes de droit rom.*³ p. 849, Mitteis, *Chrest.* p. 405; cf. *Grundz.* p. 272). That document was in Latin, with Greek signatures. The following second example, which is of greater length, of this form of manumission is in Greek throughout, but here too Latin was apparently the original language; cf. the note on l. 1. An additional feature of interest is that several of the persons concerned were Jews. Unfortunately there is a large gap at the beginnings of the lines, extending, as l. 15 shows, to some 40 letters throughout. Nevertheless, though there is some obscurity in detail, the general sense is sufficiently clear. The manumitters were either a man and his half-sister, acting with a *curator*, or perhaps two half-sisters; and the persons freed were a middle-aged female with her two young children, one of whom was named Jacob. The ransom was paid by the Jewish synagogue, presumably that of Oxyrhynchus, and reached the large sum of 14 talents of silver. To ransom Jewish slaves from Gentile ownership was regarded as a duty incumbent upon the community, if their own relatives were unable to perform it (this is recognized by the Talmud, e. g. *Baba Bathra*, fol. 8 *ad fin.*, a reference which I owe to Dr. Cowley; cf. S. Krauss, *Talmudische Archäol.* ii. pp. 98-9); and it seems probable that the action of the synagogue in the present case is to be connected with that religious obligation. But there is some uncertainty as to the nationality of the manumitters; cf. the note on l. 8.

5. ἱακ[ω]β Pap.
 1. ὑπάτων.

10. ὑπερ Pap.

12. ἱουστου Pap.

14. ὑπατοῖς Pap.;

1. ἀντίγραφον ἐ]λευθ[ερώσε]ως is unsuitable on account of the autograph signatures, and ἐρμηνεία is indicated by Latinisms in the Greek; cf. ll. 13-14. Apparently the deed was bilingual, as e.g. 1201; there is a fair margin above this line and the edge of the papyrus is straight, but perhaps the Latin text preceded in a separate column.

3. κού[ράτορος]: cf. 888. 3, note, B. G. U. 705. 3, Mitteis, *Grundzüge*, p. 250.

4. παραδόξου may be either a proper name, as in B. G. U. 362. xiv. 10, or a title signifying athletic prowess; cf. e.g. P. Brit. Mus. 1178. 54 πύκτου ἀλείπτου παραδόξου, 56 παλαιστοῦ παραδόξου, &c., and Meyer's note on P. Hamburg 21. 3. For Παραμόνη cf. e.g. 1044. 23 Παράμονος.

5. τὰ ταύτης τέκνα: cf. l. 19.

7. For the Jewish colony at Oxyrhynchus cf. 335 (A. D. 83) which not only mentions οἱ ἀπ' Ὁξ[υρύχων] πόλ[εως] Ἰου[δαῖοι] but shows that one of the quarters of the city was called Ἰουδαϊκὸν ἄμφοδον. Fragments in Aramaic have occurred among the Oxyrhynchus papyri.

8. This reference to the Ὠνεῖται is rather puzzling. Since they had a βουλή, their town must have been a considerable place, but its identity is not evident. Besides the Egyptian Ὠν (Heliopolis), which naturally could not be described as belonging to Palestine, even if its inhabitants could be called Ὠνεῖται, there was according to Cheyne in Black's *Encycl. Bibl.* Col. 3500 a district bearing the same name in S. Palestine, but the supposed biblical allusions to it rest upon conjecture. Possibly the Benjamite Ono, to which references occur in post-exilic literature (1 Chron. viii. 12, Ezra ii. 33, Neh. vi. 2), is meant.

Another question which is not quite easily answered is, of what woman was this βουλευτῆς Ὠνεϊτῶν the father? If of the ὁμομητρία ἀδελφή, the manumitting family was Jewish. But her father would more naturally be supposed to be the γενόμενος ἐξηγητῆς βουλευτῆς of Oxyrhynchus named in l. 3. Moreover, if the manumitters were Jews, the part played by the synagogue is not readily explained, for that body does not merely witness and confirm the transaction; as e.g. in the manumissions from Panticapaeum (C. I. G. 2114^b, Latyshev, *Inscr. Ponti Eux.* ii. 52-3 ἐπὶ τῆς προσευχῆς . . . συνεπιτροπευούσης δὲ καὶ τῆς συναγωγῆς; cf. Krauss, *Festschrift Harkavy*, p. 65), but pays the purchase money. This action would be more intelligible if the owners were Gentiles and the slave a Jewess; the objection to that view, however, is that the latter is described in l. 4 as οἰκογενής, and to regard this description as inaccurate is a somewhat arbitrary assumption. It is of course not certain that]τον in l. 8 is to be restored Ἰούστου: ἐξηγη]τοῦ, as in l. 3, is an alternative; but this does not affect the difficulty.

12. The supplement is quite conjectural. In the line below, the gap may be filled by some phrase like διὰ χειρὸς ἐξ οἴκου, or ἐκ πλῆρους.

13. ἐπράχθη = *actum*; cf. e. g. the Amherst tablets l. 12, 1114. 38, &c.

14. The day of the month according to the Roman calendar preceded ἐπι; cf. the Amherst tablets l. 13.

18 sqq. The arrangement adopted of these three detached pieces is suggested as well by the handwriting and spacing of the lines as by the satisfactory restorations obtainable in ll. 19 and 21-2. Some small unplaced scraps are not printed.

24. Εὐσεβία was perhaps the name of the ὁμομητρία ἀδελφή.

25-8. The letters]'Ιουστ[and those immediately below them seem to be in a different hand from those opposite on the left. If that is so, some of the signatures must have been written in separate columns. τάλαντα δέκα cannot be read in l. 26.

1208. ADOPTION.

23.5 × 15.6 cm.

A. D. 335.

Like manumission *inter amicos* (1205), adoption has hitherto been represented by a single text, P. Leipzig 28, first published by Mitteis in *Archiv* iii. pp. 173 sqq. and lately reprinted by him in *Chrestomathie*, p. 406. A second example is therefore very welcome. It is some fifty years older than the Leipzig specimen and rather simpler though essentially similar in form. A husband and wife, Heracles and Isarion, agree to the adoption of their two-year-old son by Horion, who promises that the boy shall be his heir. Apparently there was no affinity between the contracting parties, nor is there any obvious reason for the adoption as in the Leipzig text, where an uncle adopts his fatherless nephew. Another small point of contrast is the absence here of stipulations about proper food and clothing, which are replaced by the negative guarantee that the boy should not be repudiated or reduced to a state of servitude. These however are minor details; the important feature from the juristic standpoint is that the transaction is regarded as a purely private affair, the forms prescribed at this period by Roman law, the sanction of an imperial rescript and the intervention of the praefect (*C. Just.* viii. 47. 2), being in complete abeyance, and that the participators are not concerned with any constitution of *patria potestas* (although, as 1208. 6 shows, that was not quite a dead letter in the provinces), but simply with the upbringing and eventual testamentary succession of the adopted child; cf. Mitteis, *Grundzüge*, pp. 274-5.

ll. 14, 16. 10. 1. ἐξέσται; so in ll. 13, 15. τον . . . εἰς apparently rewritten over an
erasure. 13. 1. γυναικὶ Εἰσαρίῳ. 14. First ε of ἐκδεδωκεναι corr. from δ. 15. 1. παρα-
βαίνειν. 16. 1. συνετεῖσθαι. 20. ι of ὤριων rewritten.

'In the consulship of Julius Constantius, patrician, brother of our lord Constantinus Augustus and Rufius Albinus the most illustrious. Aurelius Heracles son of Harasis, whose home is in the illustrious and most illustrious city of Oxyrhynchus, and his wife Aurelia Isarion daughter of Agathon of the said city, and Aurelius Horion son of Horion of the said city, mutual greetings. We agree, Heracles and his wife Isarion on the one part, that we have given away to you, Horion, for adoption our son Paternouthis, aged about two years, and I Horion on the other part, that I have him as my own son so that the rights proceeding from succession to my inheritance shall be maintained for him, and it shall not be lawful for me to disavow him or to reduce him to slavery, because he is well born and the son of well born and free parents, and in the same way it shall not be lawful for us, Heracleus and his wife Isarion, to remove the boy from you, Horion, because we have once for all given him to you for adoption, nor shall it hereafter be lawful for any one to transgress the terms herein written, because we have consented and agreed on these conditions. This deed of adoption, done in duplicate so that each party may have a copy, is valid, and in answer to each other's question we have given our assent, in the consulship aforesaid, Pharnouthi . . .

* I, Aurelius Horion, have received the boy for adoption and will register him as my own son so that the rights from succession as my heir shall be maintained for him as aforesaid, and in answer to the question I have given my assent. I, Aurelius . . ., wrote for him, as he was illiterate.'

3. τὸ ἐφέστιον ἔχων is an unusual phrase; cf. P. Brit. Mus. 904. 23-4 ἐπα[νελλ]θεῖν εἰς τὰ εἰν[τῶν] ἐ]φέστια.

6. ἐκδεδωκέναι: it seems not unlikely that the same word should be read in P. Leipzig 28. 13, where Mitteis gives π[αρ]αδεδωκέναι.

8. There is no room for ὥς after τοῦτον, which however is doubtfully read. Cf. P. Leipzig 28. 11-12 τοῦτον τὸν παῖ[δ]α ἔχειν [καθ' ?] νόθεσίαν, 18 ὅνπερ θρέψω . . . ὥς υἱὸν γνήσιον καὶ φυσικόν.

12. Ἡρακλείω: Ἡρακλεῖ is expected from ll. 3 and 6.

1207. LEASE OF A CAMEL-STABLE.

7.2 x 9.3 cm.

A. D. 175-6?

Part of a lease for five years of premises which had been used for keeping camels, and were now to be turned into a fowl-house. The rent was 300 drachmae per annum, with yearly extras of 4 cocks, 8 hens, and 100 eggs, besides a donation to the lessors' servants of 8 drachmae 'for a libation'. The reign of which the seventeenth year is referred to in l. 2 may be that of Marcus Aurelius.

[αὐτῷ τόποις . . .

2. ἴσιοντος Pap. 7. First α of πενταετιαν corr. from ε. 14. φαρμεῖωθ Pap.

‘[. . . have leased to . . .] of the city of Oxyrhynchus, for a period of five years from Thoth 1 of the coming 17th year the camel-stall which they have in the quarter of the Hermaeum together with all its appurtenances, for a fowl-house, excluding any parts needed for an oil-press that may be chosen by Epimachus, the rent for the rest of the premises for the term of five years being 300 drachmae annually, with an additional payment likewise annually of 4 cocks in perfect condition, 8 laying hens in perfect condition, 100 eggs, and 8 drachmae for the slaves for a libation. On the lease being guaranteed, the lessee shall pay to the lessors the additional payments whenever they wish and the rent at the two fixed dates of Phamenoth and Mesore with no delay. The lessee with his sons or [other agents] shall then utilize the premises leased to him . . .’

6. Epimachus was one of the lessors.

8. ἔκτακτα, like ἐξαιρετα (cf. Berger, *Strafklauseln*, p. 156², Meyer, P. Hamburg, p. 18), are special or separate payments as distinguished from the φόρος ἀπότακτος or rent proper. The word is similarly used of a special bequest in 646 ἃ ἔσται καὶ ἔκτακτον τοῦ . . . ἀφήλικος, and of distinct or special documents in B. G. U. 12. 18 δι' ἐκτάκτου παρετέθη, P. Leipzig 3. ii. 12 ἐν ἐκτάκτῳ ἐπήμεγκα (cf. Wilcken, *Archiv* iv. p. 459).

Four ἀλέκτορες τέλειοι are similarly part of the rent of a μύλαιον in B. G. U. 1067; cf. *ibid.* 269. 4, 8. In a Rylands lease of land one cock is stipulated for.

9. ὀρνείθων: probably the φόρος ὀρνίθων coupled in P. Strassb. 56. 67-9 with φόρος προβάτων refers to fowls and not, as supposed by Preisigke, to pigeons; cf. P. Giessen 81. 6.

10. Cf. 730. 13-15 σπονδῆς τῶν ὅλων παιδαρίοις δραχμὰς τέσσαρας, *Archiv* v. p. 253, P. Hamburg 94. 33, n., P. S. I. 109 A 7.

16. οἷς ἐὰν αἰρή[τ]α[ι] is not satisfactory though perhaps just possible; but υἱοῖς καὶ is very uncertain.

1208. PUBLIC ACKNOWLEDGEMENT OF A CONTRACT OF SALE.

23.2 × 37.3 cm.

A. D. 291.

This long and interesting document contains an affirmation (ἐκμαρτύρησις, l. 30), drawn up before the representative of the agoranomus (cf. note on l. 2), of the validity of a private contract of sale and cession dating from the previous year. The property sold and ceded by the contract, a copy of which is given (ll. 6-28), was $\frac{2}{3}$ of an aroura of arable land, with a share in appliances for irrigating, for which the large sum of 1 talent 3,000 drachmae was paid.

What is the significance of this process of ἐκμαρτύρησις? Another example of it is 95, a re-affirmation of a contract for the sale of a slave, but that papyrus is unfortunately incomplete. It has occurred in the present volume in 1199. 19, and a similar allusion is to be recognized, according to Eger's obviously right

restoration (*Äg. Grundbuchwesen*, p. 95⁸), in B. G. U. 619. 14-16 ἐωνῆσθαι [κα]τὰ χειρόγρ(αφον) τὸ καὶ ἐ[κμε]μαρτυρημένον διὰ δημοσίας ὁμολογίας. The four contracts to which ἐκμαρτύρησις was thus applied were alike in this, that they were all private cheirographa. By the ἐκμαρτύρησις the cheirographon was embodied in a notarial document, and so elevated into a δημόσιος χρηματισμός. The process would thus appear to be a form of publication. According to 1208. 5, however, the purchaser of the land, who makes the ἐκμαρτύρησις, had already presented to the keeper of the μνημονεῖον a copy of the original contract for registration at the βιβλιοθήκη ἐγκτήσεων. But the ἀγορανομεῖον and μνημονεῖον were in close association (cf. e. g. l. 2), and the possibility remains that the registration and the ἐκμαρτύρησις were parts or stages of the same process. According to 1199, ἐκμαρτύρησις preceded the application to the βιβλιοφύλακες for παράθεσις.

But in any case we here seem to obtain a proof which has hitherto been lacking that δημοσίωσις or public registration of cheirographa could be effected elsewhere than at the archives of Alexandria. Some indications of this local publication have indeed already occurred: see P. Leipzig 31 (Oxyrhynchus), Amh. 98 (Hermopolis), and especially Grenf. ii. 70 (Kusis), which is closely similar in form to the present document and can now be better understood; cf. *ibid.* 71. 25-6. But the evidence of those documents was not sufficiently explicit to convince Mitteis, who in *Grundzüge*, p. 86, adheres to the view that the publication of cheirographa 'bei den ländlichen γραφεία nicht vollzogen werden konnte'. The clear statement of l. 5 renders that view no longer tenable. There is no word here of the Alexandrian libraries, and the δημοσίωσις provided for in ll. 24-5 is carried out on the spot.

'The seventh year of the Emperor Caesar Gaius Aurelius Valerius Diocletianus and the sixth year of the Emperor Caesar Marcus Aurelius Valerius Maximianus Germanici Maximi Pii Felices Augusti, Xandicus-Mecheir, in the illustrious and most illustrious city of Oxyrhynchus, before Aurelius Agathinus also called Origenes, farmer of the tax payable to the agoranomi and recorders. Aurelia Thermouthion surnamed Tanechotis, daughter of Nepheros and Tanechotis, of the village of Pakerke in the eastern toparchy, being not yet of age and acting through her father Aurelius Nepheros son of Dionysius, of the said village, acknowledges, in the street, that she hereby deposes at her own valuation to the autograph deed of sale formerly agreed to with her by Aurelius Thonius son of Thonis, of the illustrious and most illustrious city of Oxyrhynchus, and drawn up in the past year on the 11th of the month Epeiph, of which she, the acknowledging party, presented a single

authentic copy to the keeper of the record office to be deposited in the local archives, of which the following is a copy.

'Aurelius Thonius son of Thonis and Artemidora, of the illustrious and most illustrious city of Oxyrhynchus, with his father, who has him under power according to Roman law, as co-guarantor, namely Aurelius Thonius son of Serenus and Isarous, of the said city, to Aurelia Thermouthion surnamed Tanechotis, daughter of Nepheros and Tanechotis, of the village of Pakerke in the eastern toparchy, being not yet of age and acting through her father Aurelius Nepheros son of Dionysius, of the said village, greeting. I acknowledge that I have sold and ceded to you from henceforth for ever my property by right of inheritance and formerly belonging to my aforesaid mother Aurelia Artemidora daughter of Pausiris and Iseis, of the said city, who died leaving me and my brothers, namely my full brother Aurelius Demetrius and my half-brothers on my mother's side, Aurelius Diogenes, Aurelius Isidorus, and Aurelius Iseis, her three children by Hermias, the five of us, her sons and heirs, which was hers by right of inheritance, having formerly belonged to her father Aurelius Pausiris son of Dionysius and Artemidora, of the said city, in accordance with the will left by him in the second year of Claudius which was the first year of Aurelian, the . . of the month Tubi, and opened after his death, and had been bought by the father of Pausiris, Aurelius Herammon son of Pausanias also called Eutyclus, his mother being Hermione, of the said city, in accordance with an autograph sale and cession drawn up in the 12th year of Gallienus, Pachon 23, at the village of Pakerke in the eastern toparchy, in the holding of . . with that of Epanthes, the fifth part of four arable arourae of private land, that is $\frac{4}{5}$ of an aroura, forming part of a parcel of 8 arourae held jointly with Horion son of Acrono . . , which themselves formed part of a total of 28 arourae, or thereabouts, containing irrigators and a machine fitted with all wood-work and iron-work, together with the proportionate share of the irrigators and machine, the boundaries being on the south a road and on the other three sides a canal, at the price and cession-value agreed upon between us for the fifth part of the aforesaid four arourae of private land and irrigators and machine, namely 9,000 drachmae of the Imperial silver coinage, that is one talent 3,000 drachmae of silver, which I have forthwith received from you through your said father from hand to hand in full, and for which the land is bestowed upon you as a present and gift unchangeable and irrevocable, and to your question whether I have counted the money in full with the concurrence and assistance of my father I have given my assent. You shall therefore possess and own with your descendants and successors the fifth part sold and ceded to you by me as aforesaid of the four arable arourae of private land and the share of the irrigators and machine, and shall have power to use and dispose of it as you choose, no right of proceeding against it or any part of it in any wise being left to me nor to any one else on my behalf, and I will of necessity deliver it to you guaranteed perpetually against all claims with every guarantee, free from cultivation of royal or domain land and from every impost and debt and lien public and private, and from municipal . . and every other impost and from construction and . . of dykes and from public dues and requisitions and contributions paid for other purposes of every kind up to and including the present 6th and 5th year, because from the coming 7th and 6th year the proceeds of this property are yours who are purchasing it and having it ceded to you, and who are to be responsible for the public dues and all requisitions from the end of the present 6th and 5th year. And every one who in any manner proceeds against or claims this property, whether the whole or a part of it, I will of necessity and at once repel at my own cost, as if in consequence of a legal decision. This sale and cession, of which three copies are made, is valid, and you shall whenever you choose make it public without requiring any further approval from me, because I now approve the eventual publication, and to your question made through your father whether this is rightly and fairly done we have given our assent.' Date

and signatures of the parties to the contract and of Agathinus, the official of the record office.

2. The second name of Agathinus, as is shown by his signature in l. 32, was Ὠριγένης, which was here misspelled in some way; perhaps Ὠρωγένους was written.

ἀσχολο[υμ]ένου . . . μνημονίου: cf. 1209. 5 and, for the farmers of the ἀγορανομείον, &c., 44. 6-7 τῶν τὸ ἐνκύκλιον ἀσχολουμένων καὶ τοῦ τὸ ἀγορανομίου, 22-3 τῶν τε τὸ ἐνκύκλιον καὶ τὸ γραφεῖον ἀσχολουμένων, Wilcken, *Ost.* ii. 1053. 1 μέ(τοχοι) τελ(ῶναι) ἀγο(ρανομείου); μνημονείον as a tax is found in P. Brit. Mus. 856. 17. It is now seen that these tax-farmers could discharge the notarial functions of the agoranomus; the present document is drawn up, like others made ἐπὶ ἀγορανόμου at Oxyrhynchus, ἐν ἀγυῖᾳ, and is signed by the ἀσχολούμενος τὴν ὥνῃ with the characteristic κεχρημάτικα. In what circumstances the agoranomus was replaced in this manner is obscure. It is noteworthy in this connexion that in Heracleopolite contracts of the third century the regular phrase is δι' ἐπιτηρητῶν ἀγορανομίας.

3. ἀπηλιώτ[ο]υ: sc. τοπαρχίας; cf. 533. 17, note.

οὐδέπω οὐσα τῶν ἐτῶν: cf. 275. 8, Mitteis, *Grundzüge*, p. 251.

4. τῷ ἐαυ[τ]ῆς τιμήματι: cf. e.g. 85. 7 προσφωνοῦμεν ἰδίῳ τιμήματι, and 1200. 45 τὸ τοῦ τιμήματος τέλος, P. Leipzig 10. ii. 21. The analogy of the two latter passages suggests that here too a τέλος was in view, though it is not directly named.

5. ἐπήνεγκεν: cf. Amh. 98. 11, where ἐπνέχθ(η) κ (ἔτους) Φαῶφι follows the abstract of the cheirographon. For συνκαταχωρισθόμενον cf. e.g. 1200. 47. In the present passage too σύν must imply a ὑπόμνημα or some similar accompanying document.

6. συνβεβαιωτοῦ: cf. B. G. U. 937. 6, C. P. R. 149. 6, P. Leipzig 4. 6, 5. ii. 2.

ὑπὸ τῇ χειρὶ = in manu, commonly used of the status of married women, but also of children e.g. *Inst.* i. 12. 6 filios suos vel filias . . . sua manu dimitterent, *Cod. Just.* vii. 40. 1. 2 filiis familias . . . postquam manu paterna . . . fuerint liberati. Mitteis perhaps goes rather too far in asserting (*Grundzüge*, p. 275) that the patria potestas was to the Romanized provincial a matter of no importance.

7. Θωνίου: cf. l. 28 Θώνιος; but in l. 6 Θώνιος is given as the genitive.

10. Is(e)is is apparently masculine also in P. Brit. Mus. 188. 46.

11. τῷ β (ἔτει) Κλαυδίου κτλ.: there must be some error here, for Alexandrian coins show that Claudius reached a third year; cf. P. Strassb. 7. 21. Presumably γ should be read for β; the copyist makes a mistake in figures in l. 23 also, not to mention other inaccuracies. For [ῆ] ἀπολέλ(οι)πεν . . . λυθ[ε]ί[σ]η cf. e.g. P. Leipzig 10. ii. 12-13.

13. σὺν τ[ῷ] . . . κλήρῳ: the same mistake occurs in 1124. 21-4.

14. Cf. P. S. I. 77. 14-16 μηχανήν . . . ἐξηρτισμένην πάσῃ ξυλικῇ ἑξαρτία καὶ σιδηρώμασιν; there does not seem to be room here for σιδη[ρ]ώμασει. For καταρτία cf. P. Brit. Mus. 1164. (h) 17, 25, where the same word is meant, and e.g. Artemid. 2. 53 τὸ πλοῖον καὶ ἡ καταρτία.

16-17. προσφερῇ is apparently for προσφοράν; cf. e.g. C. P. R. 24. 8 κατὰ προσφορὰν ἀναφαίρετον, and for the combination [χ]άριν ἀναφαίρετον καὶ ἀμ[ε]τανόητον, P. Grenf. ii. 70. 7-8.

21. Perhaps π[ό]σης λιτοουργίας, but the adjective is doubtfully read, and the letter preceding λ may be a υ. ἐργασία τῶν χωμάτων is coupled with δημόσια καὶ ἀνῶναι καὶ παντοῖαι ἐπιβολαί in B. G. U. 519. 16. The following substantive was probably not ἐπιμελείας. For ἐπικλασμοί cf. P. Tebt. 373. 12, note.

22. πρόσφο[ρα] here means revenues, as in P. Tebt. 88. 15, &c., ἄλλο πρόσφορον μὴθὲν ἔχειν; cf. P. Giessen 51. 18-19 (also from Oxyrhynchus), where [τῆς] ὀνουμένης οὐ Ἀχιλλίδος, πάντα δὲ τ[ῶν] should be restored on the present analogy, and e.g. 504. 26-7, P. Leipzig 6. 12-13.

24. καθά[περ] ἐ]κ δίκης: so probably P. Giessen 51. 21 rather than καὶ δαπάναις.

24-5. Cf. e.g. 1200. 34-7. In 95. 35 a negative is to be supplied before προσδεῖσθαι.

28-9. ἕως τούτου τὸ ἀ(ντίγραφον) : ἀ(ντίγραφον) is very doubtful, but seems more suitable than χ(ιρόγραφον) or γ(ραμματεῖον). Cf. P. Grenf. ii. 70. 19 ἕως τούτου τὸ χειρόγ[ρα]φον, as rightly read by Wilcken, *Archiv* iii. p. 124. The formula ἐκτὸς τῶν προαστείων found in l. 3 of that papyrus and in others from the Great Oasis seems to be the local phrase corresponding to the Oxyrhynchite ἐν ἀγνιᾷ.

32. Cf. P. Grenf. ii. 70. 24 χρηματιστῆς κ[εχ]ρημάτικα, and 99. 12. Bry's error in supposing this use of χρηματίζειν to be confined to the Ptolemaic period (*La vente dans les papyrus*, p. 87) has already been pointed out by Mitteis, *Grundzüge*, p. 61¹.

1209. SALE OF A SLAVE.

21.5 X 12.7 cm.

A. D. 251-3.

A contract for the sale of a young female slave and her infant son at the price of 2,000 drachmae; cf. 94-5, 263, B. G. U. 193, &c., Mitteis, *Grundzüge*, pp. 192-4. The deed was drawn up, like 1208, before an ἀσχολούμενος ὦνῃν ἀγορανομείον, on whom see the note on 1208. 2.

As a small point of palaeographical interest it may be noted that in two places (l. 6 μητρό(ς), l. 15 μελίχρο(ν)) the writer of this papyrus abbreviates words without any suspension of letters or other indication of abbreviation. This method is not therefore confined to the early Ptolemaic period, as supposed by Wilcken, *Grundzüge*, p. xl; cf. Mitteis, *Chrestomathie*, p. 101.

1. γαῖου Pap. 10. ὑπαρχουσιν . . . ὑπ Pap. 16. ὑποτιτω Pap.; so in ll. 17, 22.
 19. ἱερ[ᾶς] Pap. 24. 1. πριάμενου for ἀποδομένου.

'The . . . year of the Emperors and Caesars Gaius Vibius Trebonianus Gallus and Gaius Vibius Aphinius Gallus Veldumianus Volusianus Pii Felices Augusti, Daisius Pharmouthi, at the city of Oxyrhynchus, before Aurelius Antipater also called Dionysius, farmer of the tax payable to the agoranomi. Aurelius Asclepiades also called Saras, son of Sarapion and Lucilla also called Demetria, of the city of Oxyrhynchus, aged about 32, with no distinguishing mark, has purchased from Aurelius Serenus also called Sarapion, son of Agathinus and Taposiris, of the said city, aged about 34, with no distinguishing mark, in the street, the female slave belonging to him named Tereus, aged about 21, fair, with a scar on her . . ., together with her male nursling child named . . ., who was purchased by him in accordance with a deed made through the said office of the agoranomi in the 4th year of the Philippi in the month Phamenoth from the mother of the present purchaser Aurelia Lucilla also called Demetria, daughter of Euporus son of Diogenes, her mother being Tauris also called Philumene, of the said city, and was born in her house, which slave together with the nursling the purchaser has forthwith received from the vendor just as they are and unrenounceable, free from epilepsy and external claims, Tereus having been examined as set forth in the former deed; and the price mutually agreed upon for the said slave and the nursling, 2,000 drachmae of silver of the Imperial coinage, has been received by the vendor Aurelius Sarapion also called Serenus from the purchaser Aurelius Asclepiades also called Saras from hand to hand. The vendor sells and guarantees the said slave with the nursling [on the liability of all that stands in (?) his name, as aforesaid, in the same street,

and to the purchaser's question whether this has been rightly and fairly done the vendor has given his assent.' Signatures.

3. The day of the month, as frequently happens, has not been filled in.

15. [οικογε]νήν is a justifiable restoration in spite of the final ν, for which cf. e. g. B. G. U.

13. 8 ὑγὴν καὶ ἀσινὴν, Ep. Hebr. vi. 19 ἀσφαλὴν.

17. The spelling ὑποτίθιος occurs in B. G. U. 629. 14, 1058. 12.

19. ἐκτὸς ὄντα . . . ἐπαφῆς: so e. g. P. Leipzig 4. 19, 5. ii. 8; cf. B. G. U. 887. 5, 937. 11.

The sense of *manus iniectio* for ἐπαφή in this context seems now established by P. Strassb. 79 (cf. Kübler in *Z. Sav.* xxxii. pp. 366 sqq.), which contains the passage (l. 7) ἀναπόριφο]ν (or ἀσυκοφάντητο]ν) πλὴν ἐπαφῆς. εἰάν δέ τις ἐπαφή γένηται, ἐγδικήσει ὁ ἀποδόμενος; cf. B. G. U. 887. 5-6, 17. For ἀνα[κριθίση]ς (Mitteis) cf. P. Brit. Mus. 251. 7, Leipzig 4. 15.

27. Some definition of the liability of the βεβαιωτής seems to have stood at the beginning of this line, e. g. ἐν πασὶ τοῖς ἐπ'] ὀνόματος.

29-30. Cf. e. g. P. Brit. Mus. 251. 8-10, Leipzig 4. 31; a similar restoration is attractive, as Mitteis has remarked (l. c. p. 368¹), in P. Strassb. 79. 9.

(e) ACCOUNTS.

1210. POLL-TAX REGISTER.

32.5 × 22.5 cm.

Late first century B.C.
or early first century A.D.

This text is written on the recto of 1184 in a large semi-uncial hand which can hardly be later than the reign of Tiberius and is more likely to belong to that of Augustus. There are remains of two columns, but those of the first are confined to the ends of a few scattered lines and are not worth reproducing. The second is entire and is concerned with the poll-tax in the Oxyrhynchite and other nomes. At the top of the column are two lines which gave the total of persons paying the tax in the Oxyrhynchite and Cynopolite nomes,—or rather, which were intended to give them, for the figures here and elsewhere, except in l. 12, are omitted, the document never having been completed. Below this are two other sections, one reporting the numbers of persons chosen by their parents to support them in their old age, in the same two districts; the other specifying various officials in the Tentyrite, Cynopolite, and Oxyrhynchite nomes and in the (Small?) Oasis, who were exempted on account of their official duties. Presumably these two sections stand in close connexion with the one immediately preceding them, and imply that special treatment with regard to poll-tax was accorded to persons on whom devolved the maintenance of aged parents or who served the state in certain official capacities. It further appears that the parents selected the son who was to support them; what further conditions were imposed, and whether the son enjoyed complete or only partial immunity, there is no

evidence to show. With regard to the officials, the privilege is stated to be 'customary'. Possibly these immunities, of which there seem to be no traces at a later period, were a legacy from the Ptolemaic régime (cf. P. Tebt. i. p. 447, Petrie iii. p. 174, B. G. U. 1198. ii. 7 sqq.).

11. l. βασιλικός.

13. π of τοπογραμματεῖς corr. from γρ.

'Men paying poll-tax in the Oxyrhynchite nome . .

In the Cynopolite nome . .

Men chosen by the parents from their sons to support them in old age, in the
Oxyrhynchite nome . .

In the Cynopolite nome . .

Total of these . .

Those usually absolved because of service rendered by them to the state :

The basilicogrammateus of the Tentyrite nome,

In the Cynopolite nome, ditto 1,

Topogrammateis and comogrammateis :

In the Oxyrhynchite nome . . .

In the Cynopolite nome . . .

Comogrammateus of the Oasis by [the Oxyrhynchite nome] . . .

11. It is rather strange that the *Τεντυρίτης* should be associated in this list with the Oxyrhynchite and Cynopolite nomes, which were so much further to the north.

16. τῶι: sc., probably, 'Οξύρρυγχίτη.

1211. ARTICLES FOR A SACRIFICE.

8.9 x 6.7 cm.

Second century.

A short list of objects which had been or were to be supplied to the strategus for the celebration of a sacrifice 'to the most sacred Nile'. Evidence for the cult of the Nile-god at Oxyrhynchus has already been supplied by 519. 10; there a payment of 20 drachmae to the *κωμασταὶ Νείλ(ου)* is recorded; cf. the *Νεilaia* celebrated at the temple of Jupiter Capitolinus at Arsinoë (B. G. U. 362. xv. 11) and, on Nile-worship in general, Lumbroso, *L'Egitto*, pp. 1-8. The participation of the strategus in the celebration is a point worth noting; cf. Otto, *Priester und Tempel*, ii. p. 79.

Στρατηγῶ τὰ πρὸς τὴν θυ-
σίαν τοῦ ἱερωτάτου
Νείλου Παῦνι λ.
μόσχος α, οἶνου εὐώ-
5 δη κεράμ(ια) β, λάγανα ις,
στέφανοι ις, στρόβιλοι ις,
πλακοῦντες ις,
βαῖς χλωρᾶς ις,
κάλαμοι ὁμοί(ως) ις,
10 ἔλεον, μέλι, γάλα, πᾶν
ᾄρωμα χωρὶς λιβάνου.

10. 1. ἔλαιον.

'To the strategus, articles for the sacrifice of the most sacred Nile on Pauni 30: 1 calf, 2 jars of sweet wine, 16 wafers, 16 garlands, 16 cones, 16 cakes, 16 green palm-branches, 16 reeds likewise, oil, honey, milk, every spice except frankincense.'

2. ἱερωτάτου: so e.g. 486. 32.

6. στρόβιλοι: cf. 1144. 11, B. G. U. 362. i. 7 *στροβεῖ[λων] καὶ ἀρωμάτων*, 801. 17-18 *στροβίλους δέκα [εἰς] θυσίαν*.

8. βαῖς: cf. B. G. U. 362. vii. 13, P. Tebt. 295. 11, note, and the *πάλμαι* in 519. 18.

1212. LIST OF VEGETABLES.

7.5 x 17.1 cm.

Second century.

The following short account of vegetables supplied to the archepodus of the village of Pela is written on the verso of an order for arrest in two lines, of which the text is: 'Ἀρχεφ[ό]δωι Πέλα· πέμψον Θέωνα Θέωνος καὶ Ἀπολλώνιαν δούλ(ην) α(ὐτοῦ) ἐντυχόντος Μηνάτος (cf. e.g. 969). Below the second line there is a long row of crosses, and the writing is across the fibres, as is also that of the verso,

Τοῦ ἀρχεφόδου τ[ῆ]ς
Πέλα διὰ Διογᾶτος
φ[ύλα]κος ἀπὸ Σεντώ·
ἀσπαράγου δέσμ(αι) ιθ,
5 θρύδακ(ος) δέσμ(αι) β,
γονγύλ(η)ς δέσμ(αι) β,
ῥαφάνου δέσμ(η) α,
/ κδ.

'For the archepodus of Pela through Diogas, guard, of Sento: 19 bundles of asparagus, 2 bundles of lettuce, 2 bundles of turnips, 1 bundle of radishes, total 24.'

4-6. ἀσπάραγος occurs in 736. 36, and γονγυλίς (cf. l. 6) is mentioned in l. 5 of that papyrus. θρίδαξ is the usual spelling, e.g. P. Tebt. 112. 11.

(f) PRIVATE CORRESPONDENCE, ETC.

1213. QUESTION TO THE ORACLE.

2.7 x 5.7 cm.

Second century.

A question addressed to the oracle of Zeus-Helios-Sarapis by a man in doubt about marriage. Cf. 1148-9, and for another example on the same subject, Wessely, *Script. Gr. Spec.* 26, re-edited by Wilcken, *Chrestomathie*, p. 150. The writing is across the fibres.

[Διὲ Ἡ]λίῳ μεγάλῳ Σαράπιδι
[καὶ] τοῖς συννόοις θε-

[οἷς.] ἀξιοῖ Μένανδρος

[εἰ] δέδοται μοι γαμῆσαι.

5 [τοῦ]τό μοι δός.

On the verso

Μενάνδρου.

5. s of δός corr.

'To Zeus Helios, great Sarapis, and the associated gods. Menandrus asks, is it granted me to marry? Answer me this.'

4. δέ]δοται rather than δι]δοται is probably to be restored in Wessely, *Script. Gr. Spec.* 26. 2-3.

5. δός: cf. 1149. 9, note.

1214. INVITATION TO A BIRTHDAY-FEAST.

8.6 x 9.6 cm.

Fifth century.

This formal invitation has an interest as being considerably later in date than those previously published, which are all of the Roman age; cf. e. g. 110-11, 524, 747, 926-7, Wilcken, *Grundzüge*, p. 419. The present example shows a different formula, beginning with an address like a letter.

Τῷ κυρίῳ [μ]ον Μακαρίῳ

Γεννάδιος σπεκ(ουλάτωρ).

φεδρύνων τὴν π[α]νήγυριν

τῆς γενεθλίου τοῦ υἱοῦ μου Γεννα-

5 δίου καταξίωσον ἅμα ἡμῖν

συνδιπνήσαι τῇ 15 ἀπὸ

ῥ(ας) ζ.

2. 1. φαυδρύνων.

'To my lord Macarius from Gennadius, *speculator*. Deign to gladden the birthday festival of my son Gennadius by dining with us on the 16th at 7 o'clock.'

1. There would be room for two or three letters of an abbreviated title after Μακαρίῳ.

2. σπεκ(ουλάτωρ): cf. 1193. 1, 1223. 21.

1215. LETTER OF SINTHONIS.

12.5 × 13 cm.

Second or third century.

An illiterate letter written in a rather large uncultivated hand.

Σινθονις Τηρης τῷ ἀδελφο χαίριν.
καλῶς πνήσις ἐλθὼν πρὸς αἰμαὶ
ἄχρι τὰ πράγματα κατασταλῇ,
αἰὰν δ' ἄρα μή, μὴ ἀπέλθης εἰς τὸ
5 Σατύρου, αἰπεὶ γὰρ ἀκούομεν ὅτι
κακὰ μέλλι πράσ(σ)ι(ν). ἀσπάζεται σαι
Σαραπίων.
αἰροσθέ σαι. Τῦβι ιε.

On the verso

ἀπόδος	ἀπὸ
10 Τηρή	Σινθόνις.

1. l. Σινθώνις Τηρεῖ . . . ἀδελφῶ. 2. κ Of καλως corr. 1. ποιῆσ(ε)ις . . . ἐμέ. 4. l. εἰάν.
5. l. ἐπεὶ. 6. l. σε. 8. l. ἐρῶσθαί σε. 10. l. Σινθώνι(ο)ς.

'Sinthonis to her brother Tereus, greeting. Please come to me until matters are arranged, but if not, do not go to the house of Satyrus, for we hear that he is going to get into trouble. Sarapion greets you. Good-bye. Tubi 15. (Addressed) Deliver to Tereus from Sinthonis.'

1216. LETTER OF SARAPAS.

18.5 × 9.8 cm.

Second or third century.

A letter to a sister, who is rebuked for having neglected to write. She seems to have been lately married. As in 1215, the spelling is erratic.

Σαραπάς Διωγενίδι τῇ
ἀδελφῇ χαίρειν.
αἰγὼ εὔχομαι αἰεὶ πᾶσει
τοῖς θεοῖς περὶ σοῦ καὶ ἀπὸ
5 μικρόθεν σὺ οἶδ' αὖ μου τὴν
προαίρεσιν κὰν μή σοι γράφω,

σὺ δαὶ οὐκ ἡξίωσάς μαι ἀσπά-
σασθε δι' ἐπιστωλῆς. ἐνιαυ-

τὸς σήμερον ἐκτὸς σοῦ εἰμί,

- μα
10 ἐς τώδε αἰμὲ οὐκ ἡξίωσας πα
ρὰ πάντας αἰπὶ τῷ δηλωσέ
μοι περὶ σοῦ καὶ περὶ τοῦ ἀδελ
φοῦ Ὀρίωνος πῶς ἔχων, λείαν
γὰρ φιλῶ αὐτόν. ἦ καὶ ἀρσενει-
15 κὸν ἡμῖν ἀφίκατα[ι:] τουτω γὰρ
εὔχομαι ὑμᾶς ὁμονοεῖν,
ἐν πᾶσι ἄξειοι ὄντε[s.] καὶ νῦν
δήλωσόν μοι περὶ ὧν χρίαν
αἴχεται παρ' ἐμοί, θεῶν γὰρ θε
20 λόντων σπεύδω ἐξορμῆσαι
πρὸς ὑμᾶς. ἀσπάζ[ομαι ὑμᾶς
πάντας. ἐ[ρ]ροσθ[αί σε εὔχομαι.

On the verso

Διογενίδι

ἀδελφῇ.

1. l. Διογενίδι; so in l. 23. 3. l. ἐγώ. 7. l. δὲ . . . με ἀσπάσασθαι. 8. l. ἐπιστολῆς.
ἐνιαυτόν. 9. ε of εἰμι corr. from α. 10. l. τώδε ἐμέ. 11. l. ἐπὶ . . . δηλωσαι. 13. ν of
λείαν above the line. 15. l. ἀφίκατε; τοῦτο. 16. l. εὔχομαι . . . ὁμονοεῖν. 17. l. ἀξίους
ὄντα[s.] 19. l. ἔχετε. ω of θεων corr. 22. l. ἐ[ρ]ρωσθ[αί.

'Sarapas to his sister Diogenis, greeting. I pray always to all the gods for you, and you know from close experience my good-will even though I do not write to you; but you have never thought proper to send me greetings in a letter. A year to-day I have been away from you and all the time you have not thought proper to give me tidings about yourself or your brother Horion, how he is; for I love him greatly. Have you produced us a male child? For I pray that you may agree in this, as you entirely deserve. Tell me now about anything here that you want, for with the help of the gods I am hastening to set out to you. I greet you all. I pray for your health. (Addressed) To my sister Diogenis.'

5. *μακρόθεν* will give a sense, but does not occur, and *μακρόθεν* was perhaps meant.

9-10. The purpose of the interlineated letters is obscure. ε of εἰμι, which seems inevitable, has been corrected from α or vice versa. μα cannot be read as ἀλλά in l. 10.

11. αἰπὶ is dubious. πάντα σαι τοι might be read, but is meaningless; σαι αὐτῷ is not possible.

13. Horion was probably the husband of Diogenis.

1217. LETTER OF EUDAEMONIS.

8.5 × 11.6 cm.

Third century.

A short formal letter of greeting. The writing is across the fibres of the papyrus.

Εὐδαιμονὶς Πτολεμαίῳ τῷ κυρίῳ
χαίρειν.
καὶ νῦν διὰ τούτων μου τῶν γραμμάτων
γράφω σοι, πρῶτον μὲν ἀσπασομένη σ[ε],
5 ἔπιτα εὐχομένη παρὰ πᾶσι θεοῖς ὑγιαίνοντά
σε καὶ εὖ διάγοντα ἀπολαβεῖν μετὰ
τῶν ἡμῶν πάντων. ἀσπάξομαι Παλλάδα
καὶ Νεῖλαν καὶ τοὺς ἡμῶν πάντας.
ἐρρῶσθαί σε εὐχομαι).

On the verso

10 Πτολεμαίῳ π(αρά) Εὐδαιμονίδ[ι]ος.

'Eudaemonis to my lord Ptolemaeus, greeting. I am again writing you this my letter, first sending you salutations, and secondly praying to all the gods that you may receive them in health and prosperity along with all our friends. I salute Pallas and Nila and all our friends. I pray for your health. (Addressed) To Ptolemaeus from Eudaemonis.'

1218. LETTER OF DIDYMUS.

10.7 × 10.2 cm.

Third century.

A letter to a father from his son who reminds him of some farming operations and gives him domestic news. The writing is across the fibres.

Δίδυμος Χαιρήμονι τῷ πατρὶ πλεῖστα
χαίρειν.
μὴ ἀμελήσης περὶ τῶν ἔργων τῆς γεού-
χου καθὼς ἐδεήθης, οἶδα γάρ σου τὸ σπου-
5 δεον καὶ ἐπι(ει)κές. οὐδὲν δύσκολον ἔνι ἐ-
πὶ τῆς οἰκίας σου. ἡ μήτηρ μου Θαῆσις
εἰς Ἀντινόου, δοκῶ, ἐπὶ κηδῖαν ἀπήλθεν.

περὶ οὐτινος αἰὲν χρήξης ἡδέως ποι-
 οὔντι ἀνόκνως δῆλωσον. ἄσπα-
 10 ζε πολλὰ τὸν φίλτατον Φούλλωνα καὶ
 τὰ ἀβάσκαντα αὐτοῦ παῖδια καὶ τὴν σύμβι-
 [ο]ν καὶ οὗς ἡδέως ἔχομεν κατ' ὄνομα.
 [ἀσ]πάζοντέ σε οἱ σοὶ πάντες οἱ οἰκτοί σου
 [καί] τὰ παῖδιά σου. ἐρρῶσθαί σε εὖχομαι.

On the verso

15 Χαιρήμ(ονι) . . . [.] . . [

4. l. σπουδαῖον. 8. l. ἐάν. 13. l. [ἀσ]πάζονται.

'Didymus to his father Chaeremon, very many greetings. Do not neglect the things to be done for the land-holder, as you desired, for I know your goodness and reasonableness. There is nothing unpleasant at your house. My mother Thaësis went, I think, to Antinoöpolis for a funeral. Tell me freely about anything which you want and I will do it gladly. Give many salutations to my dearest Phullon and his children, whom the evil eye shall not harm, and his wife and those whom we love severally. All your relatives and your children salute you. I pray for you health.'

7. εἰς Ἀντινόου: cf. P. Tebt. 416. 6, 417. 26.

9. ἄοκνος is the usual form. For the active ἄσπαζε cf. 1158. 18, note, P. Leipzig 111. 18.

15. π(αρά) Διδύμου is expected, but the traces are really too slight for recognition.

1219. LETTER OF ARISTANDRUS.

24.1 × 12.5 cm.

Third century.

A letter from Aristandrus, of Oxyrhynchus, to his son Apion, basilicogrammateus of the Letopolite nome, recommending to the latter's good offices a person who is described as 'our son' but was not actually so related to the writer, since it is clear that the real father was dead; cf. P. Giessen iii. p. 53¹.

Ἀρίστανδρος Ἀπίωνι τῷ
 υἱῷ χαίρειν.
 Θέων ὁ υἱὸς ἡμῶν παραγίνεται
 πρὸς σὲ πορευόμενος εἰς τὴν Νει-
 5 κίου ἔνεκα ἀναγκαίου αὐτοῦ μετε-
 ὠρον ἴσως δὲ καὶ σὺ ἐπίστασαι ἔτι πά-
 λαι ἀπὸ τοῦ πατρὸς αὐτοῦ περιῶν.

δὲ νομίζω γεγραφέναι σοι περὶ αὐ-
 τοῦ. καὶ γὰρ σὺ αὐτὸν φιλεῖς καὶ δι' αὐ-
 10 τὸν καὶ διὰ τὴν μνήμην τ[ο]ῦ πα-
 τρὸς αὐτοῦ. ἀλλὰ οἶδα ὅτι καὶ ταῦτά
 μου τὰ γράμματα πόλλ' αὐτὸν ὠφε-
 λήσει, εἴ τινος [ο]ῦν ἔαν χρεῖαν ἔχῃ
 εἴτε πρὸς Ἀπ[ί]ωνα τὸν τοῦ Προσωπίει-
 15 του βασιλικὸν εἴτε πρὸς ἕτερόν τινα,
 ἔαν δεή[σῃ] καὶ αὐτοῖς γράψαι μὴ ὑπερ-
 θῇ. (2nd hand) ἐρρῶσθαί [σε] εὐχομαι,
 τέκνον, εὐ[τ]υχοῦντά
 δι' ὅλου.

On the verso

20 Ἀπίωνι υἱῶι βασιλικ(ῶ) γραμματεῖ) Λητοπολ(ίτου)
 π(αρά) Ἀριστάνδ(ρου) Ὁξ(υρυγχίτου).

7. 1. περιόντα.

'Aristandrus to his son Apion, greeting. Theon our son is coming to you on his way to the city of Nikias on account of a pressing incompleated negotiation of which you have perhaps been aware long since from his father; I think that he wrote to you about it while he was still alive. Indeed you love him both for his own sake and for his father's memory. But I know that this letter of mine also will be of much help to him, if he wants anything either with Apion the basilicogrammateus of the Prosopite nome or with any one else, if you will ask them and not delay to write to them. I pray for your perpetual health and prosperity, my son. (Addressed) To my son Apion, basilicogrammateus of the Letopolite nome, from Aristandrus of Oxyrhynchus.'

4. The mention in l. 14 of the *Προσωπίτης* is, as Wilcken remarks, a sufficient indication that τὴν Νεκίου here means Νικίου πόλις, the capital of that nome; cf. e.g. Ptol. iv. 5. 49 *Προσωπίτης νομὸς καὶ μητρόπολις Νικίου*, B. G. U. 939. 5. Theon travelled through the Letopolite nome (l. 20) to Nikiu in the Prosopite nome.

5. *μετεώρου*: cf. 238. introd., P. Fay. 116. 12, &c.

16. *δεή[σῃ]*: the first letter appears to be either α or δ; *θελ[ης]* is unsuitable.

1220. LETTER OF A BAILIFF.

21.7 × 8.7 cm.

Third century.

A letter from a steward or agent enclosing some accounts and giving other information, and asking for various supplies. In the left-hand margin there are some indications of a previous column, which perhaps contained the accounts

referred to; and the verso also is inscribed with 22 lines, incomplete on both sides, of an account, but it is in a ruder hand than that of the recto, though it corresponds well enough with the description in ll. 3-5. Most of the entries refer to payments made to *καιναιοται* (*κενεωται*?) *αναψωντες εις υποδοχείου* or *ἐν τρόχῳ* who received a uniform wage of 2 drachmae. A curious reference to a hippopotamus occurs in ll. 20 sqq. of the letter.

] Τῷ κυρίῳ μου Θεώνι
[Εβ]δόμῳ χαίρειν.
[ἀ]νέπεμψά σοι διὰ σημι-
[ώ]σεως τὸ καθ' ἡμέραν τοῦ ἀν-
5 αλώματος ἢν' εἰδῆς. ἡ δο-
κῇ σοι, κύριέ μου, πέμψε μοι
κέρμα εἰς τὰ γινόμενα
παρ' ἐμοὶ ἔργα τῆς κ(αρπ)οφορίας
καὶ ἄλλων ἔργων; καὶ περὶ τῆς
10 λέξης τοῦ οἴνου οὐ ἔγραψές
μοι οὐδὲν βλέπω φαύλου παρ' ἐ-
μοί. περὶ γὰρ τοῦ πάκτωνος
ἐπισκευάζεται εἶνα με-
τενέγκω τὸν οἶνον τοῦ
15 Σίληνου. πέμψις μοι τοὺς

ἐκχυσιαίους ἡλους καὶ γλυοῦ
κεράμιον α εἰς τὰ ἔργαλια
τῶν μηχανῶν καὶ τοῦτο
συνφέρει εἶνα μὴ ἀπόληται
20 ἀμελία. οὐδὲν ἠφάνισεν
ὁ ἵπποποτάμις, ἥ τι γάρ ἐστιν
περιέργου, ἐφίσταμε αὐτῶν.
καὶ περὶ τῶν χωρίων, ἐὰν παρα-
γένῃ σὺν θεῷ, μαθήσι τὴν
25 διάθεσιν αὐτῶν.
ἐρρωσθαί σοι εὐχομαι,
κύριέ μου, εὐτυχοῦντα.
μαθήσεται διὰ τῶν λόγων τοῦ [
καθ' ἐν ὧς περιέχει τὸ πι[τ-
30 τάκιον.

'To my lord Theon from Hebdomus (?), greeting. I send for your information in some notes the journal of expenditure. Would you be pleased, sir, to send me some money for the business of harvesting going on here and the other business? With regard to the collection of the wine about which you wrote to me, I see nothing bad in my behaviour; for the boat is being prepared in order that I may transfer the wine of Silenus. You will send me the nails for emptying (?) and a jar of gum for the tools of the machines; this will be of use to prevent their perishing of neglect. The hippopotamus has destroyed nothing, for if there is any superfluity, I watch over the place. About the fields, if you come, D. V., you will learn their condition. I pray, sir, for your health and prosperity. The accounts will show the details as contained in the memorandum.'

16. What *ἐκχυσιαίος* as applied to *ἡλοι* denotes is obscure. The adjective occurs only here.

21. *ἵπποποτάμις* seems to be a combination of the alternative forms *ἵππος ποτάμι(ο)s* and

ἱπποπόταμος. I am not aware of other references to the animal in Greek papyri; possibly its persistence at Oxyrhynchus is to be connected with the local cult of Thoëris.

28-30. The papyrus is damaged in front of these lines, but there is apparently no loss of letters.

1221. LETTER OF ISIDORUS.

12.4 × 7.6 cm.

Late third or early
fourth century.

This letter, in which Demetrianus is informed where the corn-dues of the western toparchy were being paid, perhaps belongs to the category of official rather than private correspondence. Both the writer and the recipient were probably public functionaries of some kind.

Κυρίῳ μου ἀδελφῷ
 Δημητρίανῳ
 Ἰσίδωρος χαίρειν.
 τὰ μετρήματα τῆς
 5 πρὸς λίβα ἐν τῷ Παραί-
 τονίῳ διὰ τῶν ἐκεῖ
 γεωργῶν κατὰ τὸ ἔθος
 μετρεῖται. τῷ οὖν
 Ζωιλᾷ μὴ ἐνόχλει
 10 περὶ τούτου.
 ἐρ[ρ]ῶσθαί σε
 πολλοῖς χρόνοις
 εὐχομαι.

‘To my lord and brother Demetrianus from Isidorus, greeting. The deliveries of the western toparchy are being measured in at Paraetonium by the cultivators there according to custom. Do not therefore worry Zoilas about this. I pray for your lasting health.’

4-5. τῆς πρὸς λίβα: sc. τοπαρχίας. For Παρατόνιον cf. 653.

1222. LETTER TO DEMETRIUS.

6.3 × 25.8 cm.

Fourth century.

The writer of this letter asks his son to send a colt and some medicines with which to treat it. The writing is across the fibres of the papyrus.

Ἰσίδωρος Δημητρίῳ υἱῷ χαίρειν. δὸς τῷ ἀδελφῷ Ἀμ(μ)ωνιανῷ τὸν πῶλον
 εἶνα ἐνεχθῇ μοι καὶ τὸ ἄλας τὸ ἀμ(μ)ωνιακὸν τὸ τετριμ(μ)ένον καὶ τὸ ἄτριπτον
 καὶ τὸ σπέρ-
 μα τοῦ ὠκίμου εἶνα θεραπεύσω αὐτὸν ὧδε ἔξω, ἐπὶ γὰρ ἡξιώθην ὑπὸ τοῦ
 πατρός μου Ποσιδωνίου παραμεῖναι τῇ ἀπετήσῃ τὰς πέντε ἡμέρας ταύτας·
 5 καὶ πέμψον ἐμοὶ περὶ ἡ(ς)τινος χρέαν ἔχεται. ἐρρῶσθαι ὑμᾶς εὐχο-
 με πολλοῖς χρόνοις.

1. ὕω Pap. 4. 1. ἀπαιτήσῃ. 5. 1. οὐτινος (?) χρεῖαν ἔχετε . . . εὐχομαι.

‘Isidorus to his son Demetrius, greeting. Give your brother Ammonianus the colt to be brought to me and the salt of ammonia, both the pounded and the unpounded, and the basil-seed, in order that I may doctor him away here, for I have been asked by my father Posidonius to stay for the collection during these five days; and send to me about anything you need. I pray for your lasting health.’

3. αὐτόν: sc. τὸν πῶλον rather than Ἀμμωνιόν; cf. e. g. P. Flor. 222. 10 sqq. ἐπὶ is of course for ἐπεί, the γάρ being redundant, as e. g. in 1215. 5.

1223. LETTER OF HERMIAS.

26.9 × 9.3 cm.

Late fourth century.

The chief point of interest in this letter, which was written by a man in financial difficulties, is the ratio given in ll. 31 sqq. between the current values of the gold solidus and the μυριάς of drachmae or denarii. A date in the second half of the fourth century is suggested by the handwriting, and the great depreciation of the μυριάς makes it probable that the century was nearing its close; cf. the note *ad loc.*

Κυρίῳ μο[υ ἀδελφῷ Ὁρίων]ι
 Ἑρμείας.
 θαυμάζω εἶπερ ὁ ἀποστελλό-
 μενος πρὸς σὲ τὸ πλοῖον
 5 τὸ τοῦ γεούχου καταλαμβάνει
 παρὰ σοί. πλὴν ἔαν διὰ
 ἀμέλιαν τινὰ καταλάβῃ,
 σπούδασον πάραντα τὸν
 ναύτην ἐπὶ τὴν πόλιν
 10 ἅμα τῷ πεμφθέντι συμμάχῳ

20 ἀπουσίαν τοῦ γεούχου ὑπὸ τοῦ
 φορτικοῦ Ἀμμωνίου σπεκουλά-
 τορος καὶ τοῦ ἐπαρχικοῦ. εἴ τι δὲ
 ἀργύρια ἔχεις παρὰ σοί ἢ ὅλο-
 κόττινα, ἐν τάχει ἀπόστειλον·
 25 τοσαύτας γὰρ προσδοχὰς χρε-
 ωστοῦμεν, καὶ οὐκέτι πιστευ-
 ὀμεθα, ἔαν μὴ εὐγνωμονή-
 σωμεν. πέμπων δὲ δήλωσον
 τοῖς σοῖς παρασχεῖν μοι τὴν ὑπ(ο)-

- ἐκπέμψαι. ἀλλ' ὅρα μὴ
 ἀμελήσης. ἡ καὶ εὐδία ἐστὶ
 καὶ τὸ πλοῖον ἀνενέγκε οὐ
 δύναται ἐν τῇ σήμερον,
 15 αὐτὸς ὁ ναύτης ἀπαντήσῃ
 πρὸς χιρογραφίαν, οὐκ ὀλίγως
 γὰρ ἐνοχλούμεθα. ἐὰν δὲ ἀμελή-
 σης, ὁ οἶκος ἡμῶν περιστάσι
 κοινωνεῖν μέλλει διὰ τὴν
 30 λοιπάδα[[ν]] τοῦ οἴνου καὶ τῆς καθό-
 λου μονάδαν μίαν ἤμισυ. ὁ
 ὀλοκόττινος νῦν μυ(ριάδων) βκ
 ἐστίν· κατέβη γάρ. μὴ ἀμελή-
 σης ἐν τῇ σήμερον τὸ πλοῖον
 35 ἢ τὸν ναύτην ἀποστῆλαι. ἐρ-
 ρῶσθαί σε εὖχομαι
 πολλοῖς χρόνοις, ἀδελφε.

On the verso

κυρίῳ ἀδελφῷ

᾽Ωρίωνι ᾽Ερμείας.

11. ἀλλ· Pap. 16. ουκ· Pap. 20. ὑπο Pap. 24. αποστιλῶ Pap. 28. δηλωσῶ
 Pap. 29. ν) Pap. 34. πλοιῶ Pap.

‘To my lord and brother Horion from Hermias. I am surprised if my messenger finds the boat of the landlord with you; if, however, owing to some carelessness he finds it there, make haste to send the sailor to the city at once with the attendant whom I have sent. See that you do not neglect this. If it is calm weather and he cannot bring back the boat to-day, let the sailor himself return in order to make a bond, for I am being worried not a little. If you neglect it, our house is likely, owing to the absence of the landlord, to be brought to a critical pass through the tiresome Ammonius the *speculator* and the praefect’s assistant. If you have any silver coins with you or solidi, send me them quickly, for I owe on account of so many obligations and I am no longer trusted, unless I behave fairly. Send and tell your people to hand over to me the remainder of the wine and one and a half units of the general account. The solidus now stands at 2,020 myriads; it has come down. Do not neglect to send the boat or the sailor to-day. I pray for your lasting health, brother. (Addressed) To my lord and brother Horion from Hermias.’

12 sqq. A sense may be obtained by taking ἦ as the interrogative particle, ‘Do you pretend that the boat cannot be brought in fair weather like this?’ But probably Wilcken is right in supposing that ἡ here represents εἰ, although this mistake is avoided in ll. 3 and 22.

22. Being coupled with a *speculator* (cf. 1193. 1, &c.) this ἐπαρχικός is perhaps more likely to be a person in the service of a military praefect than an official of the ἐπαρχία.

25. προσδοχάς: cf. e. g. C. I. G. 1329 προσδεξαμένου τὸ ἀνάλωμα.

27. For εὐγνωμονήσωμεν cf. e. g. P. Fay. 124. 9, 21, B. G. U. 970. 24.

30. τῆς καθόλου is obscure.

31-3. The very low value of the μυριάς shown by this passage points to a late date in the fourth century. Other fourth-century equations cited by Wessely, *Altersindiz. im Philogelos*, pp. 32-3, are 62, 72, and 110 myriads to the solidus; but a papyrus which he attributes to the fourth or fifth century (p. 46) gives νο(μισμάτιον) α παρὰ β μυ(ριάδας), and 1133. 8-9 shows that in the year 396 A.D. 600 myriads were considerably less than four solidi, and in the light of the present passage it is more probable that they were really less than one. κατέβη implies that the value of the ὀλοκόττινος had lately been relatively higher. Cf. P. Giessen 47. 28-9 τὸ ἄσημον (sc. ἀργύριον?) νῦν ἐστ(ι) (δραχμῶν?) . . .

Handwritten notes in the top right corner, including the number 1176 and various symbols and characters.

Main body of handwritten text, organized into several columns. The script is a cursive or shorthand style, possibly a form of shorthand or a specific dialect. The text is densely packed and covers most of the page area.

EGYPT EXPLORATION FUND

GRAECO-ROMAN BRANCH.

THE EGYPT EXPLORATION FUND, which has conducted Archaeological research in Egypt since 1882, in 1897 started a special department, called the *Graeco-Roman Branch*, for the discovery and publication of remains of classical antiquity and early Christianity in Egypt.

The *Graeco-Roman Branch* issues annual volumes, each of about 250 quarto pages, with facsimile plates of the more important papyri, under the editorship of DR. HUNT.

A subscription of One Guinea to the *Graeco-Roman Branch* entitles subscribers to the annual volume, and also to the annual *Archaeological Report*. A donation of £25 constitutes life membership. Subscriptions may be sent to the *Honorary Treasurers*—for England, Mr. J. GRAFTON MILNE, 37 Great Russell St., London, W.C.; and for America, Mr. CHESTER I. CAMPBELL, 527 Tremont Temple, Boston, Mass.

PUBLICATIONS OF THE EGYPT EXPLORATION FUND.

MEMOIRS OF THE FUND.

- I. THE STORE CITY OF PITHOM AND THE ROUTE OF THE EXODUS. For 1883-4. By EDOUARD NAVILLE. Thirteen Plates and Plans. (*Fourth and Revised Edition.*) 25s.
